Mayfield school board met in special session yesterday afternoon with the full board of directors present.

The following were elected for the different offices for the ensuing year: President, P. E. Burns; secretary, Patrick McDonald; treasurer, William Walker.

After the election of the above the applications of William Taggart and Francis McCarty for principal were considered.

A vote was taken as follows: For Taggart—Walker, McDonald and Coggins.

For McCarty—Morgans, Burns and Killen. As this their last meeting ended in a deadlock and all the directors claim they will stand firm for their favorite, it is likely that the next principal of the Mayfield schools will not be elected for some time.

Last year the above two were the applicants. For about six weeks matters ran along in this way until it became necessary that one side should give in, and then Professor Taggart was victorious.

This year it is again a condumrum as to who will be the victor.

WHAT IS YOUR TRADE?

Each Trade or Occupation Has Its Special Diseases. It is well known among medical men that certain diseases are more readily developed in certain occupations than in others.

Engineers, railroad men and similar occupations suffer mostly from liver troubles and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact the army of people whose business keeps them indoors, are oftentimes great sufferers from piles and constipation.

In this connection the following letter is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. F. Calhoun, notary public and jeweler and watchmaker, of Circleville, W. Va., writes as follows: I had been a severe sufferer from piles for years and had tried many remedies with little benefit.

When about three years ago I saw the Pyramid Pile Cure advertised and sent for it.

I was badly afflicted when I got them, but after only two applications the piles disappeared and from that day to this I have never felt a symptom of the disease.

The Pyramid Pile Cure is free from cocaine, opium or any mineral poison, absolutely safe, pleasant and painless; sold by druggists at 50 cents per package.

If there is any constipation the Pyramid Pile should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful remedy for piles ever placed on the market and its reputation as a safe and radical cure has only resulted from the personal recommendation of people who have been cured of this distressing ailment.

Send to Pyramid Co., Albion, Mich., for valuable little book on cause and cure of piles.

CATCHING COLD.

The Susceptible Areas of the Body Which Need Protection. From the Medical Record.

The "cold spots," meaning thereby the surface areas peculiarly susceptible to cold, are principally the nose of the neck and the lower part of the back of the head, the front of the abdomen and the shins.

People who wear stockings, such as Highlanders, golfers and cyclists, invariably take precaution of turning the thick, woolen material down over the shins, the better to protect them against loss of heat, though, incidentally, the artificial embellishment of the calves may not be altogether foreign to the manufacturer.

It does not, of course, follow because certain areas are peculiarly susceptible to cold that a chill may not be conveyed to the nervous system from other points. Prolonged sitting on a stone, or even the damp grass, is well known to be a fertile source of disease; and wet, cold feet are also, with reason, credited with paving the way to an early grave.

Rheumatism Cured in a Day. "MYSTIC CURE" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious.

It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Carl Lorenz druggist, 415 Lackawanna ave., Scranton.
