BOARD OF TRADE MEETS.

Petition Asking for Paving of Hyde Park Avenue Almost Ready for Presentation to Councils.

The West Side board of trade met last evening in the office of Major M. Blair. In spite of the inclement weather there was a goodly number of the members present. The streets and bridges committee reported through H. D. Jones that the petition in reference to the paving of Hyde Park avenue was almost in readiness for its presentation to councils. The delay is due to the arranging for the pave in front of property occupied by churches and The Simpson church had brdered its trustees to have the pave laid before the property on which its parsonage stood. Secretary Joseph Oliver reported that a petition had been submitted to councils by Councilman J. Walker in reference to the opening of Division street, from Twenty-first street to Twenty-second and action would soon be taken upon the matter.

The annual report of the former sec retary was read and ordered spread upon the minutes after its adoption. Several bills were then presented and ordered paid. At this point the rules were suspended upon motion by H. D. Jones and the names of Major M. L. Blair and B. F. Laudig were handed in for membership by T. Fellows Mason. The new members were accorded membership by the board.

City Engineer Joseph P. Phillips made a statement in regard to the work now being done upon Luzerne street and South Main avenue. That a satisfactory arrangement had been made with the Traction company officials whereby the present bad condition of these streets would be placed in first-

class shape.
The committees for the ensuing year were then named by the president, A. B. Holmes, and were as follows:

Streets and bridges-A. M. Morse, chairman; Joseph P. Phillips, Hon. John R. Farr, Joseph Oliver, H. D.

Manufacturers-William R. Williams, chairman; E. M. Clarke, Edwin G. Hughes, William Blume, Hon. J. H.

Membership and dues-T. Fellows Mason, chairman; George B. Carson, Dr. J. J. Carroll, Dr. L. H. Gibbs, John Parks-William Farrell, chairman; P.

J. McCann, Alfred Twining, Dr. M. J. Williams, Philip Williams.

Legislation-Hon. John R. Farr, chairman; Charles R. Pitcher, Simon Thomas, William H. Roe, E. E. Ro-Finance-D. D. Evans, chairman; B.

G. Morgan, P. M. Eagan, Joseph A. Mears, Major M. L. Blair. A. M. Morse called the attention of the board to the matter of the remov-

al of the Traction company's tracks from the centre of Swetland street to the side. The resolution adopted by the board at its last meeting in regard to this matter was read in which the request that this removal be made and the paving of the street be done from

With very few exceptions each member responded to the request of the committee as approached and for this reason the time was extended that the committee may do

more good work. The question of holding a banquet was then broached and met with instant approval by those present. committee of three, composed of Fellows Mason, D. D. Evans and Joseph Oliver, was appointed to make necessary arrangements for place and service. In all probability the banquet will be held on Friday,

The matter of a place for the holding of the monthly sessions was referred back to the committee. The probabilities are that the next meeting will be held in Major Blair's office and if it can be conveniently arranged this will be the regular place of meeting owing to its adaptable location,

TWO ALDERMEN ACCUSED.

Warrants Issued for Aldermen Kelly and Davies.

The ball has been started rolling. The trouble which has been brewing for some time in regard to the alleged wrong-doing of Special Officer Edward Weiss has come to a focus. Last evening the special officer was brought before Alderman Davies, on charges preferred by John Katcha, Andrew Braza, and George Rotzgar. The charges, four in number, were as follows: conspiracy, preferred by John Kotcha and An-Braza; common barrator, preferred by John Kothca; extortion, preferred by George Potzgar. Weiss was held in \$300 ball upon each charge for his appearance at court. William Weisberger, of Scranton street, became his

REV. MR. HUGHES' LECTURE.

A large audience greeted Rev. James Hughes, of Kimberly, South Africa, upon his appearance as a lecturer at the First Welsh Baptist church last evening. His lecture was an interesting one, being upon "The Land of Gold and Diamonds," or "Ten Years' Personal Experience in South Africa.' 'Llew" Herbert sang several solos, accompanied by Mrs. Nellie Moses Thomas on the organ, Benjamin Hughes was chairman of the evening and introduced the speaker. Space does not admit of a complete report of Rev. Mr. Hughes' talk, but in substance he spoke of the rapid advancement of South Africa into religious and political prominence and spoke of its future advancement being a question for contemplation by the best statesmen in all Europe, Statistical information was given in regard to the important industries of gold and diamond mining. Coal is also an industry of ome extent. The Baptist denomination has progress along the lines of mission work most wonderfully and great work is being done among the Kaffirs. His remarks were receiving at times with applause, and a vote of thanks was tendered him at the close of the ecture. It is probable that Rev. Mr. Hughes will be requested to speak often while here, as he is not only well acquainted with Cape Colony affairs but is a convincing speaker.

> Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger, moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse,

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or periton-

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grains lozenger, very pleasant to taste and contain the natural acids, peptones and digestion and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for stomach, but by promptly digesting the food they create a healthy appetite, inrease flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weaknesses and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia
