NO MONEY ALLOWED FOR BUILDINGS

State Legislature Cut the Appropriations Down to Hard Pan.

ONLY PROVIDED FOR MAINTENANCE New Buildings, of Which the Lackawanna Stands in Such Sore Need, tals increased. The amount allowed

Vanish at Least Two Years in the Distance -- Amount for Paving Running Expenses Was Slightly Increased -- Same Treatment Was Accorded to West Side Hospital.

In the appropriations made by the house of representatives at Harrisburg Wednesday were included appropriations for the Lackawanna hospital and the West Side hospital. The amount asked for the Lackawanna hospital was \$180,200, but the amount given was only \$30,000; for the West Side hospital, \$22, 900 was sought, but only \$7,000 was granted.

To ascertain the use to which it was proposed to put the \$180,200 asked for, and what will be done with the \$30,000 obtained J. George Eisele, a director of the Lackswanna hospital, was seen by a Tribune reporter yesterday. The bill appropriating \$180,200 to the hospital reads as follows:

The sum of thirty-eight thousand two hundred dollars (\$38,200), or so much thereof as may be necessary, for the purpose of maintenance for the two fiscal years teginning June 1, 1897.

The sum of sixty-five thousand dollars

\$65,000), or so much thereof as may be tecess y, for a new wing, fire proof, a yard or woman women. The sum of ten thousand dollars (\$10,000), or so much thereof as may be neces-

sary for a children's ward. sary for a children's ward.

The sum of twelve thousand five bundred dollars (\$12,500), or so much thereof as may be necessary, for an isolated ward.

The sum of twenty-five thousand dollars (\$25,000), or so much thereof as may be necessary, for an administration build

The sum of seventeen thousand dol lars (\$17,000), or so much thereof as may be necessary, for an operating room, recovry room, etc.

The sum of five thousand dollars (55, 000), or so much thereof as may be necessary, for a barn and morgue. The sum of seven thousand five hundred dollars (\$7,500), or so much thereof as may be necessary, to be applied toward the purchase of adjoining lot.

THE ITEMS EXPLAINED. According to statements made by Mr. Eisele each item in the bill would be thus explained: The sum of \$38,200,

mentioned in the first item, represents the actual running expense for two fiscal years, beginning June 1, 1897, and is figured on a basis of a cost of one dollar per patient per diem. This cost is based upon the experience of past years, and allows for any reasonable increase of patients. In the second item, the sum of \$65,000, appears and, as stated, covers the cost of the erection and fitting up of a new wing, being a fire proof ward for women. The board of directors had agreed upon

a building which would only cost about \$25,000, but were instructed to have plans drawn up, which would call tor a fire proof construction and other additional features. The instructions came from the ap

propriations committee, and the additional features provided for the care of women who were about to be con fined and had no other place to retire information which will lead to the con- for proper care than a hospital. Also viction of any person who steals or, with- for patients who desired special or private treatment. Accordingly, plans were arranged and being submitted to the state board of charities, they were approved by that body.

The third item, of \$10,000, for a children's ward, explains itself. amount of \$12,500 asked for in the fourth item was a matter of absolute necessity. It has been proved again and again that an isolated ward is required in any large hospital, and in this respect the Lackawanna hospital is severely handicapped. Thus far, however, the space available at present has not been overtaxed, but there is no gauging possible as to the future.

CAN BE DONE WITHOUT. The fifth item, of \$25,000 for an administration building, can be reason-

ably done without though, there is no telling as to how long the association will have the use of the old Delaware and Hudson office building, now being used by it for nurse quarters, etc. Beside there are numerous details which a building of that nature might well cover. The hospital is at present blessed

with a first-class operating room. The granting, however, of the amount of \$17,000, asked for in the sixth item, for operating, recovery room, etc would have allowed of the using of the present operating for outdoor patients. This part of the institution work is especially great as the Lackawanna treats between 300 and 1,500 outdoor patients each year. The seventh item of \$5,000, for a barn and morgue, was also a desirable addition. At present the quarters used for the above purposes are not particularly attractive, and in the instance of the morgue really is a drawback.

Then last, but not least, the amoun of \$7,500, asked for in the eighth item. is a reasonable request and its purpose would have been met had the other items been granted. The property owner asked \$9,000 for the property desired, but the additional \$1,500 needed above the amount asked of the state would have been met by the directors themselves.

The amount granted by the state being \$80,000, will be applied upon the first item, for which \$38,200 was asked. The balance of \$8,200 will be met in some other manner. The remaining items, of a necessity, will have to hold

PLEASED WITH AMOUNT.

Mr. Eisele, as a director, is, however well pleased with the amount granted, as it is an increase of \$5,000 over the last appropriation. Owing to the de-pressed times and the apparent reluctance of the legislature to go too deep into expenditures with a scant treasury, half the amount would not have surprised the directors,

The following communication, sent to Mr. Eisele from Representative Hon. Alex T. Connell, may add further interest:

House of Representatives, Harrisburg, Pa., June 28, 1897.

