ASKING QUESTIONS. IT IS A WOMAN'S PREROGATIVE, AND SHE USES IT.

Sensitive women hate to ask their physicians those delicate questions that only a woman understands, and therefore write to Mrs. Pinkham, at Lynn, Mass., as she has ever proved their most accurate adviser, and knowing that their letters will be read and answered by one of their own sex.

The cure is, in most cases, rapid. Lydia E. Pinkham's Vegetable Compound should be promptly taken, and Mrs. Pinkham will furnish any advice required, free. Following is another letter of thanks:—

"Please accept my thanks for the little book which you have sent me. It has opened my eyes, and told me that there is a remedy for suffering women. There is no need for women to suffer. If they will only take Lydia E. Pinkham's Vegetable Compound, I suffer from a painful menstruation, thinking there was no remedy for it; but after reading your little pamphlet, I thought I would give your medicine a trial, and it is wonderful how quickly it relieved me. I recommend it for all women who suffer with painful menstruation."
