

GREEK FLEET BLAZING AWAY

Reported That Col. Marros Has Hoisted the Greek Flag at Filiplada.

LARISSA MAY HAVE FALLEN

Greeks' Stubborn Resistance to Invasion Unexpected.

The Crown Prince Constantine Leaves Athens on Route for the Frontiers-Fighting Has Been Renewed at Damasi--The Turks Have Abandoned Strivina--Powder Magazine at Platomana Exploded by a Greek Shell and Great Loss of Life Resulted.

Athens, April 21--1.30 p. m.--It is reported that the Eastern Squadron of the Greek fleet is bombarding Platomana, on the west side of the Gulf of Salonica.

5 p. m.--Colonel Marros, in command of the Greek army operating against the Turks in Epirus, telegraphs that he has destroyed Imaret Port and has advanced without opposition to Filiplada, which place the Turks abandoned after burning it.

HAS LARISSA FALLEN? Salonica, April 21--It is rumored here that the Turks have captured Larissa. The report should be accepted with reserve, as no news has been received tending to confirm it.

Athens, April 21--The Greek ironclad Spetzai, which has been taking part in the bombardment of the Turkish fortifications at Preveza, has been ordered to Tsagheri, in the Gulf of Volo.

Advices received here from Larissa today say that the Greek army occupying Damasi, in Turkish territory, has repulsed the Turks and that the Greeks are maintaining their position in spite of the heavy cannonade which they have been subjected to by the Turkish artillery.

TRUKS TAKE KRICHORHA. London, April 21--A dispatch received from Constantinople at the Turkish legation here yesterday evening announced that the village of Krichorha, in Greek territory, had been occupied by the Turks and that the Turkish division, commanded by Nechast Pasha, operating against Tarnovo and Larissa, has carried all the position commanding the plain of Larissa.

Athens, April 21--Prince Constantine, the crown prince and commander-in-chief of the Greek army, has just left here for the frontiers of the Thessalian Plain, on the west shore of the Gulf of Salonica, as confirmed. The Greek fleet also bombarded the town of Laptokarya, adjoining Platomana. The powder magazine of the Turks at Platomana was exploded by a Greek shell causing great damage and loss of life to the enemy.

7 p. m.--Fighting has been renewed at Damasi, which is being cannonaded by a Greek brigade advancing from Boushazli. The Turks have occupied the posts of Ligazian and Karatino, which are strategically important, while the Greeks have advanced and occupied the Stali Hill.

A despatch from Arta says that the Turks have abandoned Strivina, beyond Filiplada, after burning it. The bombardment of Preveza continues, with increasing damage to the forts. After bombarding Platomana the squadron will proceed to Katerina.

Naples, April 21--The steamers Independence and Ante and the cruiser Fasuria have started with troops for Crete.

A TURKISH VICTORY. Foot of Milouna Pass, April 20--Afternoon--(Delayed transmission.)--The last height commanding Tarnovo was captured by the Turks. The infantry advance was supported by cavalry, the soldiers cheering lustily as they began the attack. Mondou Pasha has prepared to descend at 9 a. m. tomorrow in the Thessalian Plain. Taking the road to the left which skirts along the base of the foot hills, large bodies of cavalry will push forward to the front, while the infantry took possession of the buildings which the Greeks have left in their hurried retreat.

It was the task of Nechast Pasha to attack the Ithoski heights, the last Greek stronghold commanding Tarnovo. The Turkish batteries, each man dragged by fifty men, pushed forward and bombarded the Greek position. A deep ravine lay between the infantry forces of the two armies. It was strewn with heavy rocks and loose boulders.

After sharp fighting the Greek batteries withdrew but the Greek infantry continued to defend the position until compelled to retire.

Heavy firing has been heard from the direction of Zarkos throughout the afternoon, and the struggle at Karya still continues, each side, in turn advancing and retreating across the frontier.

Reinforcements were sent from this point last night (Monday) to Hamdi Pasha at Karya. When the arrive there it is expected that the Greeks will be finally repulsed.

The Greeks are now strongly in-

Comparative Strength of Turkey and Greece.

TOBACCO RELEASED.

Spanish Authorities at Havana Allow a Large Consignment to Be Shipped to New York.

PLACES IN THE GRANT PARADE

Settling Questions as to the Right of Precedence.

