About a week ago work was begun n this city for the creetion of the coles for the new I uzerne County Telephone company, which was organized about a year ago, and which has since been soliciting enough subscribers to warrant going ahead with the work. Poles have already been erected on Welles and Lincoln treets and the men are now engaged in placing them on other streets on the Heights. It now looks as if the ompany means business. The company has the right, secured from the various boroughs, to erect poles and string wires in all of the surrounding towns, including Pittston and Nantioke, and another company has the right for Scranton and Lackawana county. It is believed that the two mpanies are virtually identical and hat the service of the two will be

The diamonds that are not displayed conspicuously are said to be the cost ilest. He wears diamonds upon his garter buckles, the buttons of his silk underwear have small dismonds set in them, and his suspender buckles are incrusted with gems. The chains of his suspenders are of gold. He carries with him a collection of umbrellas and cares, all of which have golden handles set with diamonds. He also carries matches in a diamond-ornamented match case and his eigars are offered to his companions from an elaborately enamelled and diamond incrusted cigar case. He lets his fad run unchecked in the matter of cuff buttons, searfpins, and shirt buttons. He has twelve ets of cur buttons, nearly as many sets of shirt buttons, and scarfpins innumerable, with the ornaments always liamonds. Of his many diamond rings of curious designs there is one that bears a solitaire turquoise set within a cluster of diamonds. This he calls his mascot, and he never lets it leave his possession. He does not wear it, but always carries it about with him.

Discipline at a Frontier Post.

From the Arizona Republican,
"It isn't so hard to obey the anti-street
ordinances," said Joseph Boise, an old soldier, yesterday. "An old soldier or sailor
never spits on the sidewalk, He has learned hetter in a military post or on a man-of-war's deck. I haven't spit on a pavement war's deck. I haven't spit on a payement for years; it is second nature for me to step to the gutter when I have to spit. That makes me think of a disciplining I once had for whistling. I was walking in front of the colonel's tent whistling. He sent for me and asked: 'Do you like to whistle?' I answered that I had been whistling. He detailed a guard to lead me down to the beach and keep me whistling down to the beach and keep me whistling to the fish till they went to roost that night. The guard was changed every two hours. I whistled every tune I knew, and when my repertoire was exhausted I whistled something original. I got fifteen minutes off once to smoke."

THE MARKETS.

Wall Street Review. New York, May 1.-The market was under steady, unremitting pressure today from one source or another and the result is a wide gap in the total valuation of securities compared with the close yes-terday which it would require many milifons of doltars to bridge. The only cheerful factor in the market was some small early buying for foreign account, which, however, failed to sustain values and the exceptional strength of the Gould shares. The total sales of stocks today were 131,900

Spring New York Produce Market.

During the colder season impure humors accumulate in the blood.

The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, winter's hearty food, fats and sweets, contribute more impurities.

This briefly explains the existence of Spring Humors-those unsightly eruptions, painful boils, annoying pimples and other affections, which make absolutely necessary the use Hood's Sarsaparilla at this season.

But with some people, impurities in the blood cause very different symptoms. The kidneys, liver and bowels are overmatched in their efforts to relieve the clogged system. Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.

From the same cause may also come scrofula, neuralgia sciatica or rheumatism.

All these troubles and more may properly be called "Spring Humors," and just as there is one cause, a cure is found in just one remedy, and that is Hood's Sarsaparilla.

Hood's Sarsaparilla purifies the impure blood. Hood's Sarsaparilla enriches that which is weak and thin. Hood's Sarsaparilla vitalizes that which lacks vitality.

Hood Sarsaparilla leads in Merit, Sales and Cures. For your Spring Medicine-to prevent or cure Spring Humors, and build up your health, take
