SCHOOL BUILDING SETTLING.

Walls of No. 19 Cracked and Copings

Broken in Two. Owing to disturbances in the mine beneath, or to faulty masonry work on the foundations, the walls of No. 19 school building.corner of Jackson street and Rebecca avenue, have commenced to settle. Large fissures have appeared in the walls and window casings have cracked in two.

The building committee of the board of control made an examination of the building yesterday. They report there is no cause for alarm. Benson Davis, chairman of the committee, who is a practical builder and who resides in the immediate borough of the school gives it as his opinion that the trouble is not caused by any mine disturbance.

### BEAUTIFUL TRIBUTE.

Westerly Daily Tribune, of Westerly, R. I., and which is quoted in full below bespeaks the esteem and high friendship in which the Rev. John Evans was held in that community in which he moved and ministered. His death was due to neuralgia of the heart. The Daily Tribune speaks as follows:

There are times when the heart is two full for utterance. This is one of those times. Westerly mourns today the loss of one whom it can fily afford to spare. It does not seem as if it was possible to spare him. In the death of the Rev. John Evans, which occurred so unexpectedly last evening, every man, woman and child in Westerly has suffered irreparable loss. The editor of this paper feels that his own loss exceeds that of all the rest, and yet he knows his sorrow is as nothing, in comparison with that of those who were connected with the one who had gone by ties of affinity and consunguinity. God bless and comfort them. We are powerless in that direction. We are Hall. 113 S. Main avenue.
