THE COMMITTEE AT POTTSVILLE

Investigation of Destitution in the Mining Regions.

THE PRINCIPAL WITNESSES HEARD

Manager Leather of the Reading Coal Company on the Stand .- He Tells of the Output of Last Year -- Average Wages Paid to Miners .- A Number of Miners Arc

Pottsville, April 20,-Senators Willfam B. Meredith, of Kittanning, chairman; Harvey W. Haines, of York, and Representative Dunlap, of Philadelphia; Campbell, of Perry, and Roberts, of Wilkes-Barre, the investigating committee appointed by the legislature to inquire into the case of destitution in the coal regions met here today. Three sessions were held. The principal witness was General Manager Leather, of the Philadelphia and Reading Coal and Iron company. He testified that the company's annual capacity was from 10,000,000 to 11,000,000 tons per year at its fifty collieries scattered through Northumberland, Schuylkill, Columbia and Dauphin counties. Last year the output was 7,267,000 tons. During January, February and March the company had shipped 684,000 tons less than for the same period in 1896. The breakers operated but 18 9-10 days in December: 9-10 days in January; 8 in February and 8 8-10 in March. He said the extent of distribution is not as great as reported and attributed the cause of depression to lack of orders for coal. The average cost last year to produce a ton of coal was \$1.95 6-10. In the charges against the company are included cost of labor, supplies, material, royalty, taxes and interest. He denied that any preference was given any nationality in employing

The average wages paid last year were \$45 per month. Of the 28,360 employes 12,500 are of foreign birth. He believed that in the event of dissolution of the combination that the col-Heries would shut down within ten days. A number of miners were examined at the evening session. At the close of the testimony President John Fahy, of the United Mine Workers, was given permission to state his views, which he did at length. He e-Heved that some legislation should be adopted to bring relief.

HORSES UNFIT TO RIDE.

Gen. Gobin Explains the Incident in the Grant Parade.

Harrisburg, April 30.-Adjutant General Stewart and General Gobin are not anxious to discuss the incident in which Colonel Norman M. Smith figured while the Grant parade was in regress in New York. General Stewrt says he yet has to hear of the natter officially, while General Gobin ces not anticipate any further trouble denies that Colonel Smith was laced under arrest, and says:

The beasts which we were all furnished were unfit to ride, and myself and staff made a langhable spectacle Colonel Smith declined to ride the cart horse placed at his disposal and started to walk with his staff. I told him he was too old and too good a soldier Adjutant General Stewart offered Colonel Smith his steed, but it, too, was never intended for parade purposes."

BUTLER'S SENSATION.

Jas. M. Phillips Charged with Having Alienated Mrs. Bryan's Affections.

Butler, April 30 .- A sensation was created here this evening by an information made by Alonzo D. Bryan, a driller, against James M. Phillips, a wealthy oil man, for alienating the affections of Bryan's wife, and damages in the sum of \$20,000 are asked.

Eryan claims that during his absence from home between April 13 and Auguse 22, 1896, Phillips entered his here-tofore happy home, stole the affections of his wife, carried on illicit relations with her. It is said that the wronged husband secured an admission of guilt from his wife, though the information does not mention this fact, and then brought the suit. A capias was placed in the sheriff's hands for Phillips, but he is absent from town, and it has not yet been served.

stroyed by lightning, but was long known as a haunted house, workmen have just discovered the bones of a human being, which had evidently been there for several years. The stones had evidently been removed, then crudely replaced and smeared with mortar.

It is believed that these are the bones of an old peddler who was last seen alive near this house several years ago.

ROBBERS DROVE HIM MAD.

Prosperous New York Saddler Sand-

bagged and Crazed by Thugs. Altoona, April 30.—George Hartman, prosperous New York saddler, aged about 55 years, was captured in the woods below Altoona today, after having terrorized the inhabitants in that section for six days. Hartman was suffering from acute dementia, and was a veritable wild man when taken into custody.

A posse which apprehended the shricking, foaming madman, after repeated failures, was made up of Steward Bridenbaugh, of the Almshouse, several assistants and six constables. The captive was taken to the Almshouse and confined in the insane ward. He was emaciated almost to a skeleton, though his hands and feet were ab-normally enlarged from running bare-

foot and digging after roots. After receiving medical attention and being fed the madman regained his reason, and was bewildered at his surroundings. He gave his name as George Hartman, and his address as No. 415 East Eighty-first street, New

The story he told after regaining his strength was a harrowing one. Pour weeks ago he left his home in New York to visit a sister, Miss Elizabeth Hartman, in Pittsburg. He arrived in that city on the evening of his departure, and some time during that night was invelgled off Fifth avenue by two crooks and conducted into a side street where he was sand-bagged and robbed of \$35 and his gold watch. His mind was a blank after this until today. The authorities telegraphed to Hartnan's home in New York, ascertained that his story is perfectly true, and sent him home tonight.

