## DOINGS OF A DAY AT HARRISBURG

The House Concurs in the Kauffman Resolution.

MEASURE OF INTEREST TO MINERS

Consideration Resumed on Senate Bills -- An Act Regarding Lincoln's Birthday -- Bills Pass Finally --Barely a Quorum in the Senate. Mr. Thomas' Scheme to Raise the

Harrisburg, June 17 .- Speaker Boyer has recovered from his recent illness and presided at today's session of the house for the first time this week. The order of business at the morning session was senate bills on third reading and final passage. There was a full house and the bills as a rule were disposed of without debate. Several bills of minor importance were passed. The house concurred in the Kauffman resolution requesting the state's representative in congress to vote for the bill prohibiting the manufacture of trison made goods.

At the afternoon session the bill repealing the miners' examination law providing for a state board of ex-Aminers and that certificates issued by the board shall entitle the holder to be employed in any mine in the state was read the second time on a special order, and will be considered next Tuesday morning on third reading and final passage. The measure was recommended by the committee to investigate the condition of the miners in the anthracite region.

The house resumed consideration of

senate bills on third reading at the effernoon session. The bill amending the act, of May 31, 1893, making Feb. 12 (Lincoln's birthday) a legal holiday, and providing that when a legal holi-day falls on Sunday the next succeeding day shall be considered a holiday, passed finally. The bill amending the act of June 2, 1891, relating to coroners' inquests on the lives of miners killed in the anthracite region was postponed by its friends to prevent its possible defeat.

These bills passed finally: Allowing an increase in the amount of relief that may be granted to paupers not residing in the poor house in Pittston borough; providing a penalty in case of the failure of county commis sioners to comply with the act of June 2. 1870, to protect timber lands from fire, after demand made upon them by the state forestry commissioner Messra, Speer, of Venango, Gould, of Erie, and Farr, of Lackawanna, were appointed a committee of conference on the municipal bill governing third class cities, prepared by the city solicitors of the various third class cities in the state and three conventions held since the last session of the legisla-

there was barely a quorum of members present. Mr. Thomas introduced a bil which he says wil raise additional revenues to the extent of about \$500,000 during the next two years. The measure increases the taxation on foreign insurance companies from two to four per cent, and it provides for a change in the plan of taxing bank stock. Some bills on first and second read ing were passed. The report of the committee of conference on the three reform bills was adopted by the senate. The bill prohibiting interference at elections by policemen or firemen has been so amended as to prohibit officials from "unduly" soliciting votes. The poll tax bill remains just as it passed the house. In the bill prohibiting the assessing of office holders a change has been made to strike out the words to request or suggest these assessments.

## of the Alleged Firebogs at Reading.

Reading, Pa., June 17 .- Nearly all of the time of the court today in the trial of Dr. Percy L. Archer, of New York, his mother and stepfather, Mr. and Mrs. Samuel Snyder who are charged with the burning of their property with the alleged object of securing the insurance, was taken up by the prosecution endeavoring to prove, by his movements that Archer set fire to the buildings. Archer denied this on the stand. The evidence against Mr. and Mrs. Snyder is circumstancial. Their counsel asked for their acquittal, but the court ordered the trial of all three to proceed. The trial had not been concluded when court adjourned for the day.

Mrs. Snyder was a school teacher in this county for nearly thirty years. All the parties are well connected.

## **CONVENTION OF** COAL MINERS

Twenty Delegates Meet in Altoona. Districts Represented.

RESOLUTIONS REGARDING WAGES

The Feeling Is Against Submitting to a Reduction at Any Point for Fear that It Might Become General. Committee on Ways and Means

Altoona, June 17.-In obedience to a all for a convention of coal miners of Central Pennsylvania, Maryland and West Virginia, some twenty delegates met here to-day. All came from Cambria and Clearfield districts. James McCann, of Lilly, presided and J. T. Cline, of Barnesboro, was elected sec-retary. The reports of the delegates showed that the demand for a reduction in wages is not general. The feeling was against submitting to a reduction in any locality for fear it might become general.

Resolutions were adopted protesting against any form of reducing wages and requesting all miners now working below the district price to suspend work on July 1, until the scale price is paid, providing for a levy of 25 cents and Helen Zane.

Hon. W. U. Hensel addressed the price to maintain the men now out and presisting a reduction, and providing for resisting a reduction, and providing for organization to resist further encroachments on the rights of miners. It was further resolved that check weighmen should be placed on all tipples and that check weigh funds be formed in Much Interest is Manifested in the Case all localities having two mines or more and that a federation of these funds be formed under an executive head, it being the duty of this executive board to attend to the forming of these checks weigh associations, and they shall be paid at the rate of \$1.80 a day and expenses, while attending to their duties. It was also agreed that a committee be appointed to assume jurisdiction of central Pennsylvania.

At the evening session the following committee on ways and means was elected to take charge of affairs and bring out all miners working below the district price of forty-five cents per gross ton, and to receive funds for the maintainence of those now out: John T. Cline, Barnesboro; John Lynch, Gallitzin: George Nicholson, Phillipsburg; James Sheridan, Cassandra, and James Bateman, Dunlo. The committee was instructed to issue an address to the niners and the public making known the condition of the miners and appealing for aid. A resolution requestrg the state legislature to pass the re form measures presented to them by the investigating committee on mines was adopted. The convention then adjourned to meet to-morrow morning.

## RESULTS OF A WYOMING QUAKE.

Many Deep Fissures Open and Two Acres Sink Forty Feet.

Casper, Wyo., June 17.-About a nonth or six weeks ago many citizens noticed a slight motion of the earth, while many in the surrounding country felt the quake, and dishes and loose articles in the houses rattled in an alarming manner. In Bates Park the shock was much greater and more plainly felt. Its effects have just been discovered.

Charles Richardson, a ranchman of Bates Park, while in search of horses last week, was at the head of Bottom Creek, on a bench of Laramie Plain, two miles west of Horse Buttes, and came upon small cracks in the ground made by the recent earthquake, which grew larger as he advanced and train on the Somerset and Cambria

showed a great depth. He dismounted and investigated. He dropped pebbles into the crevices and listened attentively to the sound as the stones bounded from side to side, until it died away in the depths.

He went further and found the cracks three feet across and he could discern Pittsburg, June 17.-Peter Cutshaw no bottom. He then came upon the main or principal crack about forty feet across and crawled cautiously and

A further investigation showed space of about two acres that had sunk about forty feet with perpendicular walls.
