1 to the Scranton Tribune. anticoke, May 19 .- Today the fifth annual convention of the total zilnence societies of the Scranton church hall here. The morning session opened at 10.30 o'clock after mass was celebrated in St. Francis church by Rev. Francis McGuckin. All of the delegates were not present and President O'Hara decided to engage in no formal business until the afternoon. He made a brief address, counselling the delegates in the interest of a harmonious convention and urging them to dispatch the work at hand without unnecessary delay. Rev. E. J. Melley, of St. John's church, Scranton, the spiritual director of the union, then opened the convention with prayer and afterward made a brief address. He referred to the great work at hand and told the delegates to stand firm by the guns. The delegates were anxious to get down to business and President O'Hara appointed the following committee on credentials: D. A. Mack-in, M. J. McGill and P. T. Kilker. Adjournment was taken at 11.15 o'clock and the time for the opening of the aftermoon session designated at 1 o'clock.

THE AFTERNOON SESSION. Although the time set for the open ing of the afternoon session was 1 o'clock the delegates were slow in arriving and it was 1.30 before President O'Hara rapped the convention to or-der, Rev. E. J. Melley offered prayer and Rev. F. McGuckin, of St. Francis church, formally welcomed the dele-gates to Nanticoke. He spoke in a congratulatory strain to the delegates advising them of their duty as representatives of the total abstinence move ment. He urged them to remain firm as tetotalers and ever be faithful to the total abstinence, pledge. He told of the work done in the interest of no license in Montrose by himself and others and how the Sabbath breaking incident to the drinking of liquor there was wiped out. He said there was but two saloonkeepers in Nanticoke members of St. Francis church and caused a ripple of merriment to pass over the gathering by telling how one comes to law with regard to the selling of liquor rapidly. He then mentioned the names of the pioneers in the Father Mathew movement in Nanticoke, relating many of the amusing instances which oc-

EXPULSION OF ST. JOHN'S. The reading of the report of the committee on credentials by D. A. Mackin, of Wilkes-Barre, which omitted the name of the St. John's society, of the South Side, precipitated the first debate of the convention. Delegate M. J. O'Toole, of Scranton, stated that he did not believe the committee on credentials had any option but to report the credentials offered them when there was no contest. Mr. Mackin explained that the objection of Rev. J. A. O'Reilly, of Scranton, the spiritual director of the society, was filed with them, as well as the adverse report of the board of government ,and that they felt justified under the circumstances

to bring in such a report. Mr. McGrath, of the St. John's society, asked why the society was denied representation, but President O'Hara said that the society was not entitled to representation and went on to explain that the board of government made every reasonable effort to settle matters. Mr. Judge wanted it referred to a committee of five to settle it

Delegate Kelly, of St. John's Cadets, said that the society was not given a fair show and that while some said they were given a year to settle it, that it was not true. He further stated that when the former president of the union, John Devine, was told by Father O'Reilly to suspend the St. John's, that he did not because he wanted their four votes to elect him president.

DELEGATES WITHDREW. Delegate Lavelle, of the St. Patrick's society, said that he believed the members would apologize if given a chanc but they had had no time to do it. Delegate McLean said the board of government should withdraw its objections and see if the matter could not be fixed up tomorrow. A call was made for the question and the report of the committee was adopted by almost a unan-

The St. John's society representatives and the representatives of the Cadets then withdrew from the hall.

## DRUNK TWENTY YEARS.

A correspondent writes: "I was drunk on and off for over twenty years, drunk when I had money, sober when I had none. Many dear friends I lost, and numbers gave me good advice to no purpose; but thank God an aniel hand came at last in the form of my good wife, who administered your marvelous remedy, "Anti-Jag." to me without my knowledge or consent. I am now saved and completely transformed from a worthless fellow to a sober and respectable citizen." If "Anti-Jag" cannot be had at your drugglst, it will be mailed in plain wrapper with full directions how to give secretly, on receipt of One Dollar, by the Revons Chemical Go., 66 Broadway, New York, or they will gladly mail full particulars free.

The minutes of the previous convention were then approved and President O'Hara appointed the following com-

TREASURER'S REPORT. President O'Hara called for the report of the treasurer and Treasurer McDonnell submitted his report which tallied with the secretary's. It was referrred to the auditing committee: The report of the president was then read. It treater exhaustively with the work of the year. He spoke of the criticism which was heaped upon the union officers during the year and asked if the union wanted to pursue an expensive policy, that if it wished to do so a better showing would result. He told of the work of the women's societies and arged the continuance of their efforts. Vice President McCoy then made his report which was in the nature of a temperance lecture. The re-port of the vice president was ordered filed. Delegate Walsh asked if the of-

told that the reports were concluded. Chairman Mackin of the constitutional amendment committee of last year, reported several proposed amendments The first one, to raise the per capita tax, was laid on the table. The second, which prohibited the election of certain delegates to the national con-vention, was also tabled. An amendment presented at the meeting of the Second district in Scranton six months ago, was found to have been lost. It referred to the election of officers at the conclusion of the first day's session of convention. On motion all amendments were referred to the new constitutional committee.

New York, May 19.—Today's trading in the stock market though still narrow, was marked by a notable under current of strength, based partly on the apparent termination of the war between Turkey and Greece and partly to a conviction arrived at by public opinion in the street by its own processes of reasoning that the adminis tration at Washington has determined against any radical steps in regard to Cuba. The total sales of stocks today

were 178,861 shares.

Railway Men and Travelers Rely on Munyon.

M. Barnum, Chronicle Building, San uncisco, Pacific Coast Agent of the cen and Crescent Route, and formerly

a prominent business man of Buffalo, N. Y., says: "Munyon's Rheumatism Cure cured me and also several of my friends to whom I gave some of that great remedy. Before your agency was established on the coast I was compelled to send East for supplies of your remedies, and have always kept them on hand for the benefit of myself and friends. I carry a pocket case in my valise when traveling in case any of my chance acquaintances should need assistance. I have frequently given away some of the remedies to people in distress. I have great faith in Munyon's remedies."

Rheumatism is known as the stubbornest of diseases. It will not succumb to any kind of medicine except the right kind. Munyon has the right kind, and cures ninety-six per cent. of all cases submitted to his treatment. Munyon's Rheumatism Cure is guaranteed to be absolutely harmless and a strong tonic in building up the weak and debilitated.

Prof. Munyon puts up a separate cure for each disease. At all druggists, mostly 25 cents a vial. Personal letters to Prof. Munyon, 1,505 Arch Street, Philadelphia, Pa., answered with free medical advice for any disease.
