These sheets are made from standard Muslins and will prove as satisfactory in service as if you had selected the material specially for your own use.

FINE LINEN SHEETS

Full size, deep hemstitched ends, two fine grades only at sale price. \$3.75 and \$4.50 Each

All Linen Pillow Cases

Size 42x76 inches. Deep hemstitched ends. 85c Each

Bleached Cotton Pillow Cases

Plain or Hemstitched, sizes 42 to 54 inches. 8c to 17c Each

Condensed Summary

We must cut this list short, although the bargain story is but half told. A glance at the type used in printing will tell you why.

4-4 Bleached Muslins

Best makes only. Rely on that every time. Sale price, 4c to 10c

4-4 Unbleached Muslins

The best brands on the market. Nothing else offered on sale. Sale price, 3 1/2c to 6c

Bleached Pillow Casing

All the old favorites that have stood the test of time. Sale price, 8c to 12 1/2c

Bleached Sheetings

Full width, unquestionable quality. Sale price, 15c to 21c

Unbleached Sheetings

Specially selected brands for sure and easy bleaching. Sale price, 10 1/2c to 20c

THE LINENS are at the annex entrance.

TERRIBLE FLOODS

Large Areas of Land Are Under Water in the Western States.

FATALITIES UNESTIMATED

Loss of Life Unparalleled in the Mississippi Valley—Huge Tracts of Land Entirely Submerged. Corpses, Household Goods, Farm Property, Etc., Float on the Angry Torrents.

Memphis, Tenn., March 19.—A further half-inch rise in the Mississippi means the devastation of the property and probably a loss of life unequalled in the flood history of this section. The rise is threatened because rain is still falling.

Seventeen persons are reported drowned fifty miles below Caruthersville, Mo. A stretch of country over one hundred miles long from a point seventy miles north of Memphis to a point fifty miles south is submerged in places to a depth of ten feet. The fertile valleys of Tennessee and Arkansas are completely inundated and many lives have been lost and stock drowned, fencing and dwellings swept away, inhabitants destitute and homeless, and left to starve or drown by the remorseless rising tide.

Reports from tributary streams show rains and rapidly rising rivers, floods from which will soon be emptied into the Mississippi, adding to the danger when hurled against the already weakened levees. The levees are patrolled hourly by armed and desperate men, provided with sand bag to strengthen weak places or to close threatened crevasses and rifles to shoot down any intruder who would venture to cut the embankment and allow the waters on his plantation to find vent in the lowlands of his neighbor.

The floods now partake of the nature of a deluge. As far as the eye can see nothing but water meets the gaze. Nashville, Tenn., March 19.—The Cumberland river is rising. Rain fell all day yesterday, last night and continued to come down incessantly today. There is prospect of the greatest flood on record. Much damage has already resulted.

Large sections of East Nashville have been under water for several days. The river is already climbing to the business houses on Front street. Dispatches from the southern counties of Tennessee and from Northern Alabama report thirty-six hours of rainfall and terrible flood in the region.

WARNING IN ARKANSAS.

Helena, Ark., March 19.—The river at noon was within two inches of the highest water on record here. The sun shone today after one of the most prolonged and heavy downpours of rain for many years, and conditions are more hopeful. The weather observer, however, urges people in the lowlands to move at once to higher ground.

Cairo, Ill., March 19.—The river rose four-tenths of a foot in twenty-four hours and the prospect is that it will go to high water mark, which is 52.2. The citizens have organized to be prepared to meet any emergency and are watching the levees around the city thoroughly.

A large area of wheat land has been flooded in the neighborhood of Commercial Point in this county. Until the rise of the heavy rains are known, prediction as to the extent of the rise is impossible.

Gavin, Ark., March 19.—For many miles the country is flooded and the water is up to the Iron Mountain range. At every station the negroes are gathering, waiting to be taken away. The list of fatalities is said to be long and probably never will be known. A number of household goods is piled up at every railroad station. Many corpses of hogs and cows are washed up by the water.

Cherokee, Ia., March 19.—The Little Rock river is higher than at any time since the floods of 1891. All railroad communication except over the Illinois Central, south of Onawa, is cut off. The people have sought the highlands, and much hay and grain on the bottoms is destroyed.

Milwaukee, Wis., March 19.—Today's heavy rains cause the Menominee river in the suburbs of Milwaukee to overflow its banks. One hundred and fifty families were driven from their homes tonight. The life saving crews and the fire boats were sent to their assistance.

