HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys, when urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills its every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful curative in the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention Tribune and send your full postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

What Was the Trouble?

Health Broken Down, Heart Troubles, Torpid Liver, Consumption, Rheumatism

Whatever It Was, Hood's Sarsaparilla Cured by Its Power as The One True Blood Purifier.

Discouraged people are numerous now—some because of lost business, others because of lost health. All may find fresh inspiration and valuable suggestions in the following:

"C. I. Hood & Co., Lowell, Mass. "Gentlemen: For 12 years I have been a commercial traveler, and owing to the hardships of my life, long railroad jumps, all kinds of exposure, and sudden changes of climate, etc., my health gave way. Physicians did not help me and I was given up to die. My illness developed a

Complication of Diseases. I was without ambition or appetite. All strength had left me. One doctor said I had heart disease, another torpid liver, a third said it was lung trouble and another, consumption, and so on. I have no doubt, symptoms of all these complaints, and even that of rheumatism, judging from the stiffness and pains in my joints and legs at times, were manifest. I was unable to attend to business, was confined to my room and frequently lay in a comatose state for hours. I was so feeble, and so little encouragement was offered, that I began to wonder

Where I would be Buried. Finally, as a last effort to help myself, I decided to try Hood's Sarsaparilla. The

effects of a few doses of the medicine seemed almost magical. The depressed feeling left me, and when one bottle had been taken, I had regained an appetite, and strength was coming back. After finishing the third bottle I was able to go about my commercial duties. I continued to improve, and to satisfy my mind that I had fully regained health, I submitted myself to a doctor for examination. He pronounced me "sound as a dollar." Three months later, I passed a rigid examination for insurance. I have since been in the best of health, notwithstanding my travels, and I give

All the Credit to Hood's Sarsaparilla, as each season since I have taken several bottles. It keeps my blood in good circulation, gives me a keen appetite and leaves no room for that tired feeling which naturally finds easy prey among those of my calling in the summer months after an early spring bustle. I consider Hood's Sarsaparilla the means of saving my life, and I gladly speak in its favor." A. J. LUTCH, home address, Cass House, Seginaw, Michigan.
