

GRANTING RIGHTS TO ROAD BUILDERS

Bill Introduced by Mr. Baldwin at Harrisburg Yesterday.

ELECTRIC ROADS IN THE COUNTRY

Measures Regulating the Rights to Build Trolley Roads on the Public Highways—A Resolution to Remove the Stained-Glass Windows in the Church Where the Legislature Meets.

Harrisburg, Pa., March 12.—The house met promptly this morning at 9 o'clock and heard a lot of reports from committees.

Among the bills read in place were the following:

By Mr. McClain, of Lancaster—To repeal the act of 1883 relating to the fees of officers, which reads as follows:

Provided, that this act shall not apply to the counties of Allegheny, Lancaster, Philadelphia, Lehigh and Washington and Schuylkill and Dauphin county.

By Mr. Baldwin, of Delaware—Authorizing and regulating the granting of the right to build and operate electric railways upon the public highways in the townships of the State, it provides that any corporation already granted the right by charter to locate or construct an electric railway shall have the right to build and operate the same upon any public road, provided the same is not already occupied by an electric railway or has a prior right to occupy the same located within one or more townships when they have proceeded in writing the consent of the party or parties owning the land or lands abutting upon the road for a distance equal to two-thirds of the entire distance that said road occupies within said township or townships. The location of the road must be agreed upon by the authorized agents of the company and supervisors of the townships.

The bill is so drafted as to require the consent of a majority of the electors of a township to be secured before the road is located, and the directors may determine what conditions may be required to be met by the company.

By Mr. Hammond, of Westmoreland—Providing that boroughs and townships may elect supervisors, principals of schools, when the directors may deem such necessary.

Mr. Baldwin, of Delaware, offered a resolution which was adopted, providing for the removal of the stained glass windows of the church which the legislature meets in, and the placing of the same with clear glass at a cost of not to exceed \$200.

After reading a number of bills the first time the house adjourned until 9 o'clock Monday evening.

COMEDIAN WILSON REBELS

Says He Will Not Submit to the Theatrical Trust.

New York, March 12.—Francis Wilson, the comedian, has declared war on the theatrical trust controlled by Messrs. Hayman, Frohman, Rich, Harris, Nixon, Zimmerman, Klav and Esplanade. Mr. Wilson's war was initiated by looked by the syndicate, when his manager discovered that would be the only way to avoid a clash of dates with De Wolf Hopper, who recently placed himself under the booking control of the company.

It has been the practice of the managers of the two companies to arrange their seasons so as not to conflict. This year Mr. Wilson's manager found that the syndicate was looking for the big star of El Capitlan, and that date would fall together. So, to avoid friction, Wilson allowed the trust to book him.

When it came to playing Baltimore and Washington it is said the comedian was told that he must appear at the Academy of Music, and at the Lafayette Square theater respectively. All his previous engagements have been at Ford's in Baltimore and the National in Washington. Mr. Wilson rebelled and his time at the Philadelphia house controlled by the syndicate was canceled.

Wilson then refused to play the syndicate dates in other cities, and a theatrical war is on in consequence.

FINAL JOINT SESSION

School Superintendents Close Their Deliberations at Harrisburg.

Harrisburg, Pa., March 12.—The final joint session of the convention of city, borough and county school superintendents was held this morning in the assembly hall of the high school building. Superintendent C. A. Babcock, of Oil City, and Professor H. J. Roddy, Delaware, interesting addresses on "Bird Day in the Public Schools," and a carefully prepared paper on "The Functions and Duties of the Superintendent" was read by Superintendent J. M. Coughlin, of Wilkes-Barre. Able discussions of these two subjects were indulged in generally by the members of the two conventions.

Professor E. H. Green, of West Chester, spoke on "English Literature in Our Public Schools." Resolutions were adopted favoring an appropriation by the legislature for township high schools and opposing any cut in the school appropriation.

DELAWARE MYSTERY.

Body of a Woman Found with Her Skull Crushed In.

Milton, Del., March 12.—The finding of the body of a well-dressed and pretty woman in the Broad Run river at a lonely spot about one mile from here has caused a great sensation.

The back of her skull was crushed, and from the general appearance of the corpse it had been in the water for a considerable time. There were other bruises on the body.

The folks of the town declare that murder has been committed. In an old boat near where the body was discovered were found a number of newspapers and a part of a woman's wearing apparel.

It is supposed that the woman either came here or was brought from a distance. Attorney General White was notified of the finding of the body tonight, and he thinks it may be a case of suicide.

INNOCENT MAN SHOT BY POLICE

Fatally Wounded by Bullets Intended for a Burglar.

Chicago, Ill., March 12.—Bullets fired by police officers and firemen in pursuit of a burglar struck Albert Ziener, a Cleveland, O. merchant, and he is now at the county hospital in a dying condition. The shooting took place shortly after midnight, in Plymouth place, opposite the Great Northern hotel, where Ziener was a guest.

A thief, pursued by several police-

TO PUT DRUNKARDS ON A FARM.

New York Has a Scheme for the Reformation of Nuisances.

Albany, March 12.—A bill has been introduced in the assembly which authorizes the city of New York to appropriate \$100,000 for the equipment and maintenance of a farm colony near New York city where habitual drunkards and other undesirable citizens may be placed to be reformed.

The bill is said to be favored by a majority of the legislators.

