MET HIM WITH A REVOLVER.

Carlo Martini Kills the Man Who Made an Appointment with His Wife.

New Orleans, May 27 .- Another Italan murder growing out of the elopement of a wife occurred near here today, but this time it was the husband who did the killing. Otherwise the murder was very much like the Delielo one of Sunday. Carlo Martini or, as he has Anglicized his name, Charles Martin, married in Italy some six years ago. The wife was only 15 years old at the time and claims that the marriage was forced on her. Martini being well to do, she married him, however, under orders from her parents, and gave up Vincenzo Sirchia, her schoolmate and sweetheart. A few months ago Vincenzo came to this country, having grown into a handsome young man. He visited Plaquemines and there he found his old sweetheart.

When the husband visited New Oreans Vincenzo persuaded Mrs. Martin to elope with him, and, taking \$3,000 of her husband's money, she started for New York. The husband acted quickly. As soon as he heard of the clope ment he sent telegrams and caught the couple at Monroe, La., where they were arrested. When Martin got there his wife declared that she had eloped in a

fit of temporary insanity, expressed Yesterday she received a letter from Vincenzo telling her he would reach Plaquemine this morning and to meet him at the depot. The husband filled the appointment instead. As the train reached the depot he sprang upon the cars, walked up the aisle where Vincenzo was seated, and shot at him three times. The young man fell to the floor, when Martin placed the pistol close to the head of the prostrate man and killed him.

FUNNY COLLEGE BOYS.

They Disturb Class Day Exercises with Queer Antic.

Beaver Falls, May 27 .- This was class day at Geneva college, and notwithstanding that many visitors were present, including ministers and elders who are delegates to the synod, the students became quite botsterous and some lively scenes were enacted.

When the chapel doors were opened 'dummy' was found suspended from the cailing, but this was removed before the performance commenced. During parts of the performance a perfect pendemonium reigned, the speakers' voices being drowned with whistling, cat calls, etc. There was at least a bushel of beans on the platform, with cabbages and onions, all being thrown from the gallery at the luckless performers who chanced to say a word which failed to meet with the ap-

proval of the younger students. While the show was in progress, a second "dummy" was hoisted from the ground on the outside of the building into the gallery, and by means of a rope suspended over the heads of the audience in the lower hall. A PECULIAR FACT. Thousands of People Have Dyspepsia

in Its Worst Form and Do

A week stomach is the cause of about nine-tenths of all disease, yet in most cases the wrong thing is treated and the true cause overlooked. This is because a weak digestion produces symptoms resembling rearly every disease because it weakens and disturbs the action of every nerve and organ in the body; poor ligestion causes heart trouble, kidney troubles, lung weakness and especially nervous break down or nervous prostration, the nerves cannot stand the wear and tear unless generously fed by well digested, wholesome food. New the direction group and no one need

writes: For the sake of suffering human

I tried many physicians and advertised remedies with only temporary relief for nervous dyspepsia and not until I commenced taking Stuart's Dyspepsia Tab-lets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach; in short, chronic nervous dyspepsis. I have recommended Stuart's Dyspepsia Tablets to many of my friends, and now it want in a public way to say they are the safest, pleasantest and I believe surest cure for stomach and nerve troubles. I write my honest opinion and I will gladly answer any letter of inquiry at any time and feel that I am, in my small way, help-

ing on a good cause.
Stuart's Dyspepsia Tablets is not a patent medicine, but they contain only the fruit salts, digestive acids and peptones necessary to help the weak stomach to promptly and thoroughly digest food. All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full sized package and anyone suffering from nervous dyspepsia, sour stomach, headaches, acidity, gases, belching, etc., will find them not only a quick relief but a radical cure.
