GREEKS DEFIANT

Even the Vice-Consul at Canea Snaps His Fingers at the Powers.

THE ITALIANS OPEN FIRE

Guns of One of Italy's War Vessels Directed Toward the Christians. The Reply to the Identical Note of the Six Powers Not Satisfactory to Austria—France Wants Time for Consideration.

London, March 9.—The Westminster Gazette publishes a despatch from Canea, Crete, saying the Greeks have been ordered by the commander of the united fleets to leave that place immediately.

The Greek vice consul at Canea, who is included in this order, has replied that he will submit only to force, which the despatch adds, will be employed by the powers if necessary to compel obedience to the order.

Canea, March 9.—Advises from Hierapetra, on the south coast of the island of Crete, say that Mussulmans in possession of that town were summoned to surrender by the Christian insurgents who were investing the town and the Mussulmans refused to do so. The insurgents then fired a volley into the fort which was held by the Mussulmans, whereupon an Italian cruiser lying of the town fired on the insurgents, compelling them to retire.

Vienna, March 9.—The Greek reply to the identical note of the six great powers has been received at the ministry of foreign affairs, where it has been most carefully considered. It is not considered at all satisfactory, as it is evasive, Greece apparently being desirous of shading the very points upon which the identical note was based.

London, March 9.—An extra session of the cabinet to consider the new Cretan situation arising from Greece's practical refusal to accede to the demands of the powers was held this evening in one of the private rooms at the house of commons. After the meeting Prime Minister Salisbury went to the foreign office, where he was visited by Count Deym, the Austrian ambassador. Later Lord Salisbury sent telegraphic messages to the foreign capitals and to Admiral Sir Michael Culme-Seymour, commander in chief of the British Mediterranean squadron.

GREEK VICE CONSUL VACATES

Canea, March 9.—M. Barkalis, the Greek vice consul, the staff and consulate and a number of Greek newspaper reporters embarked upon a vessel this evening to return to Greece. The Italian admiral hostilities that his order that they leave the island must be obeyed.

Major Bor, the British officer who was recently appointed to the command of the force to restore order in Crete, has refused to disband the force at the bidding of the international commission. He declares that he will not abandon his post until he is ordered by the Sultan to do so.

GREAT BRITAIN'S ATTITUDE

London, March 9.—As the house of commons was on the point of adjourning this evening Sir William Vernon Harcourt, the leader of the Liberal party arose, and while disavowing any desire to embarrass the government he expressed its judgment on the matter.

Mr. Arthur Balfour, the government leader, in reply said that the course demanded by the opposition was extremely inexpedient and absolutely contrary to precedent. The government was most anxiously desirous of an amicable settlement. It was in every way conscious of its responsibility, and was acting in the firm belief that it was pursuing a policy that would bring liberty to Crete and preserve the peace of Europe. It was not prepared to imperil either by a pledge which might hamper its action at a critical moment.

Big Fire at Huntingdon.

Huntingdon, Pa., March 9.—Fire last night at Mapleton, destroyed the general store and dwelling of J. L. Hartwick and the dwelling of the late W. H. Rex. The total loss is \$6,500, partly insured. For a time the fire threatened to destroy the whole town.

Scarlet Fever Epidemic.

Haverhill, Mass., March 9.—Scarlet fever is prevalent in Groveland, and the high school there has been ordered closed. One death occurred last night, and there are several children seriously ill.

Kolumbar Inhabited Gas.

New York, March 9.—Michael Kolumbar, 35 years old, of Suffieldbridge, Pa., was found dead in his room today at the Landsman's hotel. It is supposed that he committed suicide by inhaling gas.

Cattle Dealer Fails.

Lancaster, Pa., March 9.—Adam Diller, of New Holland, a farmer and dealer in horses and cattle, failed today. His liabilities exceed \$35,000, probably covered by assets.

ADVISED TO LEAVE ATHENS.