STATE NEWS IN BRIEF.

DEAD MAN NOT IDENTIFIED .ranklin, Pa., April 20.—The mystery sur-ounding the man found floating in French creek, above this city, last night is still unsolved. Loomis, recently nominated minister to Venezuela by President McKinley, and Elizabeth, daughter of P. P. Mast, the millionaire manufacturer, were wedded at the Mast mansion. The bride's gown was heavy white satin, trimmed with tulle and duchess lace. Her veil was held in place by a coronet of diamonds and pearls, the gift of the groom.

At 9 o'clock a brilliant reception was given at the Lagonda club, which was decorated with thousands of roses. The bride and groom left for the east. Mr. oomis was formerly state librarian of Ohio, and under the Harrison administration was a consul in France, Later he was editor of the Cincinnati Tribune, and during the recent presidential compaign he represented the United Associated Presses at Canton.

GOLD WITHDRAWALS.

The Departure of \$1,000,000 in Colu Not Regarded with Apprehension.

Washington, April 30.-Today's withdrawal from the New York sub-treas-ury of \$4,000,000 in gold coin and bullion for export is not viewed with so prehension at the treasury department, ld officials of the department calling attention to the fact that during the last twenty years and more there has en an annual outward movement of gold from this country to Europe, usually beginning in April or May, and ending in mid-summer, and a corresponding return movement during the winter months.

The last three years, however, have been marked by abnormal gold move-ments, based on abnormal conditions which it is said no longer exist.

Manager Buckenberger, of the Stars, is reported to have said that Providence and Scranton were the strongest clubs in the Eastern.—Toronto Globe. Yes, and he reiterated that opinion to several persons before Thursday's game in Scranton.

One of the best evidences of what the

team will do when it really begins to hit, is that Reard and Daly, two of the heaviest sluggers in the league, have made but one hit between them in the two games. Daily got the hit yesterday. What will happen when the whole gang strikes its E. J. Coleman has purchased the score

card privilege for the season from the Scrapton association and is issuing a very neat eard on which a large number of the business houses of the city are represent-ed. Mr. Coleman's representative in ar-ranging the details for the issuing of the ard is Thomas Doyle.

Manager Powell ordered new uniforms

for the Coal Barons yesterday through the Kress Stationery company. They will be of blue gray material, black belts and stockings, the caps having black stripes with black buttons. The shirts will have "W.-B." lettered thereon and coats will be included in the uniforms.—Wilkes-Barre Record. Those letters "W.-B," will stand for "way-back" before the season

TROUT FISHING.

Reports from Many Points Indicate the Season a Good Onc -- Water Is Subsiding.

Within ten miles of this city the trout fishing is not yet at its best. This is due to the fact that in the vicinity of Scranton the streams find their outlets and are high with water. Back in the mountains, however, along the Delaware, Lackawanna and Western and Eric and Wyoming roads the R.H.E. water has lowered and the present ought to be the best time of the year in the smaller streams. Within two weeks or three the angler who choses to sport the fly and live bait can get the large speckled fellows in the Le-

> About Stroudsburg the brooks are nor to high and they are falling some a few days before perfect streams will be the joy of the many who are un-easy to begin operations. Cherry Creek and Brodheads are at the present time in better condition than any other in the county. Cherry creek in particular will afford local anglers much sport. Anglers from Scranton. Easton, Allentown, Bethlehem and other Eastern Pennsylvania towns will make their headquarters at Mc-Michael's and other points in the western part of the county, and fish in the Pocono principally and smaller streams in and around Tannersville. Philadelphians and New York men and some Brooklyn anglers are going to Canadensis, Mountain Home-and Spragueville, and they find Brodheads creek their delight. Good luck is reported from Marshall's creek.

The streams near Hazleton were well whipped during the past week. Quakake creek is the favorite stamping ground at present, and some excellent catches have been made. Albert Bittenbender is an angler who has done considerable to excite interest in this sport. He is credited with the largest catch ever made in this region, having eighty-seven trout to his credit in two hours. On Thursday he caught five trout, each of which measured 14 inches, Oley creek is now being visited by large crowds. On Tuesday the anglers tumbled over each other in their efforts to secure the speckled beauties. Lizard creek, Seybertville and Catawissa streams are crowded dally by enthusiasts, though, as far as can be learned, no extraordinary catches have been made. Theodore Bartlett has a record of 122 speckled beauties. This catch was made in the Brandonville stream, which is something extraordinary for this season. The fish are biting vic-iously at present, and the ordinary fly bait is being used with good effect.

From Wilkes-Barre the anglers are fishing the headwaters of Huntington creek with good success. County Treasurer Robinson, Captain E. C. Parker and Contractor Long are among the well-known fishermen who have had the best success. The latter caught 212 trout in three days. This catch was made in the Huntington.
