John Markie, of Jeddo, has contributed \$100 to the New York Fresh Air Fund.

Miss Bella McGill, a Freeland school teacher, will enter the Hazleton convent in August.

All the Knights of Malta lodges between Mauch Chunk and Phillipsburg will picnic at Mountain Park August 13.

The spot selected for the picnic grounds at Harvey's Lake is in rear of the Lakeview Hotel and close to the lake itself.

The body of an infant was found in Schooley's mill race, at Luzerne borough. Coroner McKee was notified. An inquest will be held.

A heavy rock struck John Eisenman, a miner at North Mahanoy colliery, and fractured seven ribs and also caused fatal internal injuries.

Attorney John T. Lenahan, of Wilkes-Barre, has received the degree of doctor of law from Villanova college, an educational institution near Philadelphia.

Suit has been entered by Mr. and Mrs. John Stinko to recover \$5,000 damages from Tuderman & Spear, for the death of their son, who it is claimed, was drowned in an unprotected sewer in the defendants' mines at Stockton.

By the collision of two parts of his train, which had parted on the mountain cut-off, Eugene Briggs, a brakeman on the Lehigh Valley road, was crushed to death. Briggs was caught between two cars. He was a single man.

James John, the Wilkes-Barre boat-builder, has an old-fashioned revolver that he found near Fairfax Court House, Va., during the war. It is an old looking weapon. He is going to present it to the G. A. R. of Wilkes-Barre for safe keeping.

J. L. Arnott, of Plainville, has one of the largest strawberry patches in the state, and this year it has an enormous yield. On Monday Mr. Arnott had sixty-five pickers at work and picked 250 crates, or 7,040 quarts. This has been going on for two weeks, and he expects it will hold out two weeks longer.

Francis H. Hagerman, aged 74 years, one of the most prosperous farmers of Bradford county, met instant death at his home in Ashtown township Monday. He was standing upon a load of hay when his team started forward and Mr. Hagerman was pitched over backward, striking on his head and breaking his neck.

While Mr. and Mrs. A. M. Deihl, of Stroudsburg, were riding a tandem bicycle down Storms Hill, near Stormville, Mrs. Deihl became dizzy, lost her pedals and the wheel ran into the gutter. Mrs. Deihl was thrown off and her head struck a large stone. She was seriously injured and was rendered unconscious. The husband escaped serious injury.

FOREST CITY.

Many of the people of Susquehanna county have been in the habit of considering the borough of Forest City as representing nothing far removed from a quarterly bill of costs, although when the county line was being definitely located it was a bill they seemed anxious to continue. Now, however, that the alien tax law has come into existence, the town in the southeastern confines of the county promises to be a source of revenue that it will not be so disagreeable for them to contemplate. The proportion of aliens here to the population is large and a nice sum will be paid by them each year as a result of the new law. It ought, and no doubt will, be sufficient to materially add to school finances and provide for what work is furnished the criminal courts from this place during the year. If it does this we will all be happy and bless the man who first evolved the scheme and the legislature that enacted it into a law. But watch for the work that will be done by the naturalization courts in the next few years.

A force of men is engaged filling in and grading Railroad street between Center and the Hillside company's office. When the work is completed that thoroughfare will be one of the best in the town. This calls to mind the fact that the council has been steadily improving the borough streets for several years past and that they are fast becoming, if not things of beauty, at least passable and slightly.

An infant child of Mr. and Mrs. Dennis Fallon died Monday morning. The funeral was held yesterday afternoon.

Martin Muehle, of this place, and Fessie Teal, of Hollenback's Switch, were united in marriage at St. Agnes' church, Monday, by Rev. J. J. Coroner. They will reside here.

Mrs. James R. Fleming and Mrs. James J. Walker were guests of friends in Susquehanna yesterday.

A Starrucca Teetotaler's Strange Tale of Crow.

THE BIG BONANZA AT HALLSTEAD

Five Officers Chase a Boy Who is Charged with Stealing a Horse Blanket--Sarah Cady Brings Suit Against the Lackawanna and Montrose Railroad--Starrucca Woman's Pet Snake.

Special to the Scranton Tribune.

Susquehanna, June 29.—A Starrucca farmer, while cow-hunting near Lake Poyntelle, saw a big flock of crows, among which, judging from the birds' strange behavior, something of interest must be going on. The crows were gathered around a dead cow, and one of them had got his foot fastened in the carcass in some way and was unable to free himself. Finally his comrades bit the captive's foot off, which caused its owner to scream piteously, but released him. Upon examination the farmer found that the stomach contained a huge turtle, which had been swallowed when the avian was small. A hole just big enough for the turtle's head had been made in the cow's hide by the crows, by which the turtle had been able to capture its unsuspecting victim. Although a prisoner for years, the turtle had not withering of the pugnacity peculiar to its kind. The farmer had turtle soup for his Sunday dinner.

SUSQUEHANNA'S SONS CATCH PLUMS.

Hon. James T. Du Bois, of Washington-Hallstead, one of Susquehanna county's most talented and popular sons, will this week be appointed by President McKinley United States consular general to St. Gallen, Switzerland.