QUIET AT HARRISBURG.

Barely a Quorum in the House Yesterday—Governor Hastings Repairs Regarding the Church Repairs.

Harrisburg, Pa., March 19.—There was barely a quorum present when the house was called to order this morning. The following bills were introduced: By Mr. Williams, of Bedford—To repeal an act relative to the counties of Bedford, Cumberland, York, Franklin and Fulton. Mr. Cressy, of Columbia, offered a resolution to reconsider the vote by which the senate resolution pertaining to the erection of a new capitol was defeated on Tuesday last. Speaker Boyer stated the resolution was not in possession of the house, and a resolution to recall it from the senate will be presented on Monday night. The

following communication from Governor Hastings was read:

"The destruction by fire on February 2, 1897, of the capitol building having made it impossible to provide temporary quarters for your honorable bodies, and the Grace Methodist Episcopal church having proffered the use of their church edifice as a temporary place of meeting, it became necessary to provide seats, light, desk and other furniture and equipment, also to construct and fit up committee rooms and other needed accommodations necessary for your use and convenience. This work was undertaken by the board of commissioners of public buildings and grounds, and promptly completed so as to cause no interruption in your regular legislative sessions.

"The bills of expenses for the same were rendered to the board of commissioners of public buildings and grounds, inasmuch as this is an extraordinary expenditure, made in an absolute private building, and not in and about the public grounds and buildings, and there being no provision made by law for the payment of the same, and said board having no authority to pay the same, and no part thereof having been paid, the several accounts presented to the board are herewith submitted for such action as your honorable bodies may be pleased to take with reference thereto.

"In providing for the payment of such claims as may be justly due, it is suggested that there be taken into account such further cost for insurance, for the use of temporary quarters for several of the sub-divisions of the state government, that were deprived of their regular quarters by the fire, and for the use and occupancy of the church edifice, and such other incidental expenses as your honorable bodies may deem right and proper."

Monday afternoon, until 9 o'clock Monday night.

SWALLOW'S TRIAL BEGINS

Defendant's Counsel Tries to Quash the Indictments—A Continuance Is Not Allowed.

Harrisburg, Pa., March 19.—The libel case against Rev. Dr. Swallow was the magnet which drew hundreds of state officials and outsiders to the court this morning. A couple of hours were consumed by counsel in argument on motions of the defense to quash the indictments because they did not set forth the averments sufficiently clear to justify proceeding on charges of libel. The court, of Philadelphia, of course, refused for the prosecution, said he was astonished that Dr. Swallow should come into court and through his counsel ask that the indictments be quashed on a mere technicality after his boastful declaration that he was ready to proceed with the trial at any time and any place. A court investigation of his charges. There was considerable cross-firing between counsel and the court. This overruled the motion to quash. Mr. Scarier, counsel for Dr. Swallow, then moved for a continuance on the ground that they were not ready, but the court said there was no legal reason advanced for a continuance and denied the motion. Then the calling of jury was commenced for the trial of the case of the soldiers' orphans' schools commission against Dr. Swallow, his accusation being that eight times the price of articles had been paid in the awarding of contracts for supplies to the orphans' schools.

Ex-District Attorney General Lyman D. Gilbert made the opening speech for the prosecution, reading at length the libel law and following this with a recital of the indictment made by Representative W. P. Stewart for the soldiers' orphans' schools commission. He also gave the method of forming the commission together with the duties of the members. He charged they had been libelled by the articles in the Pennsylvania Methodist of February 25, which he designated as "poisonous." The defendant had enlarged and magnified the area of the circulation of the matter by sending proofs of it to other papers.

"Not content with his previous work on March 4," continued Mr. Gilbert, "he committed a further offense by reflecting on the article after a hearing before Mayor Patterson in which the man maligned had sworn they were innocent. We will prove by these men charged with a great stewardship that the charges made, repeatedly and reported in the papers are untrue.

"This case," he explained, "is not pressed for persecution or on personal grounds nor to test the liberty of the press, but to determine if an offense has been committed against servants of the state."

Adjutant General Thomas J. Stewart, General J. P. St. John and others testified as to the duties of the commission and their methods of doing business, showing that the charge that eight-fold prices had been paid for supplies for the schools could not have been true.

