Isaac N. Forman, of Honesdale, has, says the Citizen, just discovered the whereabouts of a sister who disappeared some fifty-five years ago, when he was a mere child. Incidentally hearing that she was in or near Bethlehem, Northampton county, he inserted an advertisement of inquiry in the Daily Times, of that town, and greatly to his joy, in a few days received a letter from his sister, stating that she was happily married, had several children and a good home. There is to be a family reunion in a short time.

Last Monday evening at the annual meeting of the Young Men's Christian association directors, the following officeds were elected for the present year: President, L. H. May; vice president, R. E. Randali; second vice president, Benjamin Maxey; secretary, F. J. Osgood. Nathaniel Lang was re-elected Although the directors have been working under a disadvan-tage, yet they hope to be able to conthe work, and deserve the support of all of our citizens who have the moral welfare of the borough at

There is some talk of local bicyclists forming an organization. Richard Pollard is lying very ill at

his home on Main street. This evening Hillside Hose company. headed by the Forest City band, will parade Main street with its new wagon. The wagon weighs 1,600 pounds, is nine feet and four inches in length, three feet and eight inches wide and six and one-half feet high. It has steel axies with ball bearings and will hold one thousands feet of hose.

There will be a meeting of Enterprise Hose company at the fire rooms on Center street, Saturday evening, when W. J. Davies, of Scranton, will be present to fit on the new uniforms which he is making for the company. It is important that every member should be present.

Mrs. W. J. Maxey and Mrs. Thomas Brown, sr., were visitors in Carbondale

yesterday. The Carbondale and Forest City Traction company does not seem as anxious to extend its line to Forest City as it was several months ago. Ther the councilmen virtually shut the company out by imposing restrictions that everybody knew the corporation would not agree to. The present council, it is understood, favors the extension of the line along Main street and would grant a franchise with reasonable restrictions, but the company is not at present asking anything. J.

W. Aitken made the remark after the last occasion on which he endeavored to get in here that Forest City would be eager for the extension of the line before the company would again move in the matter. And there's nothing like keeping one's word.

### TO CURE NERVOUS DYSPEPSIA.

To Garn Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman.

No trouble is more common or more nisunderstood than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicire and spring remedies; the real seat were 151,516 stares, of the mishief is lost sight of; the Furnished by W after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headache; still others are troubled with loss of flesh and appetite, with accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind.; writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine were off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoricty, but is based on actual Respectfully yours,

A. W. Sharper, 61 Prospect St., Indianapolis, Ind. It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of stomach. They cure sour stomach, gas, loss of fiesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

paying a red cent of dog tax. We believe that in boroughs the dog tax goes toward a school library, and if each one of these doubtfully ornamental canines was assessed we might have a library that would be a credit to a city. As it is we collect about \$100 tax with a dog population of a little less than a thousand. The assessors should do as our friend, Dennis Casey, of Susquehanna, used to do. He carried a 48-calibre revolver in his hip pocket and whenever he found a dog that no one would own for fear of having to pay a tax he expeditiously ended its earthly career. The plan was a good one and we commend it to assessors in general. In conclusion the senti-

ment of non-deg owners is: I love my neighbor-as I should: l love him better if he would Have sense enough to sell or shoot His useless, good-for-nothing brute.

# THE MARKETS.

Wall Street Review.

New York, May 6 .- There was considera ble strength apparent in today's market, but it was due either to the combined ef-fect or the influence on individual stocks than to any development in affairs affecting values generally in the market. The narrowness of the market and its professional character left it very susceptible to such influences and the fact that the short interest has been largely reduced was shown by the small dimensions of the manipulative movements to offset the acvance.
