GRAYS WERE SHUT OUT.

BUFFALO AT SYRACUSE

They Could Gather but Two Hits Off Morse Who Was Given Perfect Support.

Your Uncle Appendicitis Morse had just a little to say about the game. He gave the champions only two hits, a double and a single, presented three walks and hit a batsman. That's what the gentleman with a fashionable appendix ailment did, but he was not quite the whole thing. There were other gentlemen in the game with him and who fielded faultlessly and without an error; and made twelve hits and five

When the matinee ended the Champs had been ornamented with nine closefitting horse collars and sent to the central city with the satisfaction of having landed but one runner on third and only one other as far as second. Six of the Grays reached first, but thanks to two very businesslike double plays, only four of the six were left on bases. The Miners played the whole game with the Champs thrown in to serve a purpose similar to a kitty in a series of tack pots-to be a sort of incidental to the main point at issue, Eighteen put outs for Massey and seven for Drauby at first base, gives a line on the trend of affairs. Drauby had but three put outs up to the eight in-

A FEW FEATURES.

There were features and features, Bonner fattened his stick average with two doubles, a single, and then another double in four successive times at bat and finally fouled out on the fifth time up. He figured in two fast double plays and accepted nine fielding chances. Walters made two splendid running catches, Eagan made one, Knight made two and Cooney was as busy and accrobatic as the law allowed in accepting all his nine

With two out in the first inning, singles by Beard and Eagan, Bonner's double and a single by Massey earner three runs. Two were out again in the second when the miners tallied one. O'Brien reached first on Hodson's muff of Drauby's assist, stole second and McHale, of came in on Walter's single. The fifth and final run was made in the fifth imning. Beard singled but was forced second by Eagan who went to third on Honners' single and second on Massey's fly to right field.

Wilkes-Barre, June 22.-Both pitchen were effective today, but the Springfield were effective today, but the springue of twirler got the best support in the field. The errors made by the rome team were costly. This, coupled with the fact that they were unable to hit when men were on bases, gave the game to Springfield.

New York, June 22 .- Fully 20,000 people packed the stands and lawn of the Sheepshead Bay race track this afternoon, the particular attraction being the race for the Suburban Handi-The day was perfect and the track fast. The races that preceded the great event were watched with more or less indifference as nearly all the spectators had come to see the suburban and were restless in waiting for it to come. Ben Brush, the favorite, won by a half a length in 2.07 1-5. The Winner second and Havoc third.

Perfect and the Track Fast.

It was 4.30 when the big race was called. There was a slight delay at the post, and then the nine horses were sent away in perfect line. The Winner was the first to show in front, and they were all well bunched. In fact none of the jockeys seemed to want to set the pace, and the first three furlongs were covered very slowly. Then began the race. Havoc going out in front followed by Semper Ego and he in turn followed by Ben Brush, the favorite, half a length away with his jockey doing all in his power to prevent him using up all his speed so early in the race.

AT THE THREE-QUARTER. Behind Ben Bush were The Winner and Belmar, while the others trailed along. On the way to the three-quarter pole conditions began to tell and Semper Ego dropped back to the rear ranks, his place being taken by Ben Brush, who, at the six furlong mark, was half a length behind Havoc in 1.16 2-5 and a length in front of The Winner, all running free,

Simms gave Ben Brush his head. Lewis did the same with Havoc and lost but little. At the mile pole, which was reached in 1.42 1-5, Havoc kept his advantage of a neck, while Ben Brush was a length and a half in front of The Winner, he in turn a length in front of Belmar, the others hopelessly beaten, with not even a chance for third money. They rounded the turn in safety and straightened out for home. Then Simms began driving Ben Brush, while Lewis was driving but little on Havoc.

The crowd began to shout "Havoc" and it did look for an instant as if the Canadian representative might win. Sims heard it too and worked all the harder on the game son of Bramble, and shortly had his horse's nose in front of Havoc. The danger was not all over, however, as Simms at that moment heard the winner's name in frantic yells. He glanced over his shoulder and saw the determined Sloan driving the Winner as only he can and rapidly gaining ground.

DRIVING FINISH.

Simms dug his spurs in Ben Brush's sides, madly flogging him as if his life depended upon it. It was a desperate race. Nearer and nearer drew the finish line and nearer and nearer came The Winner. One victorious cut to Ben Brush, one frantic push with knees safety, winner of the coveted subur-han with the Winner half a length away and Havoc stripping fast in the third place five lengths in front of the rest of the field, all badly beaten with Belmar leading them. The victory was a popular one both on account of the success of the fa-

vorite and of his popular owner, Michael F. Dwyer. Following is the summary.

Suburban, one mile and a quarter—Ber Brush, 123 (Sin n.s.), 2 to 1—4 to 5.. The Winner, 115 (Sloan), 7 to 2-1 to 1. Havoc, 101½ (Lewis), 7 to 1-2 to 1. Belmar, Lake Shore, Sir Walter, Volley, Semper Ego and Dutch Skater also ran and finished as named. Time, 2.07 1-5.

BICYCLES

Our line of Bicycles, consisting of Ladies', Gentlemen's and Children's Wheels, is the most complete line hereabouts, inasmuch as we are selling agents for the following well-known makes:

BARNES, STEARNS. METEOR,

STERLING, DAYTON, LEAGUE,

REPAIR WORK

We are the acknowledged leaders in this difficult line of the business. The average cyclist dislikes to have his wheel go to the ordinary repair shop. He generally gets it back with badly scratched enamel, etc. Our shop is

AN ORDINARY ONE. IT'S A FIRST-CLASS SHOP Where work is done in a careful manner by experienced repairers.