The other witnesses examined at the afternoon session were Captain George G. Boyer, this city; Colonel Ezra H. Ripple, Scranton; Pension Agent Geo. W. Skinner, Pittsburg; Representative William F. Stewart, Philadelphia; Major A. B. Bedford, Lancaster; Joseph Pomeroy, chief clerk of the commission; Frank J. Magee, Wrightsville, one of the inspectors of the commission. The testimony of all these witnesses was to the effect that at no time was the prices paid for necessities extravagant. The prosecution expects to close its trial of the first indictment by noon tomorrow and the defense believes it can finish by night.

NOMINATIONS CONFIRMED.

The Senate Ratifies President McKinley's Appointments.

Washington, March 19.—The senate today confirmed the following nominations: Charles H. Gordon, postmaster at Chicago; John Hay, of the District of Columbia, ambassador to Great Britain; Horace Porter, of New York, ambassador to France; Henry White, of Rhode Island, secretary of embassy at London; Perry S. Heath, of Indiana, to be first assistant postmaster general.

GREECE YIELDS A SINGLE POINT

The Cabinet Decides to Recall Gunboats from Crete.

IT DELIBERATED UNTIL 2 A. M.

Colonel Vassos Continues to Occupy Alikanassos—Of 65,000 of Reserves Called Out All but 1,500 Have Responded. Battle Expected on the Frontier.

Athens, March 19.—The Greek government has decided to recall the gunboats Alpheos and Pinios from Cretan waters. The former is now coaling at Cerigo. The cabinet was in session here for several hours.

It is officially stated that only 1,500 out of the 65,000 army reserve men called out have failed to respond, thus setting at rest the stories circulated of wholesale failure to answer the call to arms.

A dispatch from Canea today says that an Austrian newspaper man, Herr Plinten, who recently visited the camp of Colonel Vassos, commander of the Greek army of occupation, has been arrested there and detained under close guard. Colonel Vassos remains at Alikanassos.

The Greek warship Nanarchos Miaulis has arrived at the Piraeus, having on board twelve prisoners who were captured during a recent attack which the Turks made upon Monodendri, near Platani. Three emissaries of the Turkish legation at Athens have been arrested in the camp of Colonel Vassos. An engagement is expected to-day at Meneas, on the frontier of Thessaly, in consequence of the reinforcing of the Turkish garrison there.

ACTIVITY ON THE FRONTIER.

Telegrams received here from the Macedonian frontier describe the situation as one of the utmost activity and of expectation of war at an early date. The Greeks are working hard to improve the roads. All the out posts are connected by telegraph with headquarters at Larissa, where searchlights have been erected and the Turks are suffering much from the cold. The crown prince is expected daily. Telegrams from the European capitals indicate that the powers are still negotiating for the joint occupation of Crete with Italy.

Canea, March 19.—The camp of Colonel Vassos consists of 2,000 regulars, 500 volunteers and about 17,000 insurgents. The French colony is preparing a protest to the government at Paris against the proposed occupation of Cania by a British detachment. The only ground of protest stated is that Cania besides being the central telegraph station for communicating with France, is also the chief trading center. Almost all of the merchants and exporters in Crete are Frenchmen.

PANIC IN SERBIA.

Constantinople, March 19.—The Serbian minister here has called the serious attention of the Turkish government to the situation of affairs existing in the Province of Kossovo, where, it is asserted, the Christians are panic-stricken in consequence of the alleged murder of Greek refugees and Bashibuzouks. The minister also drew the port's attention to the recent attack upon the Serbian and Austrian consuls in a cafe at Uskub (situated about 100 miles northwest of Salonica), and referred to the correct attitude observed by Serbia, during the present crisis, expressing the hope that the port would put a stop to the existing situation, "a continuation of which," it was added, "may have serious consequences."

The Turkish officials in Epirus are fully prepared to attack Greek Rayahs (persons not Mohammedans, who pay the capitulation tax), who are Ottoman subjects, from leaving Epirus to join the Greek forces.

Berlin, March 19.—According to a dispatch received here from Larissa, the proposed occupation of Cania by a British detachment, which was drawn pointed out to the Turkish government and the threatening attitude of the Greeks, have been authorized by the port, if they consider it advisable, to vacate their posts and return to Constantinople.

KAISER CONVICTED.

The Jury Returns a Verdict of Guilty Against the Wife Murderer After Brief Deliberation.

