## AN INFORMAL RECEPTION

Tendered to W. Gaylord Thomas, the New Grand Master of the I. O. O. F. of the State.

A memorable event in the annals of Stoum lodge, No. 976, Independent Order of Odd Fellows, occurred Saturday evening. Immediately following the regular business session held in Masonic hall, the lodge tendered one of its members, W. Gaylord Thomas, an informal reception of a generous and hearty nature. There were many visiting brethren from numerous lodges and all fully enjoyed themselves, and none more than the recipient of this signal honor.

The occasion was in honor of Mr. Thomas' recent election to the highest office in the order's state body, that of grand master. This honor was conferred unanimously at the convention held in Williamsport in May. No formal programme was prepared for the occasion.

Past grand of Stoum lodge, Richard H. Williams, was presiding officer, and he called upon Ben Griffiths to sing one of his inimitable solos. Then followed several congratulatory speeches from Matt Carvers, John H. Kelly and Joshua R. Thomas and Alderman John T. Howe. The tenor of their remarks was that the selection of Mr. Thomas to the high position of grand master was fitting and their words expressed the sentiment of all that he was the right man in the right place. In response to a general request Ben Griffiths recited "The Charge of the Light Brigade."

Other addresses of commendation and all satisfaction of the elevation of their brother member were made by Captain James Mott, E. T. Davis, Louis Schantz, Charles Corliss, Charles Oliver, Martin Joyce, Evan J. Williams and John Hale. To all these addresses of brotherly regard Grand Master Thomas responded in a feeling manner. He stated that he indeed was an inspiring testimonial. Their appreciation and encouragement would certainly cause him to redouble his efforts on behalf of his brethren and beloved order. His remarks were received with hearty applause.

Mail Carrier E. D. Jones then read a Welsh love letter which incited considerable mirth. A tenor solo, "Mona," sung by David Stephens, accompanied by Professor Louis Watkins, was the closing number and was accorded an encore.

The meetings were then adjourned and all proceeded to Co-operative hall and partook of light refreshments served by the committee. Cigars were passed later and after some general conversation in reference to the coming general rally, this pleasant affair came to a close.

## COMING NEXT WEEK

On Thursday next WEST SIDERS will have an opportunity of enjoying an unusual musical affair. Crump's band will hold a band contest in the afternoon and in the evening at St. David's hall a concert and social. There will be six contesting bands on the piece, "Cosmos," by Altohouse, of Reading.

The prize is a large silver loving-cup. Each band must march while rendering the piece. Later, in the hall, the bands will contest for a prize of \$70 on the overture, "Le Diademe," published by J. W. Pappert, of Philadelphia. For the evening's exercises an excellent programme has been arranged.

## DAVID OWENS INJURED.

David Owens, a student of Bloomsburg State Normal school, received a painful injury to one of his thumbs on Wednesday last while playing ball. Mr. Owens is the first baseman of the school team and plays a strong game. While endeavoring to catch a difficult fly he cut his thumb upon one of the brass buckles on the glove. On Friday his hand and arm became swollen to an alarming extent and on Saturday he came home and submitted to an operation by Dr. G. B. Reynolds. In all probability the danger from blood poisoning is now removed. Mr. Owens is a well known West Side boy and resides with his parents on South Lincoln avenue.

## MEETING OF LITERARY CLUB.

The first order of business was the election of officers for the ensuing term and the following were chosen: President, Miss Rachel Powell; secretary, Herbert Hall; committee on programme, Rev. John Griffiths, Miss Kate Chase and John F. York. The programme of the evening was devoted to poetry and prose. Rev. John Griffiths spoke upon "The Influence of Poetry upon Life," and several selections from Bryant, Longfellow, Whittier and W. Holmes were given by Mrs. Hutchinson, the Misses Ida Lewis, Rachel Powell, Grace R. Peck and W. T. Bural. In addition each member related some anecdote of his or her favorite American author.

## YOUNG MEN QUARREL.

Tom Harris and Billy Williams, two Hyde Park youths, got into a quarrel at 10 o'clock last night on Hampton street and as a result young Williams was confined to his father's home at 186 Hampton street, suffering from a bad contusion on the left side of his body where Harris kicked him. Dr. George B. Reynolds, who was called to attend Williams found that his injury is a serious one and the probability is that he is hurt internally. Harris will be arrested.

## BABY WAS THE CAUSE.

On Saturday Frank Woshenski, who boards with Mrs. Mary Hutchick, of 1608 Division street, brought home a baby of about four months of age. He would or could not explain from whence it came and Mrs. Hutchick thought it a shame and told him to take it to a home. Frank refused and last evening an outbreak occurred between them. Frank claims the woman came upstairs to his room and struck him on the head with a piece of firewood five or six times. Woshenski ungallantly struck her upon her head with a beer glass. Three wounds were inflicted, the glass breaking and fruit social in St. David's hall a concert and social. There will be six contesting bands on the piece, "Cosmos," by Altohouse, of Reading.

As you walk along Cedar avenue from Birch street to River street, you cannot help but admire the beautiful trees and you are prompted to wonder by what right or authority these companies send men out to climb those trees and strip the bark off their spurs in order to repair the wires or to attach other wires to the trees. Hundreds of dollars worth of valuable trees have been destroyed by this practice.

## WHAT IS YOUR TRADE?

Each Trade or Occupation Has Its Special Disease.

It is well known among medical men that certain diseases are more readily developed in certain occupations than in others. That each occupation has its attendant physical weaknesses, Engineers, railroad men and similar occupations suffer most from kidney troubles and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact the armies of people whose business keeps them indoors, are oftentimes great sufferers from piles and constipation. In this connection the following letter is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. P. Caihoun, notary public and jeweler and watchmaker, of Circleville, W. Va., writes as follows:

I had been a severe sufferer from piles for years and had tried many remedies with but little benefit, when about three years ago I saw the Pyramid Pile Cure advertised and sent for it.

I was badly afflicted when I got them, but after only two applications the piles disappeared and from that day this has never felt a symptom of the disease.

I feel that I cannot recommend them too highly to sufferers from piles.

The Pyramid Pile Cure is free from cocaine, opium or any mineral poison, absolutely safe, pleasant and painless; sold by druggists at 50 cents per package. If there is any constipation the Pyramid Pills should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful and popular pile cure ever placed on the market and its reputation as a safe and radical cure is only resulted from the personal recommendation of those who have been cured of this distressing ailment.

Send to Pyramid Co., Albion, Mich., for valuable little book on cause and cure of piles.
