The Pimples That Bloom in The Spring

At no other season are Pimples and Humors so abundant or so annoying as in the Spring.

An unseasonably warm day, before change of winter clothing, heats the blood, and these Pimples and Humors itch and burn, and their annoyance, the suffering they cause, is known only to those afflicted.

At no time is a blood purifying medicine more effective than just before and during this season.

If your blood is not right (and whose is?) you are liable to be one of these sufferers this Spring.

A course of Hood's Sarsaparilla begun now and faithfully pursued will save you suffering and give you rugged health, so that you can thoroughly enjoy all the pleasures of the coming summer.

Pimples on the Face. "I have been troubled for three years with pimples on my face and body. I tried several remedies with only temporary relief. I am now taking Hood's Sarsaparilla and it is doing me a wonderful amount of good. My general health is greatly improved, and I feel very thankful for what Hood's Sarsaparilla has already done for me." MISS JANE JABROSEY, Burnham, Illinois.

A Clear Complexion.

"I have had a bad complexion owing to impure blood. I have been taking Hood's Sarsaparilla and my skin is now clear. Hood's Sarsaparilla has done me much good by purifying my blood." ANNIE D. MCCOY, Watsonton, Pennsylvania.

Is sold by all druggists. \$1; six for \$5. Prepared only by C. I. Hood & Co., Lowell, Mass. The Best Spring Medicine.

Bolls, Blotches, Sores, Pimples. "I have been afflicted for many years with impure blood, which manifested itself in erysipelas, boils, blotches, sores and pimples. I have used many medicines and found Hood's Sarsaparilla to be the best. I recommend Hood's Sarsaparilla to all who are affected with impure blood." ISAAC P. MARTIN, Walnut Hill, III.

Annoyed by Eruptions.

"I had eruptions caused by impure blood and at times they were very annoying. I was treated by physicians without benefit, and last winter I took a bottle of Hood's Sarsaparilla and found it helped me. I kept on until I had taken five bottles, and I am no longer annoyed with erup-tions." W. R. HUDSON, Natrons, Pa.
