PONIES HIT THE BALL.

They Landed on It Oftener and Harder Than the Miners, and So Won a Just Victory.

The Ponies went back to Springfield tast night with a grasp on second position but with the Miners so close bebind that the former are not by any

means on easy street. For five innings in yesterday's game it was a stand-off as to which team would win but the Pony aggregation had been giving evidence of ability to strike a close acquaintance with Har-per, in fact they had been using him rather roughly at times while the Miners were kept very much in the back-ground by Wee Willie Mains, the Pony twirler. In the sixth and ninth innings Harper was hit for four bases in each which with his pitching errors and some fast base running gave the New Englanders three runs in each chapter and a sure-thing on the result.

The weather was not at all calculated to warm up the enthusiasm of the It was bright and sunny but the air was suggestive of wraps and overcoats and was stirred by a not too gentle breeze from the north. That

KNOWLES NOT SO BAD.

Umpire Knowles kept tabs on the argument. He is a dead ringer for "Jack' McHale, has a physique and moustache that ought to but doesn't awe the players and possesses the best voice in the business. He seemed much better qualified than Kennedy to ley, 1; by Roach, 1, Left on bases-Wilkesa salary. The Springfield draw were a little disposed to holler on Knowles' ball and strike decisions but they lost sight of the fact that their Wee Willie, who stands only six-feet-two in his socks, has a very deceptive cross-fire and overhand de-livery. It was certainly puzzling to the Miner crowd of hard hitters who made pary a plunker that was few was made nary a plunker that was for more So we shall not criticise Knowles. He did well enough yester-

It was Wellner's turn to do the rubber act for Scranton but he was set aside for a day on account of his shoulder-bound arm and Harper essayed to take the pounding. That Georgie was not at his best was shown in the two or three balls he invariably gave to almost every batter. Early in the argument he kept one triple, three doubles and two singles so well scattered for six innings that they developed but three rurs, two of which were made possible by O'Brien's muff. But in the sixth and ninth Georgie was prone to wildness and permitted the Puritans to bunch their sticking-and that settled it.

FIRST RUN-GETTING.

The Ponies were first at bat. All that fell to their portion was a hit which Beard blocked with a fast one-hand stop. The Miners did better. Meaney got a walk and O'Brien bunted safely, Meaney going to third on Main's failure to handle the ball which was being fielded on the bunt. Beard singled Meaney in and Jack to second. Daly's sacrifice advanced each a sack. O'Brien was forced by Massey at the plate and Bonner fanned.

Two runs and a lead of one were made by the Ponies in the second with two out when the side would have been retired but for O'Brien's error. Smith hit a high fly which O'Brien got beneath but his ankle turned on one of the hummocks that adorn the far outfield and he made a muff, Smith reaching second. Gilbert flew out to Massey and Duncan got a walk. Moore fouled out to Massey and that would have ended the inning but for the hummock and O'Brien's error. Mains scratched a safe one over first and the two runs came in. Fuller fanned.

Score 2-1. two out Harper walked and went to to second, Louisville to sixth and Chithird on Massey's single to right. Meaney started a steal and drew a throw from Duncan, Harper scoring while Meaney was being tagged. The latter reached second on the throw to the plate. O'Brien was thrown out at first.

Mob Attacks Hurst After the Game at

Pittsburg. Pittsburg, Pa., May 26.-Umpire Hurst was in the hands of a mob after today's game and was saved serious injury by the Pittsburg players dragging him into the club house. The general sentiment after yesterday's game was that Hurst's favors gave the Orioles the victory and a repe-tition today capped the climax in the minds of the crowd and after the game about 500 persons waited around the club house for the umpire. Hurst became in-censed and struck one of the crowd and was immediately jumped on by the mob. Ten policemen were called to escort him to his hotel. At Scranton Saturday; At Wilkes-Barre Monday morning; At Scranton Monday afternoon. At Wilkes-Barre Tuesday.

There is many a good reason for the fact that the Miners ought to win the majority of the games, while there are but two things to indicate that the club, may split even. However the former reans are so much in the majority that the ocal fans are looking forward to a killing oce in which the Miners won't be the dead ones. There is the old fear of the hoodoo, and the Scranton pitchers are not n the best of condition, but the hoodoo is to be driven to the woods and the Miners are to win, even though handicapped in the box department.

