SCHOOL BOARD MEETS.

All the Directors but One Are Present. Business Transacted.

Messrs, Alexander, Coogan, Colville, Norton and Hoylan, directors, were present at a meeting of the city school board on Monday evening. Treasurer Norton reported that the state appropriation of \$12,587,22 had been received. The board ordered that \$7,178.84 be used to pay the amount borrowed last year. The board will ask the teachers to observe Arbor day, April 23, as much as possible. Mr. Alexander having reported that No. 4 school has no flag, Mr. Norton asked the president to purchase one as his gift to the school. Mr. Norton's gift was accepted in behalf of the school with the thanks of the

Superintendent Forbes reported that the Belmont street school was in a crowded condition. It appeared to the board that it was desirable to fit up a vacant room, making eight instead of seven school rooms. Miss Anna Gerrity will thus be placed on the regular roll as teacher. Mr. Alexander, as an old veteran, desired to present a resolution. It was in substance that on the 27th of April, the anniversary of Grant's birthday, during the day when the monument is to be dedicated to his memory, the board order the janitors to raise the national standard on their respective buildings during the day if weather permits. The board adopted this resolution. An application was received and filed from Lewis A. Williams, of Collegeville, Pa., for a position

TRIED TO KILL HIMSELF.

Despondency Leads Professor Carl Hessler to Attempt Suicide.

Professor Carl Hessler, well known in this city as a most accomplished musician, through despondency and financial difficulties on Monday afternoon swallowed about a quarter of an ounce of chloroform. Dr. Malaun was summoned and ordered him taken to the hospital. His condition was not considered serious and his friends think that no more trouble will result.

Much sympathy was felt for him and his friends will assit him out of his difficulties. His business has suffered owing to ill health and brooding over his condition led to the feelings of discouragement. Professor Hessler has resided in this city for six or seven years. He was connected for some time with the Mozart band and orchestra. In his various departments of musical instruction on the violin and piano

COUNCIL IN SESSION.

The Select Branch Holds a Regular

Meeting on Monday. The select council held its regular meeting on Monday night. Mr. Swigert introduced a tax levy ordinance providing for a levy of seven mills on each dollar of valuation for city purposes. three mills for installments, and interest of public debt, and a pole tax of one dollar on each male resident over twenty-one years of age. The ordinance passed unanimously the first reading. New resolutions and bills were presented and referred to committees. After this general business, and before the council adjourned, Mr. Swigert, the former chairman, offered congratulations and best wishes to Mr. McNulty, his successor. He would gladly give his hearty support, and do all that was in his power to advance

Is a Staunch Republican.

Select Councilman Eaton denied the report made before re-organization that he would vote with the Demograts for chairman. He said: "I never had any intention of voting with the Democrats and there is no ground whatever for such a report." He is a staunch Republican, an excellent councilman, ever ready to do his study.

Poor Board Elects Officers.

The city poor board held a meeting on Monday evening and elected officers for the coming year as follows: President, A. F. Cooke; secretary, A. W. Daley; treasurer, M. F. Gilmartin; attorney, Hon. J. J. O'Neil; physician, Dr. J. A. Kelly.

ARCHBALD. The borough council held a long ses-ion on Monday evening. President Hunt resided and all the members were present. The following bills were ordered paid: J. Bishop, \$57.26; Edward O'Horo, \$2.56; A. Cawley, sr., \$3; P. Wallen, \$1.50; C. Kleinbauer, \$2; Thomas Munley, \$2; Crescent Electric company, \$225; Henry Wilkey, \$5; street commissioner's time, \$41.26. A bill of Archbald Water com-pany was laid over for correction as were also the bills of the borough auditors until the license accounts are audited. Mr. Behle reported that he had consulted Mr. Kinback with reference to a cabinet for storing borough records, and the figures he received were \$50, \$55 and \$60. The chair appointed Messra, Behle, Jones and Philbin a committee to pro-cure a cabinet such as is required. Mr. Behle also suggested that the borough get a plough for use on the roads and the matter was referred to the road comnittee, as was also his suggestion that a shed be built in the rear of the borough building for the storage of the road mathine and street commissioner's tools. Mr. Beble also called attention to the un-certainty of the line between this and Jermyn borough and offered a resolution empowering the borough attorney to take steps to have the line definitely fixed. The resolution was adopted. Mr. Wagner also wanted to have the fence lines on South Main street located and the oad committee was directed to look up the survey made several years ago. The borough attorney was also directed to defend the suit against the borough be run by James N. Johnson, of Winton. The committee appointed to investigate the claim of the borough against ex-Treasurer Barrett reported that the aud-tors books had been examined; that leaves were torn out and mutilated and that the general condition of the book was such that it would be hard for the borough to prove its claim to the \$57 in dispute. With the report was an opin-ion from the borough attorney stating that the council had power to dispose of the matter and intimating that it would e prevented from collecting the amount by the operation of the statute of limita-tions. Under these circumstances the committee recommended that Mr. Barrett be exonerated. Mr. Kleinbauer moved that Mr. Barrett be exonerated and the motion was adopted without a dissenting voice, Mr. Philbin called at-tention to the vacancies on the board of health and suggested that D. P. O'Rourke reappointed from the Third ward. Behle named M. J. Kearney to fill the vacancy in the First ward and his name was included in Mr. Philbin's mo-tion, which was adopted. The bond of High Constable Edward O'Horo was ac-cepted. Mr. Philbin called attention to the need of painting the bridges and after considerable discussion the secretary was directed to advertise for proposals for the work, Burgess Langan briefly address the council on the need of police and served notice he did not intend to fill the dual role of burgess and policeman. He also wanted the practice of dumping ashes and refuse on the streets stopped; wanted locks for the cells in the horough prison and asked that special at-tention be given to the hydrants. All these matters were referred to appropriate committees. Mr. Wagner directed the attention of the council to the matter of taxing telegraph and electric light attention to the fact that other boroughs had been collecting tax on poles for the past few years and thought we had the same right to do so. Mr. Behie favored taxing all the poles without exception. The matter will be more fully discussed at a later meeting. Contractor Spiliane asked the council to pay his bill of \$25 for extra work on the foot bridge. Mr. for extra work on the foot bridge, Mr. Belie considered it too hight and objected to its payment, Mr. Spillane then explained why it was so high and the council decided to investigate for itself and laid the matter over for discussion at the next meeting. John M. Dougher told the council of an accident his horse sustained because of the bad condition of Hill street. Action on this matter will be taken at a meeting to be held on