Some of the Greek Ministry Suggest That Foreigners Depart. Athens, March 9.—Some of the foreign ministers here have recommended

that all foreigners in Athens leave the city while they may do so safely. This recommendation has provoked an indignant protest from the Athens newspapers, which declare that there is not the slightest danger, nor is there likely to be.

Foreign residents have been inclined to take the view of the newspapers rather than that of the minister, and few, if any, have left the city or made preparations to do so. A telegram received here today says that a Macedonian leader at the head of 120 men had a fight on Saturday with a detachment of Turkish troops near Givenna, Macedonia, not far from the frontier. The Macedonians were victorious and captured the Turkish position.

GIRL SHOT FROM AMBUSH.

Pierced by a Ball While Standing at Her Door. Kingswood, W. Va., March 9.—Rachel Tanner, the pretty daughter of Nathan Tanner, was cruelly shot down by an unknown person yesterday morning. She was standing on the porch of her father's farm house a few miles from here, when, without warning, a shot from the bushes above the house sent a rifle ball through her left breast, which will doubtless cause her death.

The young woman was able to tell her parents where she had seen the smoke of the gun, and the search revealed the tracks of the assassin behind the clump of bushes. The tracks were followed to the road and lost.

The family well to do, the young woman popular in the neighborhood and her friends are making every effort to arrest the would-be murderer. It is said Miss Tanner is the principal witness in a law suit that threatens were made against her life, and another story is that the tracks indicated that a woman had done the deed. Miss Tanner has a rival who may have fired the shot, thereby hoping to gain the hand and affection of her mountain lover. Bloodhounds have been sent to trail the murderer down.

PRACTICE AT CARSON.

The Athletes Improving the Hours in Developing Muscle—Dan Stuart Annoyed by False Reports.

Carson, Nev., March 9.—Reference George Siler has been comparing notes for several days with Fitzsimmons and Corbett in reference to the Queensbury rules, and tomorrow he will prepare a resume of his conclusions for publication. In this digest, the rules will be taken up serially and explained clearly for the information of the public.

The snow melted under the sun today and the roads are once more drying. Corbett and Fitzsimmons put in three hours this morning practicing preparatory to their regular training. Neither of the heavyweights show any disposition to let up in their work before the end of the week, despite the warning of their trainers. The impression seems to obtain that the battle will be a long one, and the principal are determined to fit themselves for the full route.

Just to show that he could hit, Jim disabled two punching bags in ten minutes this morning. He went through the entire bill of fare from hand ball to wrestling without a pause. Fitzsimmons did not permit his domestic cares to interfere with his training. The afternoon programme began with a little hand ball, and in a few minutes were devoted to bag punching of the vicious order before the wrestling mat was spread. Once through with Rasher at this game Bob went for Hickey and Sander, with the gloves, taking them on in turn for eight three minute rounds each. He was frisky as a kitten while being rubbed down and made no complaint about sore joints.

Dan Stuart was annoyed today by a report telegraphed to him from the States that he had quarreled with United States District Attorney Jones over money matters, and that in consequence there was a possibility of federal interference before the big fight could be pulled off.

"The fact of the matter is this," asserted Stuart. "Mr. Jones has performed considerable legal work for me, checked my rights, Mr. Whookey this morning and handed over the money. There was no quarrel, and no threats were made. That is the whole story."

Spain's Other War.

Madrid, March 9.—A despatch received here from Manila summarizes the report of the nature of the battle in the Philippine Islands by the government troops. General Zaballa, of the Spanish force, was killed while leading the attack upon the insurgent position. A Spanish lieutenant killed and thirty wounded, and the insurgents had seventy-six killed.

Oppose Anti-Scalpers' Bill.

Utica, March 9.—Four hundred commercial travelers from all parts of the country attended the annual meeting of the Commercial Travelers' Mutual Accident association of America here yesterday. Action was taken protesting against the Anti-Scalpers' bill in the state legislature, and a committee was appointed to oppose the bill at Albany.

Big Fire at Huntingdon.