Today will see the first game of the series at Athletic park and then the games will alternate between the two cities. Given pleasant weather the avrage attendance ought to be 2,000 persons

A rare and peculiar situation developed in Tuesday's game at Easton between Lafayette and the University of Pennsylvania teams and was explaited to the writer by J. W. Dusenbury, of this city. Umpire Campbell, of the National league, had been sent by President Young to umpire the same. Lafayette were the teams. had been sent by President Young to umpire the game. Lafayette was at bat and

The puzzle was propounded to Umpire Gaffrey in this city last night. He declared that only the runner on third—and who had passed the man at first—should be out and that the run should country. The best solution of the matter was by Ollie Feard. He said: "All of them ought to have been arrested."

Last week's Ladies' Day saw over 150 of them at the game and today there will probably be a larger number, as Scranton's oppo-nent will be Wilkes-Barre and the ladies as well as the men will be out in force to root against the down-the-valley club.

Pitcher Failon returned yesterday from Cortland, N. Y., where he had been farmed for a year. He may be pitched in one of the Wilkes-Barro games. He was in the box for the Cortlands in their game with Canandagus, had 12 errors made behind him and was hit freely before the contest ended with the runs up in the 'teens on each side. Manager Griffin has not changed his opinion that Falion is com-petent and Captain Beard says he is better than the average pitcher in the league, Anyhow, their faith is so strong that the youngster will be tried if the club's older not be able to do any bag or sparring pitchers are not in form. "I can't quite agree with that suggestion of Duke Farrell's to ball players who lose their arms," observed Al Maul. "Farrell believes that an infielder whose arm fails him can, by practicing with his other arm a certain length of time, develop the knack of throwing, and within a few months will have taught his new throwing wing skill enough to play the outfield. This has been tried by players repeatedly, but they never succeeded in repeatedly, but they never succeeded in mastering the knack. A player could develop a new throwing arm if he began early enough in his life, say at the age of 16 or 17. But after manhood has set in. and the bones and muscles have developed, it is almost impossible to cultivate throw-ing with the left when the right is played out. When Larry Corcoran's pitching arm was failing him he began to practice pitching, and showed the patience of Job while attempting to domesti cate the left wing. He practiced long enough to get pretty fair command of the ball, but he couldn't pitch the curves, and when his working arm played out entirely he gave up pitching by the advice of his physician, who laughed at his attempts to cultivate speed and benders in his left

night from Wilkes-Barre and left with the Springfield club in a special sleeper for New York city en route east. Beard's two errors were made in one inning but were not costly. O'Brien made two runs possible and may be that decided the turn of the tide in the Ponies' favor. Rochester has signed an Indian catcher named Buckheart. He is a Carlisle Indian and has until now been catching for the Carlisle team. He has played in the Kan-

The story that Buffalo might take the Cleveland franchise is a ghost yarn. As President Franklin says, aere is more money in being one-two-three in the Eastern than a tailender in the National.

With one out and with the bases occurred by runners one of whom is on thirdpied by runners, one of whom is on third, Captain Ollie and his licutenants always take chances on a double play and run the risk of missing it, which would let the man at third score. M'COY THE WINNER.

Outclassed O'Brien and the Referee Stopped the Fight in the Tenth Round.

New York, May 26,-At the Palace Athletic club tonight, the welter-weight boxers Kid McCoy, who recently returned from South Africa, and Dick O'Brien, of Boston, met at catch weights for twenty-five rounds. O'Brien had the advantage in weight

The kid was the favorite in the betting, as much as 100 to 40 being said on him and a ton of money was wagered on him at odds of 2 and 3 to 1. McCoy was far the better ring general. He simply wore down his opponent, who, despite his gameness, was

outclassed, and after they had only gone half way through the tenth round, Referes Charley White stopped the fight and declared McCoy the win-

O'Brien was badly beaten, and the action of the referee was commended by all the spectators.

Mr. Kane suggests \$150 a side and the proceeds, the winner to take all. The weight suggested is 135 pounds, give or take three pounds. The sporting editor's letter was referred to Jack Skelly, of Brooklyn, and it is quite probable that the match will be made, though Skelly will probably insist that the weight shall be 138 pounds, give or take three.

Judge's hands are pretty badly used up as a result of his fifteen-round batwork for two weeks. This would prevent the men from coming together before about July 1. The go would be in Music hall, this city,
