TAYLOR.

On Monday evening Mr. and Mrs. John Watkins, of Main street, celebrated their fifteenth marriage anniversary by holding a reception. A large number of guests were present. The Taylor silver cornet band, of which the high school Permission has been Professor Watkins in a member and leader, was present and discoursed some excellent music during the eve-It is thought that the occasion will ning. Mr. and Mrs. Watkins were the recipients of some costly presents from

their many friends. John Beecham, a popular young man of the Pyne, was instantly killed yesterday afternoon in the Pyne mines. He was coming out after finishing his day's work upon a trip of loaded cars when his foot slipped, and the cars passed over his body. The deceased was 21 years of age and employed as a laborer. He was a member of the Pyne Accidental fund. Funeral announcement will be made latter.

John Williams, of Scranton, was a Taylor visitor yesterday. The borough school board met in regular session on Monday evening and reorganized. The old board held a short session and then adjourned sine die, after which the members of the new board were sworn in. Joseph Davis was chosen as president, John B. Reese, secretary; James Powell, sr., treasurer. The new board will be made up as follows: Casper Fruitigar, Tallie Jones, James Mapleson, James Powell, sr., Anthony Edwards, Joseph Davis, James Price, John Conley, John B.

Do you live miles away from a doctor? Then that is all the more reason why you should attend to yourself at once, or you will soon be on the flat of your back. You need ought not to let yourself go, when one of sex holds out the help-

"For nine years I suffered with female weakness in its worst form. I was in bed nearly a year with congestion of the ovaries. I also suffered with falling of the womb, was very weak, tired all the time, had such headaches as to make me almost wild. Was also troubled with leucorrhoea, and was bloated so badly that some thought I had dropsy. I have taken several bottles of Lydia E. Pinkham's Vegetable Compound, and several of her Blood Purifier, and am completely cured. It is a wonder to all that I got well. I shall always owe Mrs. Pinkham a debt of gratitude for her kindness. I would advise all who suffer to take her medicine."-MRS. ANNIE CUBTIS, Ticonderoga, N. Y.

The new school board organized or Monday evening by electing Thomas Price president; James F. McAndrew, secretary, and Thomas F. O'Horo treasurer. Before the adjournment of the old board Tax Collector Philbin presented a statement of his acounts which was received and referred to the finance committee. The following bills were ordered paid: V. L. Samson, \$1; Thos. Holmes \$4; H. W. Probst, \$12; Bishop Bros., \$21.65; Thos. Price \$25.30; Ed. Munley, \$125; Peck Lumber Co., \$3.84; Patrick Price \$; P. J. O'Rourke, \$12; John M. Dougher, \$35.60. being no other business the old board

adjourned sine die and the remaining members effected temporary organization by electing Mr. Price president and Mr. McAndrews secretary. The certificates and oaths of office of the new members, H. W. Probst, W. T. Cummings and P. J. O'Rourke were read and accepted. On motion of Mr. was made permanent and on motion of tenberg had no opposition for attorney, and he also was elected. After deciding to meet regularly on the first Monday of each month the meeting ad-

Before assuming his duties Mr. Mc-Andrews, the new secretary of the board, made a brief address, and again evidently given the work of the board careful and conscientious study for the suggestions he offered were both timely and valuable. Without reflecting on the conduct of previous boards he urged the new board to give more attention to the details of their work. He recommended frequent visits to the schools; suggested that the power of the various committees be abridged and their duties more clearly defined. He advocated economy in the awarding of contracts and the making of repairs and wanted more responsibility placed on the board than there is under the present system. He urged the members to overcome petty jealousies and work for the best interests of the schools. Mr. McAndrew "hit the nail" on the head in his remarks and if they heeded the schools will certainly be benefitted. The board is to be emplimented on having as a member such an able and efficient young man as is the present member from the Second.

The borough council is beginning to settle down to hard work and Monday night's meeting was perhaps the most business-like session ever held. There was more work and less unnecessary talk than is usual at our council meetings. The following bills were ordered paid: John Carden, \$12; Hy Revels, \$307.29, laid over; Ed. O'Horo \$9; P. Loftus, \$2; Frank Sommers, \$58; Thos. Munley, \$2.50; J. A. Dougher, \$1.50; B. Colmeyer \$5; J. H. Kinback, \$55; road work, \$451.81; Crescent Electric Co.,

Friday evening for the purpose of discussing the new factory, which is about damages because of the death of his

horse from injuries received in the MRS. CURTIS, NEW YORK, borough roads was referred to the borough attorney for adjustment and a claim of T. F. McDermott for \$9.40 for lumber was laid over for investigation as was also one of ex-Constable Loftus for costs. Tax Collector Philbin made a final settlement of his accounts and an order was drawn for the amount due him. Burgess Langan, who was present, called the attention of the ouncil to several important matters. First to the number of unemployed girls and boys here. He asked the council to help the board of trade in an This is the first stage of ovaritis, in-flammation of the ovary. If the roof of your house leaks, my sister, you have manent work on the roads and asked the council for their assistance in holding the Traction company to the terms of its ordinance.. The members assured him that they would co-operate with him as far as they can. The matter of road work came in for a great deal of consideration and it was finally decided to stop work on July resolution having been offered by Mr. Dean for that purpose. An ordinance was also introduced providing for the muzzling of dogs during the dog days and it passed first and sec-end reading. Mr. Jones introduced an ordinance intended to compel the Traction company to place fenders on their cars and it passed two readings. An rdinance compelling bicyclists to carry lighted lamps on their wheels after dark and limiting their speed to miles an hour, with penalties, passed two readings, and a resolution providing for the closing of barber shops and other business place on Sunday was adopted. The introduction of this resolution caused a general discussion on the closing of saloons on Sunday and the council was united in its in tention to strictly enforce the law. The burgess was directed to use all his power in the matter and he was promised the support of the council. Burgess Langan assured the council that he would do his duty and he generally means what he says. Contractor Spillane asked for a settle ment of his account with the borough for the building of the foot bridge but was not satisfied with the amount offered, so his difficulty is still open. The council then adjourned until some

evening next week, to be announced It is pleasing to note an improvement in the council's method of doing business, as illustrated in Monday's meeting. Heretofore about two-thirds of this time of the council was consumed in useless talk, but the last meeting was a notable exception to the rule. Business was done with neatness and despatch. The discussions were right to the point. There were no exhibitions of personal enmity and everything was done in a business-like man ner. The burgess is taking a commendable interest in the work of the council and his advice and experiences has been of considerable value to them. Burgess Langan evidently realizes what is expected of him and it is hopeful to note that the high anticipations of the people who elected him are being realized. Everyone interested in the welfare of the borough will hope that the good work of the burgess and the council will long con-