SPAIN RECOGNIZES UNCLE SAM AT LAST

News of Correspondent Scovel's Release Has Been Received.

THE NEW PROGRAMME OF SPAIN

It is Thought That All Americans Will Be Released Within a Short Time—Mrs. Ruiz Arrives in New York—Her Case Will Be Placed Before the New Administration.

Washington, March 9.—Secretary Sherman today received the following cable from Consul General Lee at Havana announcing the probable release of the New York newspaper correspondent, Scovel:

"Informé Scovel will be released today."

Scovel was arrested in Santa Clara province nearly two months ago just after leaving Gomez's camp. He was at first charged with being a spy and had been kept under strict surveillance ever since, notwithstanding Consul General Lee's efforts to secure his release. There are evidences that his release following so closely upon that of Sanguily is part of a programme on Spain's part to release all Americans within a short time.

MRS. RUIZ ARRIVES.

New York, March 9.—Mrs. Rita Leachon Ruiz, the widow of Dr. Ricardo Ruiz, an American citizen who died in a Spanish military prison at Guantanamo, Cuba, arrived here today on the Ward line steamer Seneca from Havana.

Mrs. Ruiz appears to be broken in health. Although little more than 40 years of age, she gives the impression of being much older. She was accompanied by her five children, Mercedes, Evangelina, Ricardo, Rene and Gloria. The eldest is 13 years old and the youngest 2 years of age. She was met at the pier by Mrs. Aramonte, of the Marti Home for Destitute Cubans, who offered to care for her while she remained in this city. Mrs. Ruiz declined the offer, however, having made other arrangements.

Mrs. Ruiz said that she did not know that she had anything to do with the reports of her husband's death or his treatment by the Spanish government. "My husband was totally unknown to me," she said, "and I will take such action as I may be advised by my friends. I want to thank the American people for their expressions of sympathy, and I cannot say too much of the kindness of the general and his staff. They met me and I will take such action as I may be advised by my friends."

It is likely that the case will be placed before the new administration in Washington as soon as possible, and aid sought from the state department in securing indemnity from the Spanish government.

TRAGEDY OF A FIRE.

Charles Goddard Cremated—His Wife and Anne Duncan and John Duncan Fatally Injured.

Brooklyn, N. Y., March 9.—A fire in this city today supposed to be the work of an incendiary caused the death of two persons and injured two others so badly that it is thought they will die. The dead are: Charles Goddard, forty years old, and John Duncan, 18 months old.

The latter was thrown from the fourth story window by his mother, Annie Duncan. She followed herself a minute later and is now in the hospital suffering from a fractured skull. Mrs. Goddard also jumped at the same time and received internal injuries that the doctors say may result in her death.

The building in which the fire started is a four-story brick structure at Auburn place and Canton street. It was occupied on the fourth floor by Mrs. Duncan and Mrs. Goddard. The husband of the latter was a consumptive of whom the names and names of the party to his room he was in bed. His wife heard the screams of Mrs. Duncan run to the front window, forgetting her sick husband. Seeing Mrs. Duncan jumping independently she almost simultaneously jumped into the street. The body of Goddard was not found until the fire had been extinguished.

Robbers in Jail.

Harrisburg, Pa., March 9.—Three men here are awaiting a hearing for highway robbery. Miss Carrie M. Keister was knocked down and robbed near the State hospital last night and she has identified one of the men as the person who shocked her.

Three Himself Into a Well.

Montgomery, Ala., March 9.—Mr. McRay, a prominent planter of this county, committed suicide by throwing himself in a well of his plantation near Rantow. No cause for his rashness can be ascertained. He leaves a wife, but no children.

New Jersey Elections.

Camden, N. J., March 9.—Returns received tonight show that most of the borough and township elections in South Jersey went the way of the Republicans.

LILUOKALANI WAITING.

No Reply to Her Note Asking for an Audience with the President.