Governor Black signed the "knock-out drops" bill, which makes it a felony for any person other than a licensed druggist or physician to have in his possession or to administer to any person a drug or narcotic.

SLEEP-WALKER CUTS HER HAIR.

Miss Lulu Reeder Despoils Herself of Twenty-seven Inch Tresses.

New York, March 12.—Miss Lulu Reeder had a fine head of hair, twenty-seven inches long, of which she was very proud. When she got up she was greatly surprised to find that during the night she had been relieved of her tresses. They were cut out of her head. When the family went downstairs the mystery was solved.

Lying on the floor of the sitting room was the hair with the shears lying on top. Miss Reeder had been walking in her sleep and cut off her own hair without knowing it.

AFFECTIONS VALUED AT \$50,000.

Big Verdict Awarded for Disturbing the Domestic Peace.

New York, March 12.—The trial of the action of Margaret F. Buchanan against the Postoffice and the attention of the affections of the late Dr. Alexander Buchanan, culminated in a sealed verdict for the full amount of the claim—\$50,000.

The judges gave Mrs. Buchanan an extra allowance of \$1,250, and denied the motion for a new trial.

STEADY IMPROVEMENT.

The Increase in Business is Gradual, but Exhibits Elements of Soundness That Are Unmistakable.

New York, March 12.—R. G. Dun & Co. will continue in their weekly Review of Trade:

It is a curious illustration of human nature, this continued discouragement even while the increase of productive industries and of legitimate business steadily grows. No genuine or lasting improvement could come otherwise than slowly and step by step, after such a depression as the past four years have witnessed, and the most hopeful feature of the situation is that the gains are so nearly due to existing causes which involve uncertainty and probable reaction. The money markets continue especially favorable to industrial recovery, and there is no such speculation epidemic as to lock up an excessive share of available capital in the purchase of securities of what in farmers' hands March 1 have not in the least diminished speculation. The price has declined 2½ cents for the week, and corn is also a fraction lower.

From farmers' March 1 were producing 170,000 tons weekly, 7,000 tons of wheat more than Feb. 1, and although visible stocks have increased 20,000 tons in four weeks, still more farmers have started this month. The demand for finished products still lags behind the supply of pig iron, except for steel. Large stocks of iron and steel are not reported, but their orders without doubt cover full production for several months. The chief events in the railroad world have been encouraging. The transfer of the Lehigh Valley to the control of the Moran and Drews houses promises important relief, and tends toward greater harmony of coal interests for the future.

At the same time the reduction which will be announced today of 25 cents in the price of coal, toward a 50 cent larger demand and better employment in the future.

March earnings for railroads thus far reported shows an increase of 3 per cent. over last year.

Failures for the past week have been 256 in the United States, against 200 last year, and 31 in Canada against 60 last year.

DISTRICT CONVENTIONS.

Second Legislative District.

Notice is hereby given that a convention will be held in the arbitration court house on Tuesday, March 15, 1897, at 2 o'clock p. m., for the purpose of electing the district delegates to the Second Legislative District of Lackawanna County at a regular meeting held on Saturday, March 6, 1897, the district convention will be held on Tuesday, March 16, 1897, at 2 p. m., in the arbitration court, Court House, Scranton, for the purpose of electing two delegates to the State Convention at Harrisburg.

MARKETS AND STOCKS.

Wall Street Review.

New York, March 12.—Speculation at the Stock exchange early in the day was devoid of feature and extreme dullness prevailed, but during the afternoon the market developed an unusual degree of strength and in a number of instances, sharp advances were recorded. Had it not been for the Vanderbilt group the session would have been without important incident, but the fact that a steady advance of New York Central, Canada Southern and Omaha took place inspired the traders with bullish propensities with more confidence than on any previous day of the week. The rise in the Vanderbilts was accompanied by reports that several prominent capitalists had taken hold of those stocks for a considerable advance. The most important gains were 3 per cent. in Omaha, 2 in Western Union, 1½ in Jersey Central and ¾ in New York Central. The remainder of the list improved to the extent of ¼ to ¾ per cent. Tobacco advanced ¼ on the decision rendered at Trenton in favor of the company, but a reaction to 7½ ensued. The only stocks that showed no loss for the day were Sugar and Manhattan, and these only lost ¼ per cent. Total sales were 128,700 shares.

A PECULIAR PURCHASE TO MAKE WAS THIS 60 DOZEN OF SPANISH LACE SCARFS

You will judge, perhaps, on first thought, but when you know the price you'll not be surprised. Twelve years ago these Spanish Scarfs were in great demand and were worn extensively by a neck and shoulder ornament. And they are good today, as many of our friends who have already bought them tell us for head-gear, if you are going out in the evening, or you can take one of the wide, extra long ones, and make a waist or bodice over a covered ground.

This lot we have are strictly all silk, and many of them are big enough for a shawl. The actual value is from \$1.50 to \$4.50 each.

OUR SALE PRICE CHOICE FOR 50c.

CONNOLLY & WALLACE, 209 Washington Avenue, Opp. Court House.

CHIROPODIST AND MANICURE.

CHIROP. BUNIONS AND INGROWING nails cured without the least pain or drawing blood. Consultation and advice given free. M. H. TIGHE, Chiropractor, 380 Lackawanna avenue. Ladies attended at their residence if desired. Charges moderate.
