in a Communication to the Powers the Turkish Government Declares That the Greeks who Crossed the Line Were Regular Soldiers .- Tw Thousand Bashi Bazouks at Valona Rendy to Advance at a Moment's Notice -- Other Intelligence from the Scene of Eastern Hostilities.

Athens, April 11, 4 p. m .- The president of the Boule has convened a special session to pass measures imperatively needed. It is understood that an internal loan of twenty million drachmas is under consideration, and that the government is now nego-

tlating with the banks for that amount. Elassona, April 11 .- No definite details have been received here as to the incursion on the frontier last week. Edhem Pasha has sent an officer to the scene who is expected to return to-

"WAR CERTAIN."

New York, April 11.-A special cablegram from Athens to the Herald says: "War is absolutely certain. Every available man in Athens is being armed and shipped to the frontier. Eight thousand volunteers are prepared to start from this city for the frontier

as soon as war is declared." Athens, April 11.-The government has sent stringent orders to the frontier with a view to preventing conflict be tween the regular troops. It is said that the Greeian government had no knowledge of the projected invasion the responsibility for the firing resting with the Turks.

THE PORTE IS WROTH.

Constantinople, April 11.-In a comnunleation to the ambassadors dated April 10 the Porte speaks of the Greek invaders of the previous day as "regular" treeps and the incursion is regarded here as the commencement of war. A panic occurred at Valona yesterday on a rumor that the Greek war ship about to attack the town. 2,0% Bashi Bazouks assembled in an adjoining valley and placed themselves in readiness to advance in case of an attack by marines on land.

THE INVASION.

Athens, April 11.-Noon.-Accounts are very conflicting as to what really happened last Friday when the frontier was crossed by the insurgents. A special correspondent of the Associated Press went to Larissa last evening (Saturday) and ascertains that the invaders numbered upward of 3,000. The entire force was under command of three ex-officers of the Greek army, and four Macedonian chief. The rendezvous was at Koniskos, a village near Kalabakas. The men were all fully armed and were the national costume

On Friday a Monk from M unt Athor assisted by his abbot and two deacons held a religious service at Koniskas, at which all members of the invading body parteck of the saclament and reg istered the oath of the order "Liberty

In addition to large quantities of ammunition and provisions the force had 3,000 pounds gold. During Friday night following the service, the frontier was crossed, the force moving in the direction of Schuik. While this movement was in progress a second band, the number of which is as yet unknown, had a rendezvous at Nezeros, about 35 kilometres north of Larissa, and near the coast. This hand was similarly equipped, had a similar mission and took the same onth. It was commanded by the Macedonian chief, Sinsinikos. It crossed the frontier on Thursday night, marching on Karya.

ROAR OF ARTILLERY.

This (Sunday) morning the roar of artillery can be plainly heard at Lawhere Sinsinikos is evidently forcing matters. General Makris and his staff, with some knowledge of the movements afoot which they were unwilling to impart left yesterday for Tyrnavos, the most important Greek position near Elassona. Four batteries of reinforcements followed today for the same point. At headquarters they declare that nothing is known as to the raid and will say nothing as to the probable character of the raiders. However, some additional light has been thrown on the subject today by an interview between the representative of the Associated Press and a prominent Greek who is evidently in close touch with the league and its plans. The Greek

PRE-ARRANGED. "The movement of these bands is all in accordance with a very clearly defined programme. For years thou-sands of Greeks, even little children, on receiving a shilling, have been in the habit of putting half of it into a rational box in the cause of Pan Hellenism. For many months it has been the plan of the league to stir up all Pan Hellenic peoples by means of armed bands. Now that a great mo-

heroic Crete, but the same independ-ence for Epirus, Macedonia and Thrace. She demands this for all subjugated populations of Asia Minor. Therefore Greece will face any danger in order to reach that end. Years of frightful suffering and unnumbered crimes and tyrannies have been forced upon those who are our kinsmen by faith and blood in those countries, and we are pledged in the most solemn way and inspired by the most sacred and ennobling principles of liberty to do all in our power to 'ift them from the curse which burdens them."

When the attack began, strict orders were sent to all the Greek outposts on the frontier to preserve neutrality and not to open fire until actually attacked by the Turks. The only casualties reported here are the deaths of two leaders and of three

THE CRETANS PETITION.