Norristown, Pa., March 19.—Charles O. Kaiser, Jr., who has been on trial here for the murder of his wife, Emma B. Kaiser, on Oct. 28 last, was this evening found guilty of murder in the first degree. The jury was a little over three hours in coming to a verdict. The trial of Kaiser was the most celebrated ever held in this county, as the crime for which he was convicted was one of the most carefully planned and coldly executed murders in the criminal annals of Pennsylvania.

The case was placed on trial here Monday a week ago, and has been conducted with great skill and has been the most interesting trial in the history of the county. Kaiser related a sensational story of having been driven with his wife and how, when he attempted to drive the men, they opened fire and killed his wife and shot him and then robbed the body of Mrs. Kaiser and rifled his pockets of her valuables. As there was no corroborating evidence of the presence of highwaymen to hear out Kaiser's story, suspicion was directed towards

THE TARIFF BILL REPORTED AT LAST

Unusually Lively Session in the House Yesterday.

THE DEMOCRATS ARE DIVIDED

Ill-Concealed Animosity Between the Two Factions of the Minority Party. They Do Not Pull Together—Plan for the Future Debates—Mr. Daltzell's Resolution.

Washington, March 19.—The first legislative day of the house of representatives of the Fifty-fifth congress gave every indication of an unusually lively session and also of an intention to make a record for extraordinary rapid disposition of business. The outbursts of partisan rancor in the course of the day's debates, recalled the palmy days of the Fifty-first and Fifty-second congresses, while besides these not unexpected differences of opinion as to action and policy there was ill-concealed animosity between the two factions of the democratic minority growing out of the recent contest for leadership of that party on the floor. If today's proceedings may be taken in any wise typical of the work of the house this session will rank with the most tumultuous that have marked its history. The hall was opened promptly upon assembling in the presence of crowded galleries. Mr. Dingley of Maine, returned the tariff bill, with a recommendation that it be passed, which with the accompanying report was placed on the calendar. In connection with this, Mr. McMillan, of Tennessee, called attention to what he termed the "Colossal injustice" done the minority of the committee on ways and means, in thus reporting the bill before they had had time to prepare an expression of their views. Consent was given for the minority to file their views Monday.

EASTERN LEAGUE MEETS.

Scranton Opens at Home with Syracuse April 29 and Ends the Season at Providence Sept. 23.

New York, March 19.—The Eastern Base Ball league today held its session adjourned from yesterday, and after conducting some routine business adopted the schedule for the coming season. (The schedule appears on the Tribune's third page.) The first games of the series will be played on April 29, when the western clubs will meet those of the east on the latter's home territory. The season will be brought to a conclusion Sept. 23.

The Eastern league magnates went into session today at noon and did not conclude their labors until 4 o'clock. During the session several important changes were suggested in the constitution, but it was decided that circumstances did not warrant their adoption at this moment.

The question of the Steiner cup was brought up. The gentlemen present decided that if the clubs finishing first and second at the end of the season should desire to contest for the trophy the president is empowered to arrange for a series of match games between the lines finishing first and second. The cup is now held by the Providence team.

The question of umpires for the league was brought up before the meeting, but it was unanimously decided to leave the selection of these officials to President Powers. Mr. Powers said that the league would have six umpires this season.

The meeting approved the transfer of the ownership of the Toledo club from W. W. Kerr, of Pittsburg, to the Toronto Ball Club, limited, A. A. Irwin, manager. Mr. Irwin announced that he had signed for the season D. L. McGann, of the Boston club.

Scranton begins and ends the season with what are its earliest considered two of the strongest clubs in the league, Syracuse and Providence, respectively. Wilkes-Barre opens at home with Rochester, Springfield and home with Buffalo, and Providence at home with Toronto. Those games will be played on April 29, 30, 31.

Decoration Day and July 4 falling on Sunday, those holiday games between Wilkes-Barre and Scranton will be played on the Mondays following, two games each day. On Decoration Day games will be played at Wilkes-Barre in the morning and at Scranton in the afternoon, and on July 4 at Scranton in the morning and Wilkes-Barre in the afternoon.

Following the three opening games here with Syracuse, Scranton at home will meet in the order named Rochester, Buffalo and Toronto for three games each. Then Scranton goes to Providence and Springfield to play from May 13 to 19 inclusive.

While Scranton is waiting up the season at Providence, Sept. 21, 22 and 23, Wilkes-Barre will be finishing up at Springfield, Buffalo at Syracuse, and Toronto at Rochester.

