## CHI UPSILON SOCIETY.

### Final Session of the Winter Series Productive of Much Pleasure.

The Chi Upsilon society of the Washburn Street Presbyterian church held in final session of the winter series in their rooms in the church last evening. After a short business meeting at which the final business was closed up, a programme of exercises was carried out to the enjoyment of the members and the lady friends. Liquid refreshments consisting of ice cream, cake and coffee were served.

The exercises were opened by a short address of welcome to the visitors and of farewell to the members until the first meeting on September 13 next. The address was made by President A. E. Morse in a happy vein. Miss Bessie Fraunfelder and Edward Morris played a nice selection upon the guitar and mandolin and were followed by a comic sketch by George Waters. Herbert Hall spoke in a pleasant way of the manner in which the summer months might be spent with combined pleasure and profit. Miss Mabel Yost recited and the exercises came to a close with a practical review of the "Past, Present and Future of the Society," by W. T. Burrell.

The rest of the evening was spent in the guessing of charades, impromptu speeches and other pleasant diversions. The committee who arranged for the occasion consisted of George Waters, chairman; C. C. Battenberg, W. T. Burrell, Frank Thornton and Herbert Hall.

## SIMPSON M. E. CONFERENCE.

### First Quarterly Session Held, and Plans Made for the Year.

The first quarterly conference of the Simpson Methodist Episcopal church was held at the church last evening. The meeting was held for the purpose of outlining plans for the coming year. All the church officials were present and Presiding Elder J. G. Eckman, D. D., was presiding officer.

The prospects for the ensuing year of the church are very bright. As a proof there are held at the church five separate meetings of the several church bodies and each one reports the most favorable aspect of affairs in the church body.

## A FAMILY MUSS.

The recent troubles of William Cole, of Price street, caused by his mother-in-law, Mrs. Martin Joyce, of Luzerne street, in trying to separate her daughter from her husband, Cole, reached a climax last evening. The climax occurred when a son of Mrs. Joyce met Cole on North Main avenue about 10 o'clock and asked him to step into an alley. When in the alley Joyce, without warning, struck Cole a blow and would probably have repeated it had not Cole decamped. He made known to Patrolmen Peters and Lowry the exact nature of his grievance. Joyce was arrested and given a hearing before Alderman Johns. He did not attempt to defend his action and was

## MINER SEVERELY HURT.

### George Richards' Hip Fractured in a Fall of Rock.

George Richards, of Edwards' court, and employed at the Diamond mines as a miner, met with a very severe accident yesterday afternoon. While engaged in his work, a fall of rock occurred and Richards was caught in the fall. When released by fellow workmen, he was taken to the West Side hospital where the attending physicians ascertained that he had received a badly fractured thigh and many painful bruises. His scalp was cut near the forehead. He was resting comfortably late last night.

## LUZERNE STREET CHANGES.

A decided change is being wrought upon Luzerne street. The councilmen of the Fifth and Fifteenth wards, co-operating with the Scranton Traction company, are grading this street in such a manner as to put it in safe and passable condition. Heretofore, from existing conditions, it was impossible at times to proceed along the street with a heavily loaded wagon, or to cross from one side of the street to the other, owing to the elevation of the rails of the car tracks above the ground level. These conditions were brought about by the sinking of the road bed from mine cavings and the original laying of the tracks at a wrong grade. Now a force of men under Foreman Jennings have levelled and graded the street for four blocks from Hyde Park avenue. Gutters have been cut and sidewalks are apparent where vehicles formerly travelled. The Traction company have a force of men under Foreman John Sheehan bringing the tracks to grade given by the city engineer, and are rapidly getting into shape to be followed by the street grading force. The work has progressed thus far to Sixteenth street. Later the intersection of Luzerne street and South Main avenue will be graded and the tracks altered and a great improvement will have been accomplished.

He was given a \$1000 bond for his appearance at court. Griffin has, for a considerable time, given much trouble to the police. ## NOT OUT OF DANGER.

The Nineteenth Maine Was Yet to Ooze.

During the rebellion the Nineteenth Maine acquired a reputation for foraging the country so thoroughly that they were said to have starved the confederacy out. One day they were sweeping along, dining on the fat of the land as usual. Another troop was ahead, and between them and the Nineteenth rode General Hancock. As the general was passing one plantation the proprietor came out and hailed his party.

"General," said he, "I want some sort of safeguard. The troops that have just gone by stole my pigs, lifted my henroosts and emptied my cellar."

"I am sorry," said Hancock.

"Yes," continued the old man, "they stole everything but my hope of immortality. Thank God, none of them can steal that."

"Don't be too sure of that," retorted the general; "the Nineteenth Maine is coming next."—Argonaut.

**Parasols vs. Umbrellas...**

Tears and Sunshine have been jumbled up so badly this season that it's difficult to tell which you want most.

**Of Course**

A Parasol is one of these sort of full dress adjuncts that a woman can ill afford to do without, and for that reason, even if Old Sol never showed his face for two consecutive hours all summer, Parasols would still be in good demand.

**The Pretty Ones**

Are here for your choosing, China Silks, Taffeta Silks, etc., etc. Whites lead, but there are colors and tints innumerable, if your taste leads that way. The get-up of these Parasols is absolutely correct. As Usual—Prices Lower Than Elsewhere.

**UMBRELLAS**

The regular storm protectors aren't much sought for these days, but some people insist on having them, and you can, if you so wish it. Fancy Umbrellas are most in demand, though. Two Tone Silks, Plain Colors, Blacks, Whites or even Sun Umbrellas.

**Fancy Sticks**

In fantastic ways, or Dresden knobs, or silver and gold mounts. The fact is, umbrella handles are all a matter of choice and we can suit your whims in that respect, no matter which way they incline. Values are unsurpassed.

**Globe Warehouse**