Athens, April 11.-8 p. m.-The latest advices here report that a portion of the invading force continues to besiege the barracks at Baltino. The remainder has continued the advance, but to a destination as yet unknown to Athens. It is reported that communications between Metzovo and Grevana are cut off.

The Cretan refugees here have addressed a petition to the embassies in which, after reciting the whole history of the Cretan question they declare that the only possible solution of it is annexation, adding, "We hope that Christian Europe will be moved by our suffering, martyrdom and struggles for centuries to support our claims for union with Greece."

The petition is signed by several BALKAN STATES MAY FIGHT.

THE TRIBUNE'S NEW PRESS.

NEW YORK, March 31, 1897.

R. HOE & CO.

TRIBUNE PUBLISHING CO., Scranton, Pa. Gentlemen:-Your favor of the 27th inst. is received, and we take pleasure in complying with your request in relation to the "Observer" machine, which you have recently purchased. The press prints and folds, as you know, a 4, 6 and 8-page paper, counted out in lots of 50, at a running speed of from 20,000 to 24,000 per hour; and of the 10, 12 and 16-page paper,

all inserted sheets and counted in lots of 25, at a running speed of from 10,000 to 12,000 per hour, all pasted if desired, The compactness of its construction presents great advantages, the floor space taken up being only 13 feet long, by 10 feet wide, by 71-2 feet high, and all the changes for the different sized sheets can be made in less than ten minutes. The convenience of this machine is so great that one man can reach all over it and lead in the sheets while running slowly. If at any time an accident should happen to one portion, the other section can be utilized immediately by simply taking out one wheel and getting the 8-page papers out at the running speed of

10,000 per hour from the other end. The best material has been used in its construction by intelligent mechanics under careful supervision. The wisdom of your having purchased this machine for your paper will, no

doubt, be demonstrated from the moment you start it. Wishing you every prosperity, and thanking you for your order, we remain,

Terrific Crash of Passenger Trains on Southern Railroad.

THREE PASSENGERS KILLED

The Cuban Patriot, General Sanguilly, on the Train.

Both Engines, Two Mail Cars, Two Vegetable Cars and a Baggage and Express Car Were Demolished. Among the Uninjured Passengers Was Senator Money of Mississippi. Graphic Story of the Disaster -- One Man, Pinioned Beneath Escaping Steam, Begs Pitcously to Have His Legs Cut Off So That His Body Might Be Pulled Out.

Charlotte, N. C., April 11,-North ound Fiorida special on the Southern railway, No. 56, and local south-bound passenger train No. 11, collided at 11.15 o'clock this morning at Harrisburg, a small town about thirteen miles north of this city, killing three persons and wounding six. The killed:

T. CLINGMAN BENTON, of Charlotte, aged 35, postal clerk on No. 11, TITUS EUDY, of Forest Hill, Concord, WILL DONALDSON, fireman on No. 36.

The wounded: W. B. Tunestall, of Danville, engineer of No. 36, badly scalded about the head, arms and face; J. C. Kinney, of Thomasville, engineer of No. 11, scalded about chest, back, arms and neck, will die; James Lovell, conductor of No. 11, cut on the face; Fitzhugh Lee, colored porter of No. 11, legs hurt; William S. Clements, East Durham, N. C., slightly burt; R. E. Gallagher, express messenger, hurt about the head and arms, also badly bruised.

HOW IT HAPPENED.

The north bound special was late in leaving Charlotte but was given the right of way, its orders being to pass the local train at Harrisburg, where there is a siding. No. 11 had slowed up preparatory to taking the siding and was but a hundred yards from the north end of the switch when the express, running at forty-five miles an hour, dashed into it. The two engines came together with a terrific crash which resembled a sharp crack of thun-

Just previous to the collision Fngineer Tunestall applied the air brake and jumped. Many of the passengers on No. 36 were thrown from the seats, but none of them were hurt. The two express cars on the north bound train were shattered into thousands of ple : is and soon after the accident the Austal car of the local caught fire, but by the use of chemicals the flames were extinguished.

A HORRIBLE DEATH. Postal Clerk Benton suffered a horrible death. His legs were pintoned so close to the boiler of the engine that he was being burned by the heat and steam. He begged piteously to his rescuers to cut off his legs and extricate him. Although every effort was
