M'GREAVY'S VERSION OF THE CASE. It Shows That Riceman Was Neither Robbed Nor Assaulted.

Bernard McGreavy came, down from Chinchilla yesterday afternoon with exactly twenty of his friends who he wanted to use as witnesses in the case of assault and battery and robbery which Nathan Riceman brought brought against him last Tuesday.

It might be remembered that Rice man swere at the preliminary hearing that McGreavy induced him to enter a barn and then he pounced upon Riceman and took \$7 or \$8 from his pockets. What seems to be the facts in the case came out yesterday at the hearing.

Riceman owed McGreavy \$5 for calves. Riceman wanted to buy other calves and went to McGreavy for that purpose. McGreavy asked him for money. Riceman paid over \$1,60. Mc-Greavy refused to sell any more calves until the balance of \$3.40 was paid. Riceman suggested that McGreavy "set 'em up." McGreavy complied. Ricaman drank whisky. When Riceman got home he brought the suit against McGreavy.

Only one of the twenty witnesses was sworn. Riceman's case was dismissed and he paid the costs.

MR. SHOTTEN HAS SOME NEW CHARGES

They Are Directed Against Dr. M. J. Williams, Out-Door Physician.

WERE REFERRED TO A COMMITTEE

The Charges Were in Writing and the Rending of Them Caused a Spirited Debate Between Directors Shotten and Paine .- Number of Applications for Relief Were Made to the Board .- Compressor Will Be Started on Monday.

The meeting of the poor board yeserday afternoon bad certain excitable features. Foremost and warmer than the rest was an outburst by Director Shotten, of the North End. against Dr. M. J. Williams, who is the out door physician for the Hyde Park and Providence districts.

The trouble has struck fire at sever-

al previous meetings, Mr. Shotten presenting charges of neglect against Dr. Williams. Director Paine of the West Side, is Dr. Williams' champion. Yesterday the meeting was a very ng one. An unusual number of aplications had been listened to without any friction on the part of the Present were: President Langstaff, and Directors Brooks, Murphy. Fuller, Shotten, Paine and Secretary Lynett. The applications had disposed of, reports had been read and received when Director Shotten arose from his seat and in a way asked that an out-door physician be granted to his section, the Peckville, North End. He wanted the West Side listrict divided. The office of the pres ent and sole physician, Dr. Williams s, said Director Shotten, too far away for the convenience of the North End

Then Director Shotten resumed his seat.

DR. PAINE OBJECTED. Director Paine slowly and as if colecting his thoughts, arose and in a ersuasive way expressed his opinion that a change could not be made at this time-the board would have to wait until January 1. Director Shotten did not see why this delay. Had not Dr. Williams taken the position one year ago? He thought the change could be made now just as well as on January 1, 1898. Director Paine could not be convinced and persisted on a postponement of a division of the dis-

Director Shotten arose and told the board how difficult it is to have communication with Dr. Williams, "He has a telephone," interrupted

Director Paine. "Yes," retorted Director Shotton; but its an old machine and is not on the metallic circuit. You can't understand what is said. When you talk to Dr. Williams over the telephone all he says back is 'what's that?' 'what's

Director Paine insisted on this point that the new physician could not be appointed at this time. This persistency finally brought Director Shotten to his feet and placing his hand on his coat inside pocket he drew forth a paper. Then, walking over to Secretary Lynett, his voice shaking from excitement, he exclaimed: "Mr. Secretary, I want you to read

this?" READING THE CHARGES

Secretary Lynett began to read. The paper contained a prepared statement written by Director Shotten setting forth his grievances. Director Shotten first showed the necessity of an out door physician in his district. He stated that the North End section was as much entitled to the services of a physician as the Hyde Park end. He designated the lack of attention as an inhumanity. The statement grew gradually in fierceness, names of neglected patients were cited and one of these, Henry Gave, of the North End, was quoted by Dr. Shotten to say among other things that when Dr. Williams called at the house where Gave boards to attend a patient "his (Dr Williams') actions were ungentleman-

At this point Director Paine sprang from his seat.

"This is going too far!" he cried. At the same time President Langstaff was saying something to the same effect, Dr. Paine continued: "The board has decided upon a rule whereby such cases as this will be heard." He referred to the recently

rule of the board to receive all charges against its officers by committee appointed for the purpose.

"I know," said Director Shotten arising to his feet; "Dr. Paine has introduced a rule making such matters 'star chamber!'"

There was strong objection to this expression by President Langstaff and Director Paine. Continuing Director Shotten was saying that "this matter has been before the board before."

TOO MUCH OF IT.

"Yes," interrupted President Langstaff; "it has been before the board too

For the time this ended the rumpus Directors Fuller, Brooks and Murphy sat through it all as spectators only. After the transaction of minor business Mr. Shotten, who had re-taken his statement from the secretary's hands and consulted for a few min-utes with Director Brooks, arose and requested that the president appoint a committee of four to act upon the com-

munication. President Langstaff complied, naming Directors Brooks, Murphy and Fuller. This committee will report at the next meeting of the board.

A short session was held after the adjournment of the board but the decision, if any was made, was retained from the press. The letter which Director Shotten submitted was also withheld.

The business transacted by the board was of great extent. Nearly a score of personal applications were disposed of. Ellen Duggan, of Cedar avenue, had her portion discontinued by Director Terppe because he had been informed she sold liquor. She said the report was scandalous, untrue. The case was over. The wife of Andrew Polya, the man convicted of murder and ent to the penitentiary, applied for She has two small children. The coard allowed her \$6 per month.

Director Brooks reported that the empressed air pump at the Home will be started Monday. The report of Superintendent Beemer showed that there are at present at the Home 380 persons. Drs. Gunster and Bernstein read their reports.

WEST POINT CANDIDATES.

Fourteen of Them Subjected to Examination Yesterday.

Fourteen hopeful applicants were examined for the West Point appointment from this district. The examinations were conducted in the board of control room in the city hall by Superintendent Howell, of the city public schools; Superintendent Taylor, of the county schools and Professor Buell, of the School of the Lackawanna.

All the physical evaminations were to have been made Thursday night but there was an error in announcing the time and only six applicants were examined. One of these was rejected The nine who have not been examined physically may not be subjected to i unless from among them are named the one principal and the alternate for the appointment.

Professors Howell, Taylor and Buell relieved each other during the day. As fast as one subject was finished, the papers were marked with a fictitious name and gathered by an assistant. The examiners will not compare the fictitious names with the names of the applicants slated in separate envelopes until after the result of the examination is known

The papers will be marked during today. Tonight the board of examiners will meet at the Hotel Jermyn and compile the markings and thus determine what two candidates have been

BOYS STOLE ICE CREAM.

They Avoided Punishment by Paying

for the Stolen Sweetness. Detective Moir last night arrested Arthur Burkhouse, Tommie Phillips Ben Gilligan and Harry Warner, all from the "hill for stealing a can o cream from in front of Albert Shultz's pharmacy, corner of Mulberry street and Webster avenue. The theft was committed last Satur

day night. Druggist Shultz had permitted the can to remain in a hallway the door of which was unlocked. When e went to look for it the can was gone. Yesterday the mystery was unraveled. A white something was seen to decorate a pile of garbage in a field near the store and from this clue the arrest of the four boys was made. It was earned that the urchins gorged themselves with all they could eat of three gallons of cream and then dumped the

surplus on the garbage heap. The boys were taken before Alderman Millar on a warrant sworn out by Chief of Police Robling and given a hearing last night. The case was amicably settled, the boys paying for the cream and also the costs of prosecution.
