**MOVEMENT FOR** 

Harrisburg, May 10 .- The order of business in the house tonight was bills on first and second reading and a large number passed this stage. Among the bills passed second reading were the following: Increasing the number of inspectors of the Eastern penitentiary from five to twelve; permitting sheriffs and coroners to invite newspaper representatives to execurequiring a license to be taken out by transfent practitioners of medi-

cine who practice gratuitously. A concurrent resolution was offered by Mr. Bare, of Huntingdon, "that it is the sense of the legislature that no expense whatever should be incurred by the state on the occasion of the unveiling of the Washington monument next Saturday by reason of the participation thereat by the legislature, believing that the spirit of patriotism inspired by the act of our fellow citizens in creeting to the memory of George Washington, the finest monument on the American continent, as well as a sense of justice, should impel each member and senator to personally discharge any expense already incurred by the legislative committee to arrange for the trip as well as those that may necessarily accrue. Objection being made to the resolution it lies on the table.