Washington, March 9.—Lilukokalani of Hawaii still remains in Washington without giving the least intimation of her purpose. She requested in writing an interview with President McKinley, but up to this time no word of reply has been received from the white house. The Hawaiian annexationists, ex-Minister Thurston and Attorney General Smith, are in town with the treaty of annexation, which they will probably present to the administration some time this week. Lilukokalani has said through her representative that she has no comment to make on the presence of the Hawaiians. She places her faith in what Secretary of State Sherman said three years ago in his book of recollections, Mr. Sherman, she says, is against Hawaiian annexation. In fact, he is opposed to this country taking on any more additional territory; for he has repeatedly said so. It is the opinion in Washington that Lilukokalani's purpose in requesting an interview with the president is to forestall the efforts of the Hawaiian annexationists, if possible.

"Duke" Palmer, who acts in the dual capacity of private secretary and grand chamberlain, has been instructed to exercise caution in speaking to press representatives, and as a result he is more clam-like than ever. He refuses to say anything concerning the plans and purposes of "Her Majesty," but as a matter of fact it is not thought that he is familiar with the expectation and hopes of his "Gracious Lady." Financial Secretary Helme is reticent also. He seems very badly scared whenever approached on the subject of the ex-queen's plans. At the Cairo it is not known how long she will be in Washington. Her room on the tenth floor are engaged from week to week, and the proprietor has no information as to whether he will have royalty in his house one week or one year longer.

KAISER MURDER TRIAL.

Evidence Produced to Fasten the Crime on the Husband of the Victim—Insurance Policies in Evidence.

Norristown, Pa., March 9.—The attendance at the Kaiser murder trial was not as great today as yesterday. Dr. H. H. Drake, who assisted the coroner's physician in the autopsy on Mrs. Kaiser, testified to the wound and was corroborated by Coroner's Physician J. R. Umsted, and the physicians who assisted at the autopsy. All agreed that the course of the bullet was toward, slightly downward, and backward, indicating that the butt of the revolver was held slightly upward, being about five degrees above the muzzle. The coroner of the Commonwealth testified that the person who fired the shot could not have been standing on the ground, but was in the carriage in which the woman was murdered.

E. E. Hutchinson, of Altoona, a life insurance agent, testified that in March, 1896, Kaiser obtained from him a policy for \$1,000 on the life of his wife. The policy went into effect April 1 and was payable to her estate. There being no children the proceeds of the policy would be paid to Kaiser on the death of his wife. Mr. Hutchinson stated that on September 16 last Kaiser paid the premium thus keeping the policy in force until some time after the tragedy. Mr. Holland offered the policy in evidence to which counsel for the defense objected. Mr. Lezard, in making the objection alleged that the policies were surreptitiously taken from the possession of the prisoner in violation of his constitutional rights. In the afternoon session Judge Stewart's argument for the Commonwealth on the constitutional question raised by the defense and ruled that the policies could be admitted in evidence. To this ruling the defense took an exception.

WEDDED TO A NEGRO.

White Girl Marries the Musician to Whose Music She Had Danced.

Nyak, March 9.—Miss Hattie Matthews, a pretty white girl of twenty, left her home yesterday without the knowledge of her parents or friends and was married to Prince Hankerson, a negro musician, about 25 years of age, well known in Nyak and vicinity. Where or when the acquaintance of the couple began is not known by anyone but themselves, and the people have been too much surprised to attempt to find out how the marriage was consummated. Hankerson furnished music for dancing at parties in various parts of Rockland county, and it is thought the girl made his acquaintance at one of those social gatherings, although no one present ever noticed it. While the news reached her home that she had taken up her abode in Hankerson's dwelling at West Nyak the folks were dumfounded, for they had never dreamed of such a thing. John Matthews, her brother, went before Justice Whyard and made a complaint against Hankerson for entailing his sister away contrary to the laws of morality. A warrant was issued and Hankerson was arrested, which he was brought into court he pleaded not guilty to the charge, saying that he and the white girl were married. No one believed this until the Rev. W. B. Abbott, pastor of St. Philip's African Methodist Episcopal Zion church, was summoned. He said that it was all right, as he had married the couple in legal style. Hankerson was discharged, and when he and his white wife left the justice's office and walked up a dirt street toward home, many eyes followed them until they were out of sight.