PRESIDENT M'KINLEY IS FIRST

Following the Grant Family Will Come the Carriages Containing the British Ambassador and the Diplomatic Corps--Last of the Vessels of the White Squadron Arrives--Preparations for the Naval Parade.

New York, April 21--The question of precedence in the presidential escort, which will be in advance of the Grant parade and the proper places for the diplomats to this country, is a problem that has been vexing the invitation committee.

Sir Julian Pauncefote, Her Britannic Majesty's ambassador at Washington, who was the first to be appointed to that rank when it was created in this country, claims the right of precedence next to the president, even ahead of the Grant family, and, possibly, the vice-president.

Mayor Strong said today that some time ago the invitation committee sent to the state department for a list of the rank and order of precedence of the diplomatic corps, and the war department was asked for similar information about the military officers.

The mayor said it had not been decided where to place the ambassadors or the Grant family. He refused to say whether the ambassadors would precede or follow the vice-president. The only thing definitely settled so far is that the president will head the parade.

General Dodge said today that the president would not be in the parade proper, but would leave the Fifth Avenue hotel at 9.30 o'clock, an hour before the parade moved from Madison Square.

The president will be in a carriage and with him will be the vice-president, Mayor Strong and General Horace Porter. His escort will be Squadron A.

Following the carriage containing the president will be the carriage with the members of the Grant family. Next will come carriages with the members of the diplomatic corps, with the British ambassador in the first one.

Then will follow carriages with the members of the Supreme court, senators in the usual order of precedence. The presidential party will proceed to the tomb by the same route as will the parade an hour later.

A NAVAL PARADE.

The monitor Terror, the last to arrive of the vessels of the White Squadron ordered here to participate in the naval demonstration on Tuesday in connection with the dedication of General Grant's tomb, joined the remainder of the fleet, now anchored off Tompkinsville, S. I., about 10 o'clock today.

The other ships arrived last evening. The whole of the fleet steamed from Norfolk, Va., about 5.30 o'clock Monday morning, but owing to the fact that the Terror can make only about six knots an hour in good and none at all in bad weather, she was dropped astern of Hampton Roads, after about four hours' steaming.

Thence she jogged steadily along, the atmospheric conditions favoring her in every way, up till yesterday morning, when a little bad weather was encountered, and consequent delay experienced. However, she reached Sandy Hook all right early this morning, and proceeded on up the bay, arriving at Tompkinsville, as before said, at about 10.30.

MYSTERIOUS DEATH.

Two Women 'sphyxiated in a Philadelphia Tenement. Philadelphia, April 21--Two dead bodies, one of a woman of advanced years and the other that of a girl in her teens, were found on a bed in the third story front room of the residence at the northwest corner of Berks and Alder streets at noon today. A full flow of gas, which was escaping from a bracket on the wall, told the manner of their death. The woman was Mrs. Hester Wolf, aged 75 years, and her companion was Emma Muscheck, the 15-year-old daughter of an accident.

The circumstance surrounding the affair are mysterious. The police are loath to favor the theory that death was self-sought, but cannot understand how the gas was turned on accidentally. Both bodies were lying upon the small bed, the child being against the wall, and Mrs. Wolf near the outer edge of the bed in a position which appeared as if she was about to rise.

LAURA KEENE'S RESIDENCE BURNED. Fair Haven, Mass., April 21--The house which was the residence here of the late actress Laura Keane, was burned to the ground, with its contents on Sunday morning. The house was the property of Dr. Lawson, of Brooklyn.

MAY BE CONSUL AT FERRIF. Youngstown, April 21--Word has been received here that Thomas R. Morgan, the manufacturer of Alliance, is to be named for Consul at Ferrif, several Youngstown Republicans were applicants for the place.

SENATOR MASON'S MAIDEN SPEECH

It is Signaled by Some Breezy Criticism on Rules.

HEARTY APPLAUSE FROM GALLERIES

He Thinks It Time to Send the Senate to Dry Dock and Have Baranaces Removed--Mr. Hoar Also Agrees That New Rules Are Needed. Probable Democratic Programme on the Tariff Bill.