Mr. Du Bois' legion of friends will congratulate him upon his deserved good luck.

The eldest son of B. H. Wasser, formerly of Hallstead, but now of Washington, has been appointed to the consulate at Leipzig, Germany, the position formerly occupied by Hon. James T. Du Bois under President Arthur. The salary is \$3,000 per year, and the duties are not arduous.

A BIG BONANZA—IF.

Prospector Hollenbeck, of New York, owns a reservation near Hallstead, in the Steam Hollow section, and reports having discovered a bed of terracotta, sixty feet deep and covering about seventy-five acres. Mr. Hollenbeck exhibits specimens of his find. He has shipped a barrel to a New York firm, to be tested. Incidentally, he has arrived within ten feet of coal, at a depth of 204 feet. The possibilities of this section, which, heretofore, has only produced rattlesnakes, wild cats, sassafras, railroad ties and tough citizens, appear to be at least wonderful. We hasten to tender to Mr. Hollenbeck, the hustler, the assurance of our most distinguished consideration.

FLOTSAM AND JETSAM.

This is the "field day" of the Ancient Order of Hibernians, and all roads will run to Susquehanna—the steamers will run to Luzerne. There will be a big parade, oratorical pyrotechnics, games and sports of all sorts, dancing, and red fire in the evening. Several thousand visitors are expected, and, for the day there will be a greater Susquehanna. The rough lines will be indicated out, and, like the cemetery, we will take all that comes.

In Beebe Park, on Saturday afternoon, the Susquehanna club fixed the clock for the Deposit allied aggregation, 6 to 4.

In the afternoon, in Beebe Park the Susquehanna and Archibald nines will warm the diamond.

Dr. Seth H. Miller, a graduate of Hahnemann Medical college, Philadelphia, has entered upon the practice of medicine in Susquehanna.

Late advices are to the effect that the recent frosts have not injured the rattlesnake crop.

In Hogan Opera house last evening the Tozaries' Special company gave a meritorious performance before a large and well-pleased audience. The entertainment was under the auspices of Division No. 1, Ancient Order of Hibernians.

IN OUR OWN COUNTY.

A district Sabbath school convention will be held in the Susquehanna Baptist church on Thursday.

Wide-awake South Gibson, one of the sprightliest little hamlets in the county, will have an old-fashioned celebration on Saturday next.

Rev. C. C. Gillet, late pastor of the New Milford Baptist church, has assumed the pastorate of the Clifford church.

Mrs. Sophia Brigham, of Susquehanna, an esteemed resident, was the first female child born in Jackson township.

For the past two weeks a boy, who is charged with stealing a horse blanket, has been chased by a Jackson constable and two deputies and three Susquehanna officers, and is still at large—and alive. The chances are that before the boy is captured he will be a grown man, and the horse blanket will be worn out.

The mutual friends, the Democratic county committee, met in solemn convocation on Saturday, in Montrose, and arranged for a future, unnecessary gathering.

The Susquehanna County Medical society will meet at Lake Carey on Tuesday, August 10, on invitation of the Bradford county society. The society has a membership of thirty-one.

The Susquehanna County Farmers' Alliance and Industrial union is in session today in New Milford.

RECEIVING ESSENTIAL ADVERTISING.

Our contemporaries are advertising "a grand picnic of the grass widows and widowers of Susquehanna county, to be held in Montrose at an early date." It is hardly necessary to state that "Whit" is the press agent who is responsible for this promised event.—Montrose Republican. What Montrose

wants to do is to meet, regardless of sex, or previous condition of servitude, and prepare for the largest, liveliest, and most unique gathering ever held within its borders among the wild language of the circus poster, "it will be worth going miles to see."

RAILROAD CINDERETTES.

The Erie paymaster scattered about \$10,000 in town on Saturday.

The Baldwin Locomotive works, Philadelphia, will build thirteen more Vanclear locomotives for the Erie.

The Delaware, Lackawanna, and Western shops in Hallstead are in operation eight hours a day, an increase of an hour.

Mrs. Sarah Cady, of Montrose, has sued the Lackawanna and Montrose railroad company for \$10,000 damages, for injuries received in July last, while alighting from a train at Heart Lake. She received a crushed foot and other injuries.

Two new passenger trains have been put on the Erie, No. 14, east, and No. 91 west.

The Erie is handling the eastern business of the Washab road.

Susquehanna railroad boys are delighted with "The Railway Employees' Journal." It is a splendid publication, up-to-date in every respect, and a credit to the publishers, Messrs. Call and Youngs. In the language of Rip Van Winkle, "may it live long and prosper!"

OUT OF THE ORDINARY.

Marion Sampson, of Burnwood, 6 feet, 6½ inches high, is probably the tallest man in the county. He is long for his weight.

Somebody who believes in old-fashioned methods of discipline recently sent a young lady teacher in Gibson a bundle of shingles.

