RAILROAD MAN TAKES POISON.

Bert Hoose, of Towanda, Tries to Commit Suicide.

Towanda, June 24.-Says the Review Shortly after one o'clock Tuesday afternoon Bert Hoose, a well known railroad brakeman, who resides in the Loder house, on Elizabeth street, walked into the American house, on Bridge street, and called for a glass of beer, Taking a two ounce vial of laudanum from his pocket he turned a little over half of the drug into the beer and drank the whole.

The would-be suicide then showed the bottle to the bar keeper and expressed his desire to die. Dr. S. M. Woodburn was immediately summoned, but the large quantity of poison taken acted as an emetic and Hoose vomited up the dose. He refused to take any medicine and after a time walked to his home unassisted.

Later in the afternoon a portion of the poison which remained in his stomach began to take effect and Hoose became very drowsy and was with great difficulty kept awake. Dr. Pratt was called and administered antidotes and the patient was kept walking about. Last evening he was reported in a dangerous condition.

Richards, of Sherman street. The little fellow accompanied his sister to the park, and about 12 o'clock became lost. A general alarm was sent out among the excursionists, and search was made high and low for the missing child. There were about 400 people on the ground and nearly all of the adults went out in small parties through the neighboring woods. A programme of races was in progress, but it was abandoned, and arrangement were made with the locomotive engineer near the ground to blow four long blasts if the boy should be found.

All the afternoon the search con tinued, and the picnic was practically broken up. About 4.30 in the afternoon the pastor of the church and two other men came across the child. He was fast asleep on a rock along the Central railroad about three miles below the park. When he was found the locomotive whistle blew the signal, whereupon the boy's sister promptly fainted, and the doctors worked with her for half an hour before she regained conscious-

THE MARKETS.

Wall Street Review.

New York, June 24.-The prices of tocks made a further average advance today. The advance however, was not universal and some prices are lower the anthracite coal group losing some thing of its strong advance of yesterday. The volume of the dealings was smaller, by over forty thousand shares than yesterday, but was rather better distributed, though the Grangers, Chicago Gas, Bay State Gas and Sugar absorbed three-fifths of the total dealings. The strength of the market is almost entirely due to confidence in the general outlook but a number of individual stocks were strong on account of special causes, as Tobacco Bay State Gas, Rubber preferred and Leather preferred. Sugar was somewhat erratic, remaining somewhat be low yesterday's close most of the day under pressure to realize, but rising to 4 above yesterday's close in the final transactions. In the Grangers outside of Northwest, Rock Island led with a gain of 114.

The total sales of stocks today were 218,756 shares. Furnished by WILLIAM LINN, AL LEN & CO., stock brokers, Mears build-