be taken at a meeting to be held on Thursday evening. The school board also met on Monday vening with every member present. A number of bills were ordered paid. The secretary was directed to confer with the school boards of Jefferson and Carbon-dale townships with a view to having them pay for the tuition of children from those townships who are now attending the schools of this borough. The opening of the school on South Main street, closed because of the prevalence of measles in that neighborhood, was left with the educational committee, No other impor-

tant business was done, MOSCOW.

Mayfield council met in regular sessio on Monday evening, with John McCarty and W. Williams absent. The committee which was appointed at a special meet-ing a short time ago at the request of the Jermyn council to act with them in having the disputed line located, reported that they had done nothing in the matter, as they had been ignored by the Jer-myn council, who had gone to court and had a commission appointed to do the work. The committee was discharged. The street committee reported having

me over the work done by the Electrigone over the work done by the Electri-cal Construction company, and with the exception of a few minor defects the work was well done. As the company agreed to these, the work was accepted. Street Commissioner Walker was present, and informed council that he had notified the Carbondale Traction company to desist Scranton, spent Monday at the residence from putting ashes on the roadway, as of Mr. and Mrs. M. Reagan, of the Wes the franchise called for gravel. General Side. Manager Flynn thought that ashes would do no harm. Council, however, instructed Mr. Walker to carry out the provisions of the franchise and permit the Traction company to use nothing but gravel. The hoop iron placed on electric light poles where people were making a practice of where people were making a practice of tying their horses to them. Councilman Dempsey wanted a crosswalk put down at the intersection of Main and Hyland streets. The matter was laid over until the committee lays out the work for the year. The chair appointed a committee to purchase a whistle to be put on the boilers at the pump shaft for a fire alarm. The necessity for this was shown by the fire on Sunday night. At about 1.20 o'clock yesterday morning fire was discovered in the building on the West Side owned by Mrs. McGuire and occupied by the families of Frank Col-lins and Samuel Sigel. The alarm was promptly sounded and the hose company at once responded, but there being no plugs in that section the stream was turned on from so great distance that somewhat inconvenienced the firemen in connecting the hose. Fortunately the creek was close by and contained an unusually large amount of water and by means of the bucket brigade the proper-ties encircling the burning building were saved from entire destruction. A LETTER TO WOMEN

From Mrs. James Corrigan.

For seventeen years I have suffered Periods were so very painful that I would have to go to the doctor every month

He said that I had an enlargement of the womb, and told my husband that I must undergo an operation, as I had tumors in the womb, and it was a case of life or death.

I was operated upon twice, but it did not seem to do me any good, it made me very weak. I was troubled with the len corrhoea a great deal.

I also suffered with the sick headache. vomiting spells, back-

ache all the time, terrible pain in my left side, chills, loss of appetite, and could not sleep nights. After taking several bottles of Lydia E. Pinkham's Vegetable Compound, some Liver Pills, and using your Sanative Wash, I recovered.

I can eat well, and every one that sees me tells me I am a different person. I can do all my own work, sleep well and feel well. I am growing stronger every day, and am able to go out and enjoy a walk and not feel all tired out when I return, as I used to. I doctored for sixteen years, and in all those years I did not feel as well as I do at the present time. I wish that every woman that is troubled as I was, would try that medicine. Oh! it is so good to feel well, and it is all owing to Mrs. Pinkham's kind advice and medicine. -MRS. JAMES CORRIGAN, 284 Center St., Jamaica Plain, Mass.
