FIGHT IS ENDED

Select Council Concurs in the Award by the Lower Branch.

COLUMBIA COMPANY'S CONTRACT

Property Owners Triumphant and Court Is the Only Recourse Left for the Unsuccessful Bidders -- Refusal to Concur in Common Councils Amendment to the Kinsley Resolution -- The Appropriation Ordinance Sent to Committee.

Select council last night concurred n the action of the lower branch which awards the contract for paving Mulberry street to the Columbia Construction company, of Syracuse. It is the end of a notable fight as far as councils are concerned and witnessed a victory for the owners of abutting property after one of the most energetic canvasses ever made in Scranton for a municipal contract. An injunction is now the only recourse left for the lake asphalt interests.

When committee reports were called the pavements committee, and signed by Chairman Wagner, W. J. Thomas and J. A. Lansing, and a minority re-port from James Manley and John E. Roche.

The majority report was attached to the papers relating to the Mulberry ontract and was as follows:

The committee to whom was referred the within resolution respectfully report and recommend that the action of common council be concurred in.

Charles F. Wagner, Chairman. W. J. Thomas.

James A. Lansing. Following was the report of the min-

A minority of your committee respect-fully dissent from the majority report because the evidence of the city engineer and of the city engineers of thirty-nine other cities with whom our engineer has other cities with whom our engineer has corresponded on the subject, the report of the engineer specially appointed by the city of New York and the engineer appointed by the city of Washington and our own experience is in favor of lake asphalt; we therefore recommend that the contract be awarded to August Robinson, he being the lowest and best oldder at the prices named in his bid. Jumes Manley

John El. Roche MAJORITY REPORT ADOPTED. A motion was made by Mr. Durr to adopt the minority report. Mr. Wag-ner offered an amendment that the majority report be adopted. The amendment prevailed by the following

ote of 9 to 8: Ayes-Finn, Thomas, Williams, Chitenden, Wagner, Schroeder, Lansing, Frable, Coyne-9.

Nays-Kearney, Clark, Roche, Durr. Manley, McCann, Fellows, Burns-8. Present and not voting—President Sanderson and Mr. Ross. Absent-Mr. Robinson, Mr. McAn-

A motion to concur in the action of ouncil was carried without a division. Later in the meeting, as a result of a nurried conference by the leaders of the lake asphalt wing, Mr. Manley moved that when the session adjourned it adjourns to meet Tuesday was to attempt a reconsideration of The General Sheridan council, Young the contract award and the motion Men's Institute, No. 452, of Green Ridge, was defeated. If any attempt had made to reconsider. Presiden Sanderson, Mr. Ross, Mr. Clark and Mr. Burns would have voted with the

> The meeting refused to concur in ommon council's amendment to the Chittenden resolution recommending he removal of Street Commissioner Kinsley. The resolution and amendment were referred to committee with the understanding that no further action would be taken in the matter. A vive-voce vote that was unaninous directed that course.

> Mr. Kinsley will now continue in office until April 30, the date his resignation goes into effect. The 1897 appropriation ordinance was received from the lower branch

and referred to committee. CONCURRENT BUSINESS.

Common council's resolutions, directing the payment of \$2,000 to Muldoon & Bowe for extra masonry work on the Spruce and Linden street bridges and the settlement of a number of minor claims, were concurred in. Other concurrent measures were disposed of as follows: An ordinance regulating the manner of making sewer assessments, referred to committee; an ordinance providing for sidewalks on the westside of Ninth and Robinson streets, passed two readings; a resolution directing the city engineer to prepare plans and estimate of cost for a lateral sewer on Farber court, between Olive and Ash streets, adopted; a resolution directing the city engineer to prepare plans and an estimate of cost for a lateral sewer on Prescott avenue, be tween Pine and Ash streets, adopted; a resolution requesting the park commissioner to furnish an estimate of cost for properly improving Nay Aug park, adopted.

A communication of considerable length from City Solicitor Torrey in answer to a request from the fire department committee was read. It was in relation to the charge that the Gamewell Fire Alarm company had been charging the city \$125 for new boxes when the contract provided that the price should only be \$100. The letter

concluded as follows: "I am of opinion that if the city desires to purchase other additional boxes it may, under the proposal and contract with the Gamewell company, require them to furnish the kind of box de scribed in their proposal, to wit, the Palmer-Gardiner box at the rate of \$100. If, however, the city authorities continue to select for purchase a different box, the price is purely a matter of agreement not affected by any

existing contract. "I am of the further opinion that if the city, through any misrepresentations, has been induced to pay for the kind of box described in the proposal a higher rate than that at which it was agreed to furnish them, the excess recovered in an action brought for the purpose."

PLACED ON FILE.

It had been claimed by the Gamewell company that the city continued to purchase boxes for which the regular price is \$125 each and that they were not the kind provided for in the contract. The city solicitor's letter was

ordered received and filed. That the Sixth and Eighteenth wards are determined not to be included in a sewer district with the Fifth and Fifteenth wards was indicated by a resolution introduced by Mr. Clark and passed. It directs the city engineer to prepare plans and an estimate of cost for a new sewer district in the Sixth