Washington, April 21--Senator Mason, of Illinois, made his maiden speech in the senate today and signaled it by some breezy criticism on the antiquated rules of the senate. It was such a variation from the prosy debate of recent days that the senator received the hearty applause of crowded galleries. The speech was in support of a resolution introduced by the Illinois senator directing the committee on rules to report a rule by which debate could be closed and the previous question ordered. In this connection Mr. Mason sarcastically referred to the inaction of the senate on all great questions before it; the long and fruitless debate on Cuba; the delay of the arbitration treaty and the inability to say whether our difficulties are to be settled by arbitration or by the methods of Corbett and Fitzsimmons. It was time, he said, to send the senate into dry dock and rid it of accumulated barnacles. Mr. Hoar, of Massachusetts, replied briefly, pointing out that the other branch of congress was more open to criticism than the senate. He was in accord with Mr. Mason, however, on the need of new rules. A vote was taken on Mr. Gorman's motion to refer the Mason resolution to the rules committee, which prevailed, yeas 22, nays 24. A further discussion of the subject is promised, as Mr. Hoar has a pending resolution to discharge the committee on rules from further considering the reform of the rules. Most of the day was given to the hearing of the notes of the substitute and amendments will be taken at 3 p. m. tomorrow. It was agreed that a committee of fifteen senators should represent the senate at the coming Grant memorial ceremonies.

TARIFF PROGRAMME.

There has been some discussion of the probable programme of the Democratic members of the finance committee with reference to the tariff bill and it is learned that while their plans are not definitely matured they intend to have reasonable consideration of the bill in committee and believe that they will have the support of Senator Jones, of Nevada, upon the tariff bill they submit. The Democrats do not want an extended consideration in committee but may desire to offer some amendments after they have seen the bill, the adoption of which they consider they would be more likely to secure in the senate. It is said that in the open senate, if delay should ensue, the Democratic plan is not to delay the bill any longer than is necessary but that every senator desiring to discuss it shall have opportunity to do so before the record of the committee is laid. This policy the Democrats will pursue to the end. In this connection it may be stated that the Democrats of the senate do not approve the policy of Mr. Bailey and his fellow Democrats of the house. Attention is called to the fact that it was long ago said that the policy of Speaker Reed and the Republicans of the house are pursuing would be followed in order to direct attention to the delay of the tariff in the senate. If delay should ensue, the reason of debate by Democratic senators will be pointed out, Democratic senators say, that this delay is not endorsed by the majority of the Democrats of the house. The Balky Democrats will be endorsing the Republicans in their criticisms of the Democratic senators. It is not known whether or not the advice which the Democratic senatorial leaders are freely giving the Democrats of the house will be taken, but it is known that house Democrats have been advised that acquiescence in the Republican tactics is not good policy. The Democratic senators do not want criticisms which may be directed at them, to be indirectly endorsed by the Democratic members of the house. It is learned today that in the changes made in the tariff bill by the senate sub-committee in the metal schedule have been made very close to the present law and the same is said of the cotton schedule. The chemical schedule is understood to be about completed.

CLEVELAND'S PENSION ORDER.

President McKinley Has Concluded to Revoke the Edict.

Washington, April 21--Just before leaving this country, President Cleveland issued an order abolishing several important pension agencies, upon the ground that their existence was unnecessary and that the cessation of their work would be an economical movement on the part of the executive branch of the government. President McKinley has been besought by various state delegations to revoke or modify that order, but has given no intimation to any one concerning his intention. He referred the entire matter to the secretary of the interior about two weeks ago. Arguments have been made before him by senators and representatives who are interested in the retention of such agencies as those at Detroit, Milwaukee and Des Moines. Congressman Hull, of Iowa, today made a final argument in behalf of the retention of the Des Moines agency, and at its conclusion Secretary Bliss informed him that the president had concluded to revoke President Cleveland's order on that subject.

Landslide Killed Six Men. Spokane, Wash., April 21--As the result of a landslide near Sheep Creek, on the Red Mountain railroad, six men were killed and a number of others seriously injured. The men were employed on the railroad. Two of them were asleep in a camp when a huge landslide 300 feet wide swept over their camp.

Yang Yu's New Mission. Washington, April 21--Yang Yu, the minister of this country, who has been appointed minister to Russia, and whose successor at this post is on his way to Washington, will leave here on May 6, when he will take for France, where he will proceed immediately to St. Petersburg.

Eighteen Degrees at Mt. Peconic. Stroudsburg, Pa., April 21--The extreme cold weather of the past two days was followed last night by a heavy frost. Peaches and other fruit are believed to have suffered. At Mt. Peconic, yesterday the mercury was 15 degrees above, ice had formed in many of the streams and the ground frozen hard.

