THE ARREST OF 41 ANARCHISTS

Were Friends of Berkmann, Who Shot H. C. Frick.

NOLD AND BAUER IN THE CROWD

They Were Holding a Pic "cin Pittsburg for the Benefit of ', wo of Berkmann's Accomplices Who Were Retained by Police on Trivial Charges.

Pittsburg, Pa., May 31.-Forty-one Henry Bauer were in the crowd. They were released recently from the penitentiary, whither they had been sent as accomplices of Alexander Berkmann, who shot and wounded H. C. Frick during the Homestead strike.

Tonight in his cell at the Oakland police station Bauer told a hard-luck story of his efforts to obtain work since his release.

"The picnic," he said, "was for the benefit of Nold and myself. have 't a cent of money. Since my release I have tried to obtain work. Times are hard, but I found several places where a good cabinet maker was wanted. They asked my name, 'Henry Bauer,' said I. 'Henry Bauer?' they inquired. 'Yes,' answered I. 'I served a term in the penitentiary, convicted of being Berkmann's accomplice,' Then they laughed in my face and said: 'We can't hire an Anarchist convict."

The picnic was held this afternoon on Bishoff's farm, near Hazelwood, in the city limits. The Anarchists and their female friends were there in full force, and lots of spectators assembled. Forty kegs of beer were there to be sold. A shooting gallery was set up, the baskets that Bauer made in prison were raffled off, the band played, and everybody danced, forgetting that the laws of the city ordinances forbid such money-making schemes and the sort of noise the crowd was making. Suddenly two patrol wagons appeared, manned by fourteen policemen and a police inspector, captain and lieutenant Forty-one male prisoners were loaded on, none making an attempt to escape. The women were allowed to go.

Later nineteen of the prisoners were released on forfeits, Mrs. Nold, Bauer's former wife, putting up the money for her husband. The charge against the prisoners is only disorderly conduct, the police having decided not to press the charge of selling liquor without a

HOWARD MANN WINS **BROOKLYN HANDICAP**

Exciting Events on the Track at Gravesend.

RACE WITNESSED BY THOUSANDS

They Fill the Grand Stand and Swarm About the Tracks .- The Mud Ankle Deep on the Track--Handspring Undoubtedly the Favorite Before

New York, May 31.-It was a light weight this time in the mud, and how the crowd cheered when Howard Mann galloped home, almost alone, in the Brooklyn handicap at Gravesend this afternoon. The crowd was like that on the day the long shot Diablo walked off with the stake, for there was barely an inch of space in the grand stand and on the lawn that was not occupied when the race was being run and jundreds of people had swarmed across the track ankle deep in mud to get a good position in the infield. Toward noon the rain ceased, the sun began to dissipate the fog, and by the time people were beginning to think of starting for the race track it was a beautiful spring day. All the entries looked absolutely fit and able to run for their lives and Handspring seemed the king of them all as he pranced at the head of the string. He was undoubtedly the favorite.

There was much surprise at the ap earance of Howard Mann, but he had been sent instead of The Winner, as he was a good mud horse. They were at the post but a few minutes, and made but one false break. At half past four the starter caught them in line, the barrier was raised, the red flag swished through the air and the eleven thoroughbreds were off on their journey at the end of which \$10,000 was hung up for the leaders. "Skeets" Marten, always quick, was first away, and for an instant Howard Mann showed in front. The Swain, however, soon took the lead away from him and half a length in front set a good pace down the stretch for the first to 1 and even, won by four lengths; Lake time. In the first few jumps Simms Shore, 106, Scherrer, 10 to 1 and 4 to 1, secbrought Handspring up into third place and then held him there a length behind the Swain, and with heads only and Sir Walter. As the runners came to the judges' stand for the first time they seemed to gather speed with each jump and the first quarter was completed in 25 seconds, with the Swain still in front by half a length, Howard Mann in second place by a length, Handspring third, Belmar fourth, Loki fifth, and the others close up.

THE HASTY TURN.

Then came a hasty turn near the paddock, and the boys steadied their nounts for the effort to hold their places in spite of the crowding and The turn was navigated in whing. safety without any material change in the order, with the exception of Volley, who did not seem able to untrack himself and was floundering in the deep mud. The furlong around the two turns was run in 121/2 seconds, good time for the going. As they straightened out for the long run up the back stretch, Simms conclude that it was lime to get a little nearer to the flying eaders, and began to urge Handspring The net result was to bring him up within a short head of Howard Mann, but still the Swain was in the ead, with no sign of distress. The half mile pole was passed in that order in 50% seconds, excellent time, considerng the mud and with the exception of Volley, still floundering in the rear, the general appearance of things was unchanged. It took 13 seconds to go to the next furlong and in that short space of time there were many changes. Voley woke up considerably and left Ben Eder and Jefferson to look after the rear ranks, while Lake Shore and King Arthur began to move up as well, the leaders still running as they had been almost since the start. As they neared the three-quarter pole it could be seen that Simms was doing a good deal of urging on Handspring, under the influence of which the big son of Hanover was cutting down the gap which separated him from the leaders, and it looked as if he might make them all run. They passed the three-quarter mark in 1.15%, having put a rapid furlong behind them, and with little change in position although the distances were a little different. Then came a crack in the atmosphere

and before the Swain or Handspring knew what had happened Howard Mann was a length in front of the

Loki, too, had come up with a rush and was in the second place, a head in front of Handspring, with Belmar in ourth place, but already beginning to feel his weight and the rapid pace of the lenders. They were at the head of the stretch with a mile behind them, in the fast time of 1.42 1-4 and Howard of Mann had not faltered.

NEARING THE GOAL.

Now they were fairly straightened out for home, and the judges were in sight. Martin hitched a little uneasily on Howard Mann as he was getting near the goal, and at the last furlong pole, he began driving a little, although he was two lengths to the good. But be could hear the shouts of "Lake Shore" and "Volley" from the crowd and he did not care to take any chances and did not dare to look back so he kept his mount in motion, determined not to lose when he had but a short distance to go. It was but a few seconds more, however, and as the timers' watches stopped at 2.09 3-4 he sent Howard Mann past the post four lengths in front of Lake Shore, who

The game to be played on No. 12 school grounds at 230 p. will come back. When using dressings or blackings use the least you canyou will have more luster-the shoes wear longer. Always keep the heels straight-this relieves the strain and makes the shoe fit the rubbers better and keeps the rubbers from wearing out at the heel. Don't let the sole become far gone before repairing. Don't have stiff shoes put on because they are cheaper. The uppers are not as good as new and will not stand the strain. When taking off the shoes use the hands and not the feet. Unlace shoes all the way down-there'll be no taking-off and putting-on strain. Buttoned shoes should be buttoned whether on the foot or off-that keeps the shape.

> When you put your shoes away for next season's wear, stuff them full of cotton batting, pressing it in as hard as you can. That will keep them from curling up. Don't put rubbers away with leather goods, as the leather oil will blister the rubber, Patent leather shoes must be kept in a warm placedon't put them on when they are cold -in cold weather look out for them, and don't go outdoors until they have been on fifteen minutes.
