STATE SENATE WITHOUT QUORUM

No Business Is Transacted by That Body Yesterday.

MORNING WRANGLE IN THE HOUSE

The Measure to Tax Bicycles, Carriages and Traction Engines Passes Second Reading--The Bill Taxing Political and Social Clubs Is Laid Aside for the Present.

Harrisburg, June 10.--There were only fifteen members of the senate present when Lieutenant Governor Lyons called it to order at 11 o'clock. The house having refused to permit it to adjourn the senators decided to go away and leave the body without a quorum with which to do business.

After prayer the lieutenant governor ordered a poll and a quorum not being present he adjourned the senate until Monday night.

The first half of the morning session of the house was spent in wrangling over a bill taxing bicycles for road purposes. The measure also taxes tricycles and pleasure carriages one dollar a year and traction engines three dollars. The bills passed second reading as it was reported from the ways and means committee.

Mr. Smith, of Philadelphia, attacked the bill taxing political and social clubs and then it was defeated by a vote of 95 to 48. A bill correcting the constitutional defects in the direct inheritance tax was introduced by Mr. Marshall, of Philadelphia. Five minutes later Mr. Kayser, of Philadelphia, reported it from the ways and means committee, and the bill passed first reading. The measure is practically the same as that declared unconstitutional by Judge Hanna, except that it taxes all estates and is not retroactive. Mr. Marshall says the bill will raise \$2,000,000 a year. The pool bill also passed first reading. The remainder of the morning session was devoted to the consideration of senate bills on first and second reading.

CLUB BILL LAID ASIDE

The bill taxing political and social clubs was reconsidered at the afternoon session and laid aside for the present. There was much talk and little work at this session. A half hour was spent in trying to amend the senate bill for the inspection of meat shipped into the state from other states. Numerous amendments were offered, but the bill went through second reading in the form it passed the senate.

Mr. Stewart, of Philadelphia, called upon the conference report on the fish bill and a half hour was spent by the clerk in reading the measure, after which it was adopted.

Mr. Bliss, of Delaware, called upon postponed senate bill requiring political conventions and caucuses to be held in the district in which the delegates were elected. After wasting a half hour in filibustering on the bill, the yeas and nays were called on the motion to proceed to its consideration. The roll call disclosed no quorum many members refusing to vote, and a motion to adjourn until 8 o'clock was made and carried.

Harrisburg, Pa., June 10.--The order of business for tomorrow in the house was reported through the rules committee and adopted.

Revenue bills on second reading will be first considered and then bills on third reading and original resolutions. Bills on first reading, revenue bills on second and third reading and house bills on second reading will be the order for Monday's session. The house did little else than talk at the evening session. The bills under consideration were of no great interest, but everybody seemed to have a desire to be heard.

The bill authorizing county commissioners to appoint a clerk and fix his salary; to prohibit the peddling, hawk-

ing or selling of merchandise, wares or other goods without a license, and relating to actions of ejectment and making one verdict and judgment conclusive where the real estate does not exceed \$5,000 in value were defeated. Senate bill authorizing property owners of any street or town or village not incorporated to enter into contract with light companies for lighting said street or water companies for furnishing water for fire protection and to provide for the expense of assessment upon the abutting property owners, which was defeated at the afternoon session, was reconsidered and passed second reading.

A bill amending the act of May 11, 1883, to enable borough councils to establish boards of health, to allow councils of boroughs containing not more than 10,000 inhabitants to combine compatible offices passed finally. The Rogor bill increasing the punishment for repeating at elections from three months imprisonment to five years was defeated by 101 to 39, less than a majority voting.

TRIAL OF SCHULTZ.

Damaging Testimony Given Against the Prisoner by His Eldest Son--Other Attempts at Murder.

Milford, June 10.--The trial of Herman Paul Schultz, of New York, for the murder of his wife, was resumed today. A number of witnesses were examined, but the only important testimony was that given by Charles, the eldest son of the prisoner. His was one long story of ill treatment from the prisoner towards himself and his mother. He said that Schultz had frequently threatened to kill his mother and that in 1895 he became so frightened that he had him arrested and he was committed to prison for six months. At the end of four months, Mrs. Schultz retained and as a result of her pleading Schultz was released. Later, witness said, Schultz attempted to kill her with a razor and when she went to Shohola, it was to be in hiding from her husband.

The witness had no idea how his father succeeded in locating his mother. Shortly before Schultz went to Shohola he came to the witness and said that he had inherited \$35,000 from the country and intended to give \$900 to Mrs. Schultz and \$1,000 to each of the boys. The next time witness saw his father was when Schultz told him that his mother had committed suicide, and that he (the defendant) had felt so badly that he would have killed himself had it not been that little Paul was with him at the time. Witness also said that his father told him at that time that Mrs. Schultz had acted as if she was insane on the night before her death.

Two West Pittston Cops Dismissed for Over-zealousness.

Pittston, June 10.--Two West Pittston policemen, Officers Halstead and Davenport, were dismissed by the town council last night for "over-zealousness" in arresting bicyclists.

There are ten policemen in the borough and a good part of their revenue comes from the arrest of unsuspecting wheelmen who in passing through the village ride on the sidewalk or violate some other borough ordinance. One of the two officers dismissed last night is charged with ten arrests of this kind last month.

One of the arrested parties was Harry Laycock, the young son of Colonel Laycock, of Wyoming. He protested that his arrest was illegal and his father caused a great part of the trouble before the council. The hearing took place last night and when the accused officers refused to testify except before the burgess, the council ordered their dismissal. The witnesses all testified that Laycock was arrested while riding at a moderate speed through the street. The officers alleged at the time of his arrest that he was scorching along the sidewalk.

UNIVERSALISTS MEET.

Business of the Sessions Held at Reading--Officers Elected--District Conferences Recommended.

Special to the Scranton Tribune. Reading, June 10.--The convention of the Universalist society of the district opened with a conference meeting led by Rev. F. E. Adams. Before the business session prayer was offered by Rev. G. W. Barnes. A report was given from the Nicholson church.

The main business of the morning was the presentation and discussion of the report of the committee on official reports. Main points of the report are: The need of greater interest to the matters pertaining to the convention on the part of parishes; the importance of inviting church property and deeding the same to the church.

The convention re-affirms its approval of the district missionary plan. The importance of the Sunday school work, and it was resolved that more time and thought be given to its conduct. The value of our denominational literature was called to notice. The cent-day plan for raising money was commended. A resolution was passed looking to a unifying of all our powers for a common end.

The convention expressed itself favorable to the continuance of the district conferences, like that at Syracuse. A vote of thanks was extended to the Reading parish for its generous hospitality. The following officers were elected: President, Hon. C. S. Russell, Towanda; vice president, W. L. Sabel, Jr., Philadelphia; secretary, Rev. F. A. Risbe, Philadelphia; treasurer, G. C. A citizens meeting will be held at the home rooms this evening, to which every one is invited, to make arrangements for the selecting of a place to raise a liberty pole on the celebration day of the Fourth.

Rev. J. S. Thomas, of Parsons, has accepted the call as pastor of the Baptist church and will occupy the pulpit next Sunday morning and evening.

The Ladies' Aid of the Baptist church will give a strawberry festival June 22 on the church lawn. A fine programme is being arranged for the occasion.
