West Side Department

BOARD OF TRADE MEETS.

Large Amount of Important Business Transacted --- Pavement on Hyde - Park Avenue Probable.

The regular monthly meeting of the West Side board of trade occurred last evening. President E. M. Clarke occupied the chair and opened the session at 8.15 o'clock. The main discussion of the evening was upon the proposed sower in the section lying below Division street and draining all the territory adjacent and sloping toward Luzern street. D. D. Evans introduced a motion to the effect that a resolution be presented by the board to councils urging a prompt consideration of the mat-ter with a view to an immediate commencement of work. The following resolution was drawn up:

Whereas, The lower section of the West Side has become so populous and the sanitary condition thereof demanding that a sewer be built thereon; therefore,

Resolved. By the West Side board of trade, that the councils of this city be requested to facilitate legislation look-ing to the establishment of a district and construction of a sewer in that section

Coincident with the above, some sug-Restions were offered as to the advis ability of so arranging matters that the many idle citizens who reside in the neighborhood could obtain employment upon the sewer construction.

The idea of a sewer seems entirely feasible so far as the property owners are concerned. H. D. Jones reported present and benefit by the attendance. That he had obtained a majority sentiment from the owners and all were very desirous of the improvement, City Engineer Joseph P. Phillips will submit plans and an estimate of cost to councils next Thursday night, show-ing the territory to be drained and its general adaptibility for a good sewer.

The conditions of the sidewalks between Jackson and Price streets was next touched upon and it was deemed advisable to have something done to better the condition by having the flags brought to grade and put in a safer way. The suggestion was the offered that, inasmuch as the failure of the present street commissioner to keep the West Side payements in a fairly clean condition was very evident. a candidate for the possible vacancy be presented to the mayor. The sug-gestion met with decided approval. Common councilman of the Fourth ward, Simon Thomas, reported that an appropriation of \$1,000 had been placed

the opening of Price street and that everything looked favorable for a setflement of that vexing question in the hear future. Under the head of manufacturers, it was recommended that the secretary be instructed to communicate with the several owners of property available for the location of manufactories, in order to get location for any industry that might desire to locate on this side.

upon the appropriation ordinance for

It seems that already several parties have been seeking information along E. G. Smith, of the firm of Bartl & Smith, civil engineers, was elected to nembership, having been proposed at the last session. It is possible that the next payement laid on this side will be put down on Hyde Park ayenue be-tween Jackson and Lafayette streets. The sentiment of the property owners residing along the street is being sough:

and thus far is quite unanimous. The present methods of the Traction company in giving service to the West Side was strongly commented upon and probable action will be taken in regard to a miligation of the existing lax arrangements upon the part of the com-

Nominations of officers for the ensuing term were as follows: President, A. H. Holmes; vice president, Dr. P. S. Struppler, A. M. Morse, Joseph Oliver; treasurer, William F. Farrell; secre-taries, Joseph Oliver, T. Fellows Mason.

CASEY'S MISHAP.

James H. Casey, of past renown, was again before Alderman Blair last even-

plaintiff, accusing his helpmate of murderous assault and felonious wounding. After much talk on the part of Casey the alderman dismissed his case and placed the costs on the plaintiff. Upon refusal of Casey to pay he was commit-ted for thirty days for default and contempt of court. The wife then avenged herself on her husband by wearing out a warrant for his arrest. charging him with the use of abusive language and threats upon her person. Thus Casey fell from the frying pan

A POLITICAL TOCSIN.

The Charles H. Schadt club of the West Side, met in Warnke's hall last evening for the purpose of enjoying hemselves and incidentally to sound the first Democratic rallying cry. P. J. Farrell made an address upon the coming campaign, the names of Charles H. Schadt, for Sheriff, and Fred Warnke, of this side, for recorder were endorsed. Mr. Farrell was followed by some impromptu singing. Ford and Sanders sang a duet. Mathew Malla rendered a composition of his own, entitled "Only a Fern," and was applauded to the echo. This peice was dedicated a short time ago to the London Times in apprelation of its recent efforts in behalf of Edward J. Ivory. Michael Shearans sang a solo entitled, "Gone Beyond Rec-He might have referred to our late President Cleveland, but the piece was well given.

THAT NEW CAPITOL PLAN.

This County Would Have to Con-

tribute Over \$15,000 Annually. The plan of raising money for the erection of the new capitol, as outlined by Speaker Boyer in yesterday's dispatches, in addition to other means adopts that of taking from each county ten per cent, of the money collected on retail liquor licenses. This would mean an annual contribution from this county of \$15,220.50, basing the calculation

on last year's revenue. The total amount collected from liquor licenses in 1896, was \$165,125. Of this amount the state gets according to the present division \$13,900, represented by the licenses of bottlers, browers and wholesalers, no part of which is retained by the county. All the revenue from retail licenses however goes to the county for division among the cities, boroughs end townships and general county account, a city of the third class such as Scranton, getting four-lifths of the revenue collected in the city. This ten per cent, plan would mean "Phenol" is the name of a cure for the taking away of \$6.464 from the city's revenue each year, and would deprive
