RAZOR ACROSS HIS THROAT.

Dead Body of a Supposed Suicide Found on the Mountain.

Wilkes-Barre, May 31 .- The dead body of an unknown man was found in woods about 100 feet east of the Central railroad station at Solomon's Gap, about 6 o'clock Saturday evening. About thirty feet from where the body lay was found a blood-stained razor, which, coupled with the fact that the throat of the dead man was cut from ear to ear, seemed to indicate that he had either been murdered or had committed suicide.

The body was that of a man appar ently about 35 or 40 years old. He had a light moustache, weighed 155 pounds and was dressed in a black suit and white shirt and collar. In the pockets of his clothing were found: A pocket knife, small looking glass, two small pieces of soap and a pipe and tobacco.

Deputy Coroner Gilbert instructed Undertaken Graham to take charge of the remains and inter them in the Ashley cemetery. Mr. Gilbert did not know that according to law all unidentified bodies of suspected suicides must be sent to the Jefferson Medical college, and what is to be done in this case hasn't yet been decided.

HER'S A TERRIBLE FATE.

Luzerne' County Young Woman Will Die from Fright.

Hagieton, May 31 .- Miss Alice Brice, of Ringtown, returned home much fatigued after a dance one night recently says the Sentinel. She went to the cupboard to partake of a lunch, and when she opened the doors the family cat, which had been locked in by mistake, leaped out and landed on her breast.

Miss Brice was so frightened that she fainted and fell heavily to the floor. She was shortly afterward restored to consciousness and apparently recovered from her mishap, assisting her mother in the household duties. Later her queer actions attracted the attention of the household and medical aid was quickly summoned. Soon she began to show unmistakeable signs of hydrophobia and in a short time she began to foam at the mouth and snap at everything. The sight of water or animals provoked the attacks and her sufferings were something awful.

She had to be pinioned to a bed and confined to a dark room. Her agony is so terrible that it is feared she will soon die.

TRIED TO JUMP A TRAIN.

Man Thrown from a Freight at East Towanda and Badly Bruised.

Towanda, May 31 .- There came near being another fatality at East Towano'clock a man apparently 35 years of In-law, Mr. S. R. Lilly, of Keystone acage and claiming to be an engineer on ademy. the Seaboard Air line, attempted to board a south bound freight a short distance above the station, and was thrown in a very ugly manner.

When he picked himself up one hip was found to be quite badly bruised, and his face badly cut and scatched.

DROWNED IN A BARREL.

class amateur team in the two counties. The members who have just returned after playing several games with other teams, have improved won-derfully and it requires a little agility on the part of the other members to keep up with them and this they are competent of doing. On Saturday they defeated the Olyphant team in a well played game and on Sunday they came off victorious in a mild game with the Minooka team. The funeral of Mrs. Sammon took

place yesterday afternoon and was largely attended. Interment was made in St. Mary's cemetery. Misses Mary Maloney, Ella Creman,

Vina Gibbons, B. Reap, Nettle Druffler and Alice Morahan were visitors in Scranton yesterday.

The Shoemaker heirs of the Stark estate have begun a suit against the Co-operative association to recover

property sold to it some time since. The claim is that the association has not a clear title to the property, because the surface has been sold without the consent of one of the heirs. The Stark heirs have sold several lots in Moosic belonging to the estate and the purcharers will eagerly await the de-

cision of the courts in this case. On Sunday evening while Joseph, the 6-year-old son of Mrs. Kelly was playing in a field a short distance away from the house, he accidentally struck against a sharp stick which pierced the ball of his eye. He was cared for at once, but it is feared that the other eye will become affected, and it will

be a difficult matter to save the child from becoming blind.

FACTORYVILLE.

Saturday last was duly observed in this place as Decoration day. Captain E. J. Rice post, Grand Army of the Republic, headed the parade which formed at 1.30 and was led to Evergreen cemetery, by Keystone band, of this place, where the remaining heroes of the late war decorated with flowers jured, and who has been under treatand the stars and stripes the graves of their departed comrades. Dr. J. H. Harris, of Bucknell university, delivered the memorial address, which was a very able one, and one such as only a Grand Army Republic man could make. The Ladies' circle of the Grand

Army of the Republic served refreshments in the town hall during the day and evening, and netted a nice sum from the proceeds. As predicted the Taylor Reds base ball club came up here last Saturday

morning to get a few pointers from our old and reliable Keystone club. And they got them to at the rate of Mr. Frank Lewis, of Lima, Ohio, is

visiting relatives at this place. Frank was formerly a Factoryville lad, but like many others he went to the wild west when a mere boy and grew up with the country. At the present time he occupies a very responsible position with one of the leading railroads

of the West. Frank Simonson, of Scranton, came up on his wheel last Sunday morning da last Saturday morning. About 11 and spent the day with his brother-

FINED THE CORPSE.

How a Texas Dogberry Upheld the Majesty of the Law.

Texas is a big state and has a large population, including many men of great eminence. But there is no man in that whole sovereignty, says Leslie's Weekly, with a more refuigent glory than Judge Roy Bean, of Langtry, who declares that he is the "law west of the Pecos." West of the Pecos river in Texas there are no limitations to Judge Bean's jurisdiction, and he does not, it has been hinted, let mere statutes, "as in such cases made and pro vided," influence him to any great extent in his desire to make the pun ishment fit the crime. There is an anecdote told of him

when he sat as coroner and held an inquest on the body of a man who had met a violent death by falling from the great rallway bridge that spans the Pecos river. An examination showed that the man had a revolver and \$40 in cash in his pockets when he was killed. After swearing in a jury and looking over the effects of the dead man, Judge Bean said: "Gentlemen of the jury, there ain't no doubt how this man came to his death; that's all plain; but what I would like to know is why in the name of thunder he carried that gun. Now, gentlemen, it's agin the law to carry a concealed and loaded gun in the state of Texas, and jist because this gentleman took it into his head to get killed I don't mean to let him offend the peace and
