**OBJECT TO ARBITRATION SCHEMES** 

Massachusetts Members of the House Protest Against High Tariff Rates on Wool -- Mr. Johnson of Indiana Becomes Unruly--Resolutions Passed to Make Available \$250,000 for the Protection of the Lower Mississippi Valley.

Washington, March 29 .- The senate spent about an hour in open session and about two hours and a half in secret session discussing the arbitration trenty. A remonstrance against the treaty was presented from the Monroe Doctrine club, of Philadelphia, which characterizes it as "craftily contrived. to advance the interests of England and to coerce the United States into the people of our town. adoption of a reciprocity treaty with Canada.'

A bill appropriating \$250,000 to be expended in saving life and property endangered by the great floods in the Mississippi valley was reported and passed.

A resolution was offered by Mr. Allen, Nebraska, and went over till tomorrow declaring that congress is not Refreshments will be served after the possessed of constitutional power to impose tariff on articles of daily consumption by the people for the express and avowed purpose of increasing the private fortunes of any class of its citizens at the expense of the masses. At 3.15 p. m. the senate adjourned until tomorrow.

#### TARIFF PROBLEMS.

The rumored dissatisfaction among Republican members of the house with the schedules of the tariff bill was man ifested today when Messrs, McCarrell and Lovering, of Massachusetts, protested against the high rates of duty imposed in the woollen and cotton schedules. The former said it was the woollen schedule in the McKinley bill that had caused the reaction against the protective system resulting in the loss of the house, the senate and the presidency. Mr. Lovering declared that the manufacturers of Massachusetts did not want the high rates, but asked a tariff that would stand. They believed in protection; but did not want to be smothered in its embrace. The statements of these members were warmly applauded by the Democrats. The provisions of the bill were defended by Messis, Grosvenor, of Ohlo;

Russell, of Connecticut, and Dingley, of Maine. The former said the wooleu schedule was a reproduction of that in the McKinley law, under the operation of which that industry reached its Mr. Pus-

specific action the house went into ommittee again. Members of the committee on ways and means, under the provisions of the special order, took control of the bill, since the adoption of that supplement special order, took control of the bill, but no amendments were offered dur-

acted on by them. The changes were generally of slight importance. At 5.05 the committee rose and the ouse passed the senate joint resolution making immediately available

\$250,000 for the protection of the lower Mississippi valley, with an amendment carrying some of the more pressing items in the deficiency bill passed week before last.

The house at 5.25 adjourned. -

It is well therefore, to know that the rightal charter, creating this poor dis-rict, conferred on the people the power f electing their poor directors. In a short time, however, a select few, who feared that the people could not be trusted, had very innocent looking "supplement" amed and passed in the days of specia gislation which preceded the adoption four present constitution; and this "supplement" provided that whenever a va-cancy occurred among the poor directors lither by death resignation, or otherwise, should be filled by appointment; appointment to be made by the president judge of Luzerne county, upon the peti-tion of twenty free-holders of the district

which, by the two words "or otherwise," deprived the people of their chartered right, the poor directors for this district have been appointed, but not always in the manner indicated in the supplement. The "or otherwise" supplement, it will be seen, gave the president judge of Luzerne ounty, the power to appoint; but recently such appointments have been made by the president judge of Lackawanna county in accordance with the tradition that this county, when it was created a few years ago, inherited, as it were, the privileges exercised by Luzerne county from whose territory it was taken. The president judge of Luzerne did for a time

after the creation of Lackawanna, make he appointments, but the duty bec irksome, by reason of the fact that if was antside his district, he eventually refused power devolved upon the president judge of Christian Endeavor of the Presby-terian church. The society have se-plicit authority in law making valid ap-

There are two powerful reasons, there-ore, in behalf of Mr. Connell's bill. The irst of these is that the supplement to the

poor directors, ought, as a simple act of justice, to be repealed; and the second ason is that there is room to doubt the mildity of appointments made by the er of the district.

sell called attention to the fact that the committee on ways and means had agreed to increase the duty on combed cotton at the request of Mr. Lovering, and he thought it came with bad grace from the gentleman from Massachusetts to criticise the high rates of duties. Mr. Dingley said that no one. not even the critics themselves, believed that the cotton industry could thrive without the duties carried in the bill. If the protection afforded the wool manufacturer were too high it was because the duty on wool had been placed too high for the compensatory duty given the manufacturers in the bill was exactly the-same as that in the McKinley and Wilson bills.

JOHNSON BECOMES AGITATED.

Another Republican outbreak was that by Mr. Johnson, of Indiana, who wanted to amend some schedules which he said were not likely to be reached, because of the irrelevant debate. He persisted in taiking despite the commands of the chairman, Mr. Sherman, of New York, that the committee rose, and the chairman reported that the committee did so in order that the rules of the house might be enforced. The speaker said that irrelevant debate was inevitable, and that the basis of order was die recognition of the authority of the presiding officer. Mr. Johnson disclaimed any in tention of being unruly, and without

ties of wifehood who is not fitted by good health for that position and for the responsibilities of motherhood. If a woman suffers from weakness and disease of the organs that make wifehood and motherhood possible, she should remedy these conditions before assuming the responsibilities of a wife. Otherwise, she stands little chance of proving a happy and capable wife, and motherhood will always menace her with the terrors of death.

A sure and quick cure for all weakness and disease that unfits a woman for matrimony and maternity is found in Dr. Pierce's Favorite Prescription. directly and only on the organs involved. It makes them strong and healthy. It cures all weakness and disease. It pares for wifehood and motherhood. Taken during the expectant period it makes baby's coming easy and compara-tively painless. It insures the health of child. Thousands of women have testified to its merits. Druggists sell it.

"I have found great relief since taking your 'Favorite Prescription." writes Mrs. Henry Barlow, of Lonsdale, Providence Co. R. 1. "I was all broken down from nervous prostration, Since taking your medicine I have had more re-lief than from all the doctors' medicines-which cost me more than I could afford."

It is hard work to work when poisoned from neglected constipation. Dr. Pierce's Pleasant Pellets cure constipation. MANSFIELD.

From the Scranton Truth. The bill introduced in the house at Harrisburg by Hon. Alexander Connell,

of this city, providing for the election of the Scranton poor directors by direct vote of the people, should be passed without delay and without opposition from any quarter.
