ANOTHER VOTE FOR THE QUAY FORCES

Adam Shifler Presents Himself at Bar of House. THE SPEAKER'S WORDS OF WARNING Members of the House Must Attend to Business Henceforth--House Retuses to Concur in Senate Amendment to Hamilton Road Bill--A Philadelpia Member Becomes Eloquent.

Harrisburg, Pa., June 9.—Adam Shifler, of Easton, presented himself at the bar of the house this morning. This gives the Republicans one more vote, and is another accession to the Quay forces. Speaker Boyer warned the members that if there was not a quorum present Friday morning he would send for them. He said it was necessary that they attend strictly to business from now until the close of the session.

A resolution was reported from the rules committee, requesting that the order of business for today house bills on third reading and final passage. The house refused to concur in the senate amendment to the Hamilton road bill reducing the appropriation from \$1,000,000 to \$200,000. Mr. Piolett, of Bradford, who has led the opposition to the measure, served notice that if the committee did not insert the provision for \$1,000,000 he would fight the bill on the floor of the house. He said the farmers are opposed to the bill unless it carries with it sufficient appropriation to relieve them of the cash tax and that he proposed to stand by them to the end. The fish bill was reported from conference committee by Mr. Stewart, of Philadelphia, and the report adopted. The bill now goes to the governor.

The amendments which Mr. Kaufman, of Lancaster, had inserted in the senate committee interest bill were concurred in by the house and the measure passed finally without a dissenting vote. The bill names six depositors, two in Philadelphia, two in Pittsburg and two in Harrisburg, which shall be known as active depositories and which shall pay 1 1/2 per cent, on daily balances. Other banks are required to pay two per cent.

COAL MINING MEASURE. A bill relating to the mining of coal in the bituminous regions was introduced in the house at the afternoon session by Mr. McWhinnery, of Allegheny. The measure makes it unlawful for any mine owner, lessee or operator of any bituminous coal company, employing miners at bushel or ton rates, or other quantity, to pass the output of coal mined by the miners over any screen or other device, which shall take any part from the weight, value or quantity thereof, before it shall have been weighed and duly credited, the employee sending the same to the surface and accounted for at the legal weights, fixed by law. Violations of the act is made punishable by a fine of not less than \$100, nor more than \$500, and by imprisonment not exceeding ninety days. The committee of conference were appointed on the Hamilton road bill and on the bill regulating the pay of constables for making quarterly returns to the court. The member from Philadelphia was bent on killing the bill and turning to his colleagues in the rear he shouted: "Wipe her out, boys." The motion to postpone for the present prevailed.

SENATE PROCEEDINGS. In the senate this morning the bill providing for one and one-half per cent, interest on the monies of the state passed finally. There was no opposition whatever to the measure. As it is a house bill, it will have to go to the lower chamber for concurrence in the senate amendment. The Clergy bill defining what shall constitute local mutual savings funds building and loan associations was defeated by a vote of 25 to 12. Some of the bills that passed finally were: Preventing superintendent, mine foremen and assistants from receiving or soliciting any sums of money or other valuable consideration from men while in their employ, and providing a penalty for each violation. By unanimous consent Mr. Mercer read in place a bill to repeal the bill passed at this session of the legislature to secure state forestry reservations and providing for the expenses thereof. In the bill there is a resolution, referring to the fact that there is no limit as to the price to be paid for the reservations, and that as things are there will not be money for even the charitable institutions of the state. The house refused to concur in the senate resolution providing for an adjournment of the upper chamber until Monday evening and the senate then adjourned until tomorrow morning.

companies, and he hoped it would be killed. A motion to indefinitely postpone was made and promptly carried. On motion of Mr. Fredericks, of Clinton, the vote by which the bill to allow the trustees of the State Normal school at Lewis Haven to loan \$50,000 on mortgage was defeated, was reconsidered and passed finally.

BILLS PASSED FINALLY. These bills also passed finally: Providing for the return of paupers and indigent persons not having a legal settlement within this commonwealth to any other state or country to which they may belong; authorizing counties to cover into their general fund money placed to the credit of any city, borough or township upon a tax duplicate, where it has remained uncalled for during a period of ten years; providing the rights to the money is not in litigation or dispute; fixing the salary and traveling expenses of poor directors in counties having a population of over 200,000; to provide for the treatment of persons in asylums addicted to the use of cocaine, morphine and other stupefying drugs; providing for the enforcement by cities of their ordinances.

THE BILL EMPowering cities to grade and otherwise improve their streets and alleys without partition of property holders and providing for the payment of the costs, damages and expenses was defeated.