Western Frost Crop in Danger. Chicago, April 21--Unseasonably cold weather during the last three days has created the great fears among the fruit and vegetable growers in the northwestern part of Illinois and Indiana and the southern part of Wisconsin, the cold has been especially severe.

Chambermaid's Suicide. Philadelphia, April 21--Theresa Youm, aged 37 years, a chambermaid employed in Gerard college, committed suicide today by jumping from a fourth story window of one of the college buildings. She was instantly killed.

TARIFF IS THE KEY.

Speaker Reed Expresses His Opinion to Representatives of Labor Organizations--Their Assistance Asked.

Washington, April 21--Speaker Reed gave an interesting talk upon the present policy of the house and incidentally drew his views upon labor organizations today, in the course of one of the conferences which are of daily occurrence in the speaker's room. A delegation from the American Federation of Labor, headed by Samuel Gompers, the chief officer of the order, called to request action by the speaker and the house on matters in which the Federation is interested. Mr. Gompers said that there was great distress throughout the country and many unemployed and expressed a hope that congress would do all in its power to alleviate the distress.

Speaker Reed, in reply, expressed appreciation of the moderate and reasonable attitude of the laboring men. The labor organization, he said, was a necessary concomitant of the factory system. While in the old days laborers had been individually independent, the growth of the factory system had forced them to organize for the preservation of their rights and interests. He believed that results beneficial to humanity were coming from those organizations.

Referring to congressional action, the speaker said that only one thing

could be done at a time, and he was certain all would agree that the first thing to do was to get congress now way to arrive at a decision on the pending tariff bill one way or the other. He hoped the delegation would use its influence to mould public sentiment to ask for speedy action on the tariff bill as could be obtained.

IOWA'S TRIAL TRIP.

The Cramps Will Receive a Premium of \$374,000. Washington, April 21--The report of the naval trial board upon the official speed trial of the battleship Iowa has just been submitted to the secretary of the navy. It shows that the ship made a speed with all allowances made for tides and other interfering conditions of just 17.871 knots. As the contract requires a speed of 16 knots and provides for a bonus at the rate of \$300,000 per knot above that figure, the Cramps will receive a premium of \$374,000.

The board found that the ship was strong and well built in every particular, that her machinery worked well and that with a few trifling exceptions which will be met, she fully complies with the requirements of the contract.

CONSULAR APPOINTMENTS.

One New Yorker in the List Sent to the Senate Yesterday. Washington, April 21--The president today sent to the senate the following nominations: Thomas S. Harrison, of Pennsylvania, to be agent and consul general of the United States at Cairo, Egypt. James A. Smith, of Vermont, to be consul of the United States at Leghorn, Italy.

William Helmke, of New York, to be second secretary of the legation of the United States at the City of Mexico.

FIRE AT TULLAHOMA.

A Thriving Tennessee Town Burning. No Hope for the Business Portion--Damage \$300,000. Nashville, Tenn., April 21--Tullahoma, Tenn., south of Nashville, is burning and a special train has just left this city with fire engines and men. The fire started in the opera house block and has already caused an estimated damage of \$300,000. A high wind is blowing and there is no hope of saving the business portion of the town. The last report stated that the fire is within four buildings of the depot and the telegraph office. Tullahoma is a thriving town of 2,500 inhabitants on the Nashville, Chattanooga and St. Louis railroad, seventy-five miles south of Nashville, and a large number of the buildings burned are new, the town having suffered severely by fire some months ago.

TO INVESTIGATE CHARGES.

Gov. Hastings Signs Senate Resolution Concerning Insurance Bill. Harrisburg, April 21--Governor Hastings today signed and returned to the senate the resolution adopted by that body to investigate the charge that certain senators tried to blackmail a New York insurance company by threatening to pass a bill prohibiting infant insurance.

The specific allegation was that \$50,000 had been demanded from the company to defeat the bill. A committee to conduct the investigation will now be appointed.

Stricken in the Pulpit.

Lima, O., April 21--Great excitement was caused at the Diocesan church this evening when the Rev. Mr. Call fell in the pulpit from a paralytic stroke while making an address commemorative of the late Ralph Ewing, who was his companion in his boyhood. Mr. Call is over 80 years old, and was removed to his home, where he is dying.