Mr. J. George Eisele:
After a hard struggle in committee I succeeded in getting \$50,000 for mainten ance for Lackawanna hospital and \$7,00 for the West Side hospital. We are the only city that received an increase and l feel very much elated thereby, (Signed) Alex T. Conneil,

Dr. M. J. Williams, one of the directors of the West Side hospital, was also seen. He said the \$22,000 was naked for with the intention of applying \$12. upon the mortgage which stands against the property. The remaining \$5,000 was to be applied to the main tenance of the hospital. It was deem-

ed necessary to have \$4,000 each year ADDRESS TO THE The mortgage given at the time of KNIGHTS OF MALTA the purchase of the property of the Thomas Phillips estate was \$20,000 but

Delivered by State Supreme Recorder Pierce, of Philadelphia.

WAS PRECEDED BY A BANQUET Over 600 of the Knights Marched Over Some of the Streets of the Central City, and Then Proceeded to Where Anniversary Exercises Were Conducted -- Order Is More Than 800 Years Old.

On St. John's day 849 years ago the traditions of the Knights of Malta say by Mayor Bailey, to select a board to that organization was ushered into existence. Last night the local Knights building inspector, did not materialize celebrated the birth of their order at a meeting held in Penn avenue Baptist church. State Supreme Recorder ouncil, believing the law provided that George H. Pierce, who came up from Philadelphia to participate in the celebration gave excellent proof of the ancient origin of the organization. Prior to the meeting in the church the Knights paraded the streets of the central city.

About 600 men were in line and Crumps band was in evidence at the head of the column. The West Side Commandery, Electric City No. 177, numbering 169 Knights, met the other commanderies on Wyoming avenue. W. H. Powell, captain general of the Electric organization, was also chief marshal of the parade. He was assisted by C. T. Robertson and Thomas S. Davy, both of the West Side organization. The other organizations in line were Anthracite Commandery No. 11, of the central city with 200 men, under Captain General Beemer; General Grant Commandery, No. 230, of the South Side, with 95 men under Captain General Houser, and Eastern Star Commandery, No. 213, with 100 men, Captain General Smith commanding.

THE LINE OF MARCH. The route of march was down Spruce street to Penn avenue to Lackawanna to Wyoming to Penn and to the Penn avenue church. The Knights en-tered the main auditorium in twos, taking the central division of pews and remaining standing until the order to "be seated" was given. The colors were placed in front of the pulpit and facing the audience.

The scene was striking. The pulpit had been draped in the red, white and blue and over it hung a magnificient flag gracefully looped and a row of potted green plants formed the railing between the choir gallery and pulpit Along the sides in the two stripes of pews non-members of the order, la dies and gentlemen, were seated, and in the center were the knights taking up the whole space.

The soul stirring "Onward Christian Soldiers!" was sung, Professor Haydn Evans playing the organ, Rev. Joseph K. Dixon, D. D., then cordially welcomed the knights, and requested Rev. George Walsh to offer prayer. The reverend gentleman is a membe of the order. The knights joined in the "Our Father" at the close of the exhortation A. R., and Camp 88, S. of V., will act

RECORDER INTRODUCED.

Rev. Dixon then introduced Suprem Recorder Pierce, "who," said Dr. Dixon, "not only has his head full of It Suffered No Interference from the will speak on the 'History of the Order." Mr. Pierce then arose from his seat on the platform and began his address. He is one of the leading spirits in the American Knights of Malta and is a past supreme grand com-mander of that order. His address was as interesting as his personal appear ance. He is an erect, soldierly-looking man with kindly blue eyes, and is altogether a genial appearing person. He wore the regalia of his exalted position and a beautiful maltese emblem adorned his breast.

Recorder Pierce talked in an interesting way for an hour He chiefly recited the history of the order and throughout held the interested attenion of the knights.

In introducing his subject he spoke of the "Old Knights of the Hospitalers, Knights of St. John of Jerusalem, Knights of Cypress, Knights of Rhodes," who for centuries have been known to Christendom and are now the Knights of Malta." This was the history of the order on which the speaker expatiated.

GOOD DOES NOT PERISH.

He said that men do not willingly let that which is good and true perish rom the face of the earth. Then he took his hearers "away back in the Dark Ages when men's minds were in darkness and people had an idea that the Holy Land was a holy place." He described the pilgrimage to Palestine and among the pilgrims was one Peter the Hermit. He it was who laid the foundation for the great perennial order. Recorder Pierce spoke of the crusades and traced the growth of the rder from a small band of men worshipping at the tomb in Jerusalem to the present day.

He also referred in passing to the Knights Templars who he said were branch of the original Knights of Malta. Recorder Pierce recited history to show that the Knights Templar became extinct. Their leader at the time of the alleged demise was snared into the hands of the King of France and he was beheaded. "The Knights Templar charter was taken from them; their property was given away and they ceased to exist," said the speak-"That was the end of the Templars. The body we have today is simply a representation of it."

P. F. & M. T. Howley, 231 Wyoming ave. THE AMERICAN SPIRIT. The address had other equally as 250 XX White Envelopes for 17c. at 3c. Store, 523 Lack's. ave. ombatitive points. Recorder Pierce afterward told of the "American spirt" which caused the cecession of the American Maltas from the Scotch Authorized at low rates to points head. Since that time the order in west during July and August. Call this country has grown wonderfully.

> now there are \$11. This statement was followed by applause. After the address a quartette sang and the meeting was dismissed with benediction by Dr. Dixon.

Eighteen months ago there was not a
