Hartwell, of Honolulu, who is now in this city. General Hartwell. NEWS FROM ST. NAZAIRE. when asked this afternoon for a statement concerning the ex-queen's abdication, replied:

"I drafted the ex-queen's abdication and jurat of allegiance to the Repub-lic of Hawall and abjuration of the monarchy under the following circumstances: Paul Neuman, her legal adviser, who came to Washington in the winter of 1893, holding her power of attorney; Samuel Parker, her late prime minister, a Hawalian, and Chas. Wilson, the last marshal under the monarchy, came to my office the day of her arrest and told me that she had intended to abdicate before, but had delayed for Mr. Widemann to talk it over with her, and that they wanted me to draw the paper. I told them that if I drew it there would be no reading between the lines, and asked if she meant it and approved of their coming to me. They said she did and that was the kind of document that come off. They said they knew it and that her idea was that things would

"I looked up such references to royal abdications as I could find, and draw up the document, which Neuman, Parker and Wilson examined and approved verbatim. Wilson took it to Liliuokalani, who proposed some trivial change, which was made, and a second draft was drawn, which Wilson also day. submitted to her. At her request another inconsiderable change was made and a third draft was prepared, which was submitted to her and returned to me by Wilson, who informed me that t was exactly as she wanted and that he desired a final copy, which was made. The earlier drafts, written in a

know of the abdication papers until they were finally completed and executed. No misrepresentation was made to induce Lillinokalani to take this step. I did not see her until she acknowledged the instrument, and the gentle men who were about her and talked with her upon the subject and who were her friends would not, I am confident, have misled her. The document was published in the Hawalian and English newspapers, 1 did not hear much about it, although people said she would have been wise in taking the step earlier, thereby, perhaps, preventing the outbreak which occurred in the early part of the same month.

Every one knows that the Hawalian government wishes Hawaii to be annexed to the United States. Whether the national measures under discussion in Washington will render it advisable to defer the Hawalian question, and the Hawaiian diplomatic representative will for that reason not present the matter to Mr. McKinley now are questions which, I suppose, are yet to be decided.

"There has been a misunderstanding concerning the causes of the downfall of the Hawaiian monarchy. In my own opinion, and from my own personal observation, it is preposterous to suppose that there was a conspiracy by Americans in Honolulu, assisted by Minister Stevens or Captain Wiltse, to bring about that result. No Americans there whom I knew, and I think I knew about all of them, wanted to disturb the manarchy or to induce a state of affairs which would result in deposing the sovereign, with a view to ultimate annexation. It was, in my rious, It removes at once the cause opinion, nothing but a sense of dire and the disease immediately disap-necessity which caused the establish- pears. However, all that is ancient history. The question now is whether the United States will annex Hawali or see it Orientalized. When the question comes p, as it must do soon, I hope it will be onsidered on its merits, and as a naional and not a partisan measure. The annexation of Hawaii is not a 'jingo' or 'imperial' policy. On the contrary, Hawaii is as naturally and properly a portion of the United States as Long Island or Martha's Vineyard. If there s any use in that clause of the consti ution authorizing congress to provide for the common defense," there is no more effectual way of illustrating it Misrepresentations Were Made to than by annexing Hawaii. It would jost the United States nothing to dothis; instead of Hawaii being an expense, it would add to the national revenues. There would be no more age a "proclamation" was issued by flourishing or desirable portion of the Julius Palmer, chamberlain and major United States than that little group United States than that little group of islands. It is nonsense to say that wall, deciaring that she never had the conglomerate population there is an legally abdicated the throne, and that obstacle. of "New" Journalism. City of Mexico, March 21.-Mexican officials are much displeased at stories which are being printed in certain American newspapers, and which are apparently furnished by some indiiduals here for the purpose of putting Mexicans in a bad light with America.

It was recently published in the United States that the Mexicans were inensed against Americans. As a mater of fact the latter never stood better than now in the estimation of all dasses in this country.

A dispatch stating that there was an epidemic in Mexico, and another to the effect that three Boston men were coming here to purchase the American flags captured during the Mexican war were without the slightest foundation

What the object is in sending these false dispatches can only be surmised. The officials are indignant that American journals should publish such stories from trresponsible correspondents

THEIR "WORST LEGISLATURE."

Gov. Franklin's Characterization of

Arizona's Lawmakers. Phoenix, Ariz., March 21.—The final adjournment of the legislature yesterriage to Miss Seidenberg last fall was day came at the end of one of the most exciting sessions ever held in Arizona. The last official act of the assembly a vote of censure on Governor Franklin, and declaring that the best interests of the territory would be secured by a speedy change in executives. The immediate cause of this was the governor's refusal to return several bills the legislature wanted to pass over his veto. Concerning the salary reinstatement bill, which was passed over his veto, the governor said:

'A member of my administration received word from one of the Pima county assemblymen that my signature o the bill would be worth \$500 to me." Early in the session a bill to tax the

net proceeds of mines was killed by both houses. Concerning this, Governor Franklin openly charged that a representative of the Congress Gold Mining company had been sent down from Prescott with \$6,000 with which to defeat the measure, Governor Franklin characterized this as the vorst legislature that had ever met in Arizona. On the other hand, the members of the legislature still in town score the governor roundly for pocketing eleven bills.