ENDED HIS LIFE ABROAD.

Mystery Connected with the Suicide of a Supposed American.

Washington, D. C., March 9.—Consul Coughlin, at Messina, reports to the state department that a man shot himself at Reggio, Feb. 5, whose death is wrapped in mystery. He was apparently an American, indicated by his unsigned note left behind him: "I die by my own hand, because I cannot endure my suffering any longer. I leave everything in my possession to the proprietor of the hotel, and hope he will give me a decent, simple burial. My surplus luggage and money have been forwarded to America from Palermo via Naples. My friends know what has become of me; let me rest in peace. May God forgive me."

FRENCH AND ENGLISH MAY CLASH.

British Territory on West Coast of Africa Said to Be Invaded.

The news which recently reached here that a French force numbering 400 men, under white officers, was occupying the town of Bousa, has been confirmed. The officials of the British Niger company are considering the question of repelling by force this alleged unwarranted incursion into territory which has long been recognized as being within the British sphere.

Powder Mill Explodes.

Wilmington, Del., March 9.—A rolling mill of the Dupont Powder works exploded this afternoon at 1:35 o'clock. One man was killed.

UNDER THE NEW ADMINISTRATION

Distinguished Callers Shake Hands with President McKinley.

THE MEN WHO WANT APPOINTMENTS

Dr. Pitcairn a Candidate for the Berlin Consulate—Nearly One Thousand and Visitors Received—The Sugar Schedule Considered by Ways and Means Committee—A Caucus of Democratic Senators.

Washington, March 9.—Senator Hanna called at the white house this afternoon. He saw the president for half an hour. Senator Foraker also had the president's ear for awhile. The names of three Illinois Republicans were presented by Senators Callom and Mason during the brief duration of their conference with Mr. McKinley. There were (in addition to Charles E. Carr, ex-Congressman Murphy, who would like to be an assistant postmaster general, and Thomas Needles, an applicant for the position of internal revenue collector for the southern district of Illinois. One of today's callers was Daniel Hogan, of Cairo, who is also after the place Mr. Needles wants.

Congressman Ditzel and Huff, of Pennsylvania introduced Dr. Hugh Pitcairn, of Harrisburg. He is endorsed by Senators Quay and Penrose, the Berlin consulate general and is said to be a most promising candidate. Other callers of prominence were Senator Hansborough, of North Dakota with a party of friends; Congressman Cannon, of Illinois, and ex-Congressman Farragut, of New York.

Nearly a thousand people shook hands with the president at this afternoon reception in the east room this afternoon. Fortnight several senators had uninterrupted conversations with Mr. McKinley on the subject of patronage. The president intended to go walking this afternoon, but wet weather kept him indoors.

SUGAR SCHEDULE CONSIDERED.

The sugar schedule was considered today by the Republican members of the ways and means committee. It was decided to increase the rate of duty so as to provide for additional revenues to the amount of twenty million dollars.

Present appearances indicate that the duty on raw sugar will be about 15 cents a pound, sealing this to 12 cents a pound in the case of countries which give us equal reciprocal advantages. The purpose is to reduce the differential to the lowest possible rate, not exceeding one-eighth of a cent a pound. The Democratic senators held a caucus this afternoon on the subject of the reorganization of the senate, but came to no conclusion. It was pointed to confer with the other senior members of the senate. The only gold Democrat who attended the caucus was Senator Lindsay, of Kentucky.

STOLEN TRAY OF DIAMONDS.

Washington, March 9.—About noon today the jewelry store of Jerome Desno, on P Street, in the business part of the city, was robbed of a tray of diamond rings and pins valued at \$3,000. Three men entered the store, sawing Mr. Desno in conversation under a pretense of making a purchase for a testimonial, while the other two got away with the tray containing the jewels. All of them escaped.