Manager Griffin will arrive here March 27 and expects the players to report April 5. On April 19 the team will begin its practice trip. The practice trip schedule has not been completed, but it will include Baltimore, Philadelphia, Georgetown university and Lancaster. There will be exhibition games at home.

THE TARIFF BILL REPORTED AT LAST

Unusually Lively Session in the House Yesterday.

THE DEMOCRATS ARE DIVIDED

Ill-Concealed Animosity Between the Two Factions of the Minority Party. They Do Not Pull Together—Plan for the Future Debates—Mr. Daltzell's Resolution.

Washington, March 19.—The first legislative day of the house of representatives of the Fifty-fifth congress gave every indication of an unusually lively session and also of an intention to make a record for extraordinary rapid disposition of business. The outbursts of partisan rancor in the course of the day's debates, recalled the palmy days of the Fifty-first and Fifty-second congresses, while besides these not unexpected differences of opinion as to action and policy there was ill-concealed animosity between the two factions of the democratic minority growing out of the recent contest for leadership of that party on the floor. If today's proceedings may be taken in any wise typical of the work of the house this session will rank with the most tumultuous that have marked its history. The hall was opened promptly upon assembling in the presence of crowded galleries. Mr. Dingley of Maine, returned the tariff bill, with a recommendation that it be passed, which with the accompanying report was placed on the calendar. In connection with this, Mr. McMillan, of Tennessee, called attention to what he termed the "Colossal injustice" done the minority of the committee on ways and means, in thus reporting the bill before they had had time to prepare an expression of their views. Consent was given for the minority to file their views Monday.

This having been done, Mr. Daltzell, of Pennsylvania, presented a resolution from the committee on rules, providing for the consideration of the tariff bill. It called for general debate beginning on Monday next, and including Thursday, the 25th inst., from 10 a. m. until 11 p. m., with a recess from five to eight. Then consideration under the five-minute rule, the bill to be open for amendment until 2 p. m. Wednesday, the 31st inst., when the voting on the amendments and bill shall begin. This was advocated by Messrs. Daltzell and Dingley and was opposed by Messrs. McMillin, of Tennessee; Wheeler, Alabama; Bailey, Texas, and Island, North Carolina, voting respectively for the signal for rapturous applause by his democratic associates. There was much cross firing in this discussion, a colloquy between Mr. Governor of Ohio and McMillin, of Tennessee, afforded great satisfaction to the respective partisans. The resolution was agreed to—179 to 132—a party vote, save that Mr. Howard, Populist, Alabama, voted in the affirmative with the Republicans.

FATHER SEEKS VENGEANCE.

Attempts to Shoot the Wretch Who Had Assaulted His Child. Shenandoah, Pa., March 19.—While Robert Lenowsky, a married man, 39 years old, was being given a hearing here today before Justice Cardin on the charge of assaulting a 10-year-old daughter of William Toomey, the latter pulled a revolver and began firing at the prisoner. The first shot went through Justice Cardin's hat and grazed Constable Bolin's shoulder; the second cut through the prisoner's overcoat, and a third went through the transom of the room.

After firing the three shots Toomey turned and ran from the room, pursued by the constable. The constable chased him for two squares, when Toomey turned and fired at his pursuer. The bullet went wide and Bolin fired twice in the air. Toomey then surrendered and was taken back to the justice's office, where he was committed to prison without bail on the charge of attempted murder. Lenowsky was held on the charge of committing the assault on the child.

Steamship Arrivals.

New York, March 19.—Arrived: Steamers Spree, from Bremen; Westerland, from Antwerp; Odam, from Rotterdam; Manitoba, from London; Salsic, Steamer Rotterdam, from Rotterdam. Arrived out: Steamers Phoenixia, at Hamburg; Werra, at Genoa; Mobile, at London. Sailed for New York: Steamer Ancheria, from Glasgow; Sighted: Steamer Friedland, from New York, for Antwerp, passed the Lizard.

Oleomargarine Investigation.

Pittsburg, Pa., March 19.—The Home legislative oleomargarine investigation committee began its sittings in Pittsburg today. The only absentee was Senator Merrick. The accusations that are being inquired into are, in effect, that certain dealers in oleomargarine paid tribute to agents of the state and were granted immunity from arrest.

The Herald's Weather Forecasts.

New York, March 20.—In the Middle states today; cloudy, warmer weather will prevail. On Sunday, clearing and fair, warmer weather will prevail.