Wreck on the Pennsylvania. Wilmington, Del., April 21--Six freight cars on the Delaware division of the Pennsylvania railroad tumbled over an embankment about a mile below this city tonight, the cars were badly damaged, but no one was injured. Traffic was delayed for three hours. A broken axle was the cause.

Mrs. Grant Will Attend. Washington, D. C., April 21--Mrs. Grant said today that she was going to New York next week to attend the ceremonies in honor of the late General Grant and that there was no basis for the reports that her health was too poor to permit her to be present.

New Military Instructor.

Washington, April 21--First Lieutenant W. H. Hay, Fifth Cavalry, has been called as military instructor at the Pennsylvania Military college, Chester, Pa., Sept. 7, relieving First Lieutenant George M. Williamson, Fifth Cavalry, who is ordered to join his troop.

Chambermaid's Suicide. Philadelphia, April 21--Theresa Youm, aged 37 years, a chambermaid employed in Gerard college, committed suicide today by jumping from a fourth story window of one of the college buildings. She was instantly killed.

PROMISED LAND LEVEE BREAKS

People Still Kept Busy Fighting Floods Along the Mississippi.

RIVER CONTINUES TO RISE

Disasters at Issaquena County, Mississippi.

Planters, Farmers, Laborers and Merchants Have Abandoned Business and Are Watching Weak Spots in the Levees--River is Steadily Rising at Quincy--Six Families Are Rescued by the Steamer Harry Hoek.

Jackson, Mich., April 21--A dispatch to the Associated Press from Greenville says the levee on Promise Land plantation, at Shipland, Issaquena county, broke at 9.30 this morning. It was eighteen feet high and backwater was already against it.

New Orleans, April 21--The gauge rose to 19.2 at one time yesterday and the impression along the Louisiana line in view of the subsequent fall, is that the flood wave came on a fair day, found the people prepared and passed on. Nevertheless, the crest of the flood wave has not yet been officially reported here and the river may go higher. The work of the past is as nothing to that going on now. Planters, farmers, laborers and merchants have abandoned everything else and are camping on the weak spots, nursing them with tender care and holding them against a mass of water which is almost inconceivable.

St. Louis, April 21--Here and at points on the Mississippi river north as far as Keokuk a rise of several inches is shown. The water at Booneville on the Missouri has risen 0.2 of a foot, but at Kansas City a decline greater than that is registered. Quincy, Ill., April 21--The Mississippi river at this point is steadily rising. The steamer Harry Hoek rescued six families whose homes in the bottoms north of the city were surrounded by water. At Warsaw, Ill., the Mississippi has passed the 15 foot mark and people are leaving portions of the districts protected by the levees. At Keithsburg, Ill., the river is at its highest point for several years, and the condition of the bottom and island farmers is pitiful.

KING OF THE CHALDEANS.

Once Arrested in This Country and Declared a Lunatic. San Francisco, April 21--The strangeness of truth has often been commented upon as exceeding the most fanciful flights of fiction. An illustration of this is furnished in the career of John Joseph Nouri, who has been crowned Patriarch of the Chaldean Pontifical cathedral at Trichur, Malabar, and is ruler over Syrian Chaldeans. Four years ago he was committed by Judge Walter H. Levy to an asylum for the insane at Napa, and the same day, until September, 1893, when by the efforts of M. M. Foote, president of the California Association for the Protection of Persons, he was restored to liberty.

On June 23, 1892, there arrived in this city from India a man, who by his dress, his manner and his speech was easily recognized as an Oriental religious student. Not less remarkable than his appearance was the story he told. He claimed to have discovered the remains of Noah's Ark, on the summit of Mount Ararat.

When released from the asylum Nouri claimed to have been robbed of four medals studded with diamonds, valued at \$2,500, the gift of the Chaldean Greek church, of a negotiable note for \$2,500 and of his credentials.

Dr. Chalmers Easton believed in him and helped him in his journey eastward. Later on he displayed his knowledge of Greek, Arabic and Hebrew, declaring that John Joseph Nouri, the deposed king of the Chaldeans, has been recognized and that the man who was booked as "unknown" in living in lunatic asylums in the United States government for \$5,000 damages for his ill treatment while on his sojourn here.

Now comes the climax to the story in the letter from Rev. John H. Barrows, declaring that John Joseph Nouri, the deposed king of the Chaldeans, has been recognized and that the man who was booked as "unknown" in living in lunatic asylums in the United States government for \$5,000 damages for his ill treatment while on his sojourn here.