RACING BILL REPORTED. The re-committed senate bill restricting the sale of pools to the race tracks of agricultural societies and driving clubs was reported from the committee by Mr. Conrade, of Philadelphia. The measure as amended provides that the privileged associations must be incorporated by the courts of the counties within which they are located prior to the passage of the act. An amendment was also inserted "that there shall not be more than twenty-five days racing in any one year nor shall any race meet be held for more than six days in any one month, nor shall there be more than ten days racing in the aggregate in any one month on the grounds of agricultural societies or driving clubs located within the same county or within ten miles of each other."

Mr. Voorhees, of Philadelphia, proudly reported from committee with a negative recommendation the Spatz bill reducing from the assessed valuation of real estate all bona fide mortgages and liens of record. The measure was sent back to committee three weeks ago through Mr. Voorhees' efforts after it had passed second reading and repeated attempts have since been made by Mr. Spatz, of Berks, and other of its friends to have it reported as committed. This evening the committee met and decided to negative the bill. Mr. Spatz says he will offer a resolution Friday to place it on the calendar.

The bill to prohibit persons from standing in the aisles, corridors or passageways of theaters and other places of amusement was defeated. The Hamilton bill to establish a bird day in the public schools passed finally as did also a bill to enable county commissioners of any county which has assisted any township under existing laws to build the whole or portion of a bridge, but has not entered upon the project at 10 o'clock on the day of its completion. The bill authorizes the county commissioners to provide for the building of the bridge or portion of the same, which destroyed by casualty or to afterward enter the bridge upon record as a county bridge. The bill amending the Bullitt act to prevent councilmen and other municipal officers in the city of Philadelphia from holding more than one office of profit was postponed. The house adjourned at 10 o'clock until the same hour tomorrow morning.

As the senate this morning the bill providing for one and one-half per cent, interest on the monies of the state passed finally. There was no opposition whatever to the measure. As it is a house bill, it will have to go to the lower chamber for concurrence in the senate amendment.

PIKE MURDER TRIAL. Taking of Testimony in the Case of Herman Paul Schultz, the Alleged Wife Murderer Begins.

Milford, June 9.—The taking of testimony was begun today in the case of Herman Paul Schultz, of New York, on trial for murdering his wife in December last. Mrs. John Wohlfort, with whom Schultz was living at the time of her death, testified that the woman with her 12-year-old son, came to her house on July 5, 1896. The woman, the witness said, represented that her name was Smith. On the following Friday Schultz turned up. Mrs. Schultz told witness that Schultz expected \$35,000 from Germany and that they would go to New York on Tuesday and be married. The man and woman spent Sunday evening in the latter's room. The boy was with them, but he was sent to bed at 9 o'clock.

When Mrs. Schultz failed to appear at the usual hour Monday morning Mrs. Haas went down to the house and made two attempts to open the door and when turning away from the door the second time she heard Schultz shout: "Oh, my God, Lizzie is shot."

Some of the articles of evidence which will be taken this morning are the revolver with which Mrs. Schultz was killed and which Schultz brought along with him in a satchel from New York and placed in the Pike county jail. The skull of the dead woman, which was found by Dr. Lawyer, one of the physicians who made the autopsy, will also be in evidence, as will also be the bloody towel which was hidden in the room where Mrs. Schultz was killed.

This afternoon Mr. Wohlfort, Mrs. Haas Corner Lorenzo Geiger, six of the coroner's jury, and Paul Schultz, the 13-year-old son of the prisoner, corroborated Mrs. Wohlfort's testimony. The son also testified he was with his mother plucking grapes when she saw Schultz and sept the witness across the field to tell Schultz that he should be known as his uncle. Schultz refused and went to the house and asked accused to come out to see him. Schultz's night witness slept with his mother as usual but on Sunday Schultz asked him to change places. Almost all of Monday, the boy Paul and his father were alone in the house with Mrs. Schultz. Paul is in Schultz's hands. Mrs. Schultz's hand in both of his and force her hand closer around the pistol and lay it across her breast.

As the senate this morning the bill providing for one and one-half per cent, interest on the monies of the state passed finally. There was no opposition whatever to the measure.

The story of the Baker estate, Mr. Jordan said, originated in the vivid imagination of the reporter, and it was spread over the country by some lawyers, who have made considerable money out of the alleged heirs.

As heirs claiming Colonel Henry Baker's heirs, all these people, or many of them, should be brought to court possession of 6,000 acres, about 200 of which is now Fairmont park. The balance lies, according to the story, on Broad and Walnut streets, and, of course, has an enormous value. The United States estate in this case is asserted, was built on the land, and many of the heirs claimed that Independence Hall was also on the ground that was originally theirs.

Laid Down to Rest and Died. Butler, June 8.—Mrs. William Anderson, of Connoqueusburg, retired to her room yesterday afternoon, apparently in good health. When called to supper no reply was received, and on investigation she was found lying across the bed dead. Heart trouble was the cause.

Two Students Drowned. Newtown, June 8.—John Fox and Alfred L. Watson, two students, were accidentally drowned today near the Georges school, between here and Churchtown, in a freshet in the Nesaminy creek.