A Starrucca woman has a pet snake. The reptile is very tame and spends whole hours in playing with the cat, with which it is on the best of terms. It is immensely funny to watch the two animals, especially the kitten, which is still shy of her strange acquaintance and very careful not to step on him or otherwise arouse his anger.

Forest City is said to have a thirteen-months-old baby that can swim like a duck.

A Susquehanna inventor is to the fore with a mysterious vacuum bed which will cure all pains, a triple motor, to travel with equal celerity and economy on land or water or in the air.

POSTSCRIPT, AS 'TWERE.

The Susquehanna club will go to Hancock on Saturday, to play the home nine.

W. H. Seaman, for the past five years a resident of Susquehanna, died in the Hotel Langford on Saturday morning, aged 69 years. His remains were taken to Delhi for interment.

It is probable that final services will be held in the Susquehanna Presbyterian church on Sunday next. The cornerstone bears date 1851.

Claude Blewett, of Oakland side, has a nice little box containing five blacksnakes and a rattlesnake.

Miss Candace Brown, late a popular and efficient teacher in the Susquehanna high school, left on Saturday for her home in Dover, N. H. A large number of the students accompanied her to the station and showered her with bouquets.

Efforts are being made to organize a base ball association.

The grand commencement exercises of Laurel Hill Academy will be held in Hogan Opera house on Thursday evening. A splendid programme has been arranged, and the entertainment will be a gilt-edged one. The class of '97 numbers 41.

WHITNEY.

AN EDITOR'S VISITOR.

A 27-inch rattler found ornamenting his wire pea rack.

Wilkes-Barre, June 22.—A rattlesnake twenty-seven inches in length was killed in the yard of City Editor White, of the Times, on Carey avenue yesterday at noon. The reptile had crawled up the wire screen pea rack, had tied himself into a pretty bow knot as one could tie by hand, and was waving his head back and forth with graceful motion as proud as a peacock. Arthur H. Madieu was called in to examine the snake. He was called in to examine the snake's head, and as he thought it out what remained of life and threw the remains in an ash barrel in the rear of the lot. Last evening when Mr. White arrived home he found his snake's head, which was ragged from the effects of the shot, under the grape arbor flitting with a neighbor's cat, and he was quickly sent to that bourne whence no reptiles return.

A gentleman well acquainted with the habits of snakes says that the cheery fellow no doubt arrived in the city in a Jersey Central gondola. These empty gondolas are frequently sidetracked in the mountains and snakes are occasionally found in them by the railroad men. The one in question probably came that way and crawled out when the gondola was standing in the South Wilkes-Barre yard, the tracks of which run up to Academy street between Carey avenue and Dana Place.

NICHOLSON.

"Jack the Ripper" has again been at work in Nicholson. On Friday night last, A. L. Van Gorder's flowers in shrubbery in his dooryard were demolished by some fiend in human shape. This is the third time Mr. Van Gorder's premises have been molested in like manner.

The Nicholsoners were overwhelmingly defeated on their home grounds Monday, by the Moosic Populists, by a score of 18 to 3.

Mrs. E. Stevens is visiting her daughter, Mrs. Shoemaker, in Scranton, this week.

A. E. Benjamin and wife are with friends in Scranton, this week. A. E. Rogers, wife and little girl, of Scranton, spent the Sabbath with Mrs. Rogers' parents, Dr. and Mrs. Kelley. Mrs. Rogers and daughter, will remain for a while.

Mrs. C. R. Eldred has returned home after a visit with her brother in Nicholson.

Sheriff Ward Duell, of Montrose, was in town on Sunday.

Mrs. Charles F. Ruel and daughter are visiting in Susquehanna.

Mrs. Frank L. Brown has been ap-

pointed District Deputy for the council of the Degree of Poochontias for this district.

M. P. Currier has returned from a visit at Newton, N. J.

Burglars entered J. J. Compton's jewelry store Sunday morning, but were frightened away before they secured anything.

Mrs. Edward Debow, of Franklin Park, is visiting in this place.

Warren Preston and Lillian Church, who have been attending school at Bloomsburg, for the past few months, will return home this week.

VANDLING.

Cars are out announcing the marriage of Miss Annie Scully, of this place, to Peter Cunningham, of Forest City. The marriage will take place at Forest City Wednesday, June 30.

Children's day was duly observed here Sunday. The exercises were the best ever undertaken by the school and were very interesting.

Miss Lizzie Lavin visited her brother John in Carbondale Sunday.

Vandling Hose company contemplates holding a picnic on August 17th in Vandling Grove.

THE MARKETS.

New York, June 29.—The market for securities closed today with the professional trader, fluctuations in many of the leading shares being wide and very erratic. Sugar moved over a range of 3/4 cent, with a gain of 1/2 cent, and almost equally wide in its fluctuations and was erratic and even more erratic. Prices in the list generally were feverish, especially in the afternoon, and the general degree, giving a very irregular aspect to the market. But when heavy liquidation in Sugar and Chicago Gas set in during the final hour the doubts of holders returned in full force and stocks of all the leading properties were thrown over at a lively rate in a feverish desire to realize and prices generally were carried down to the lowest point of the day.

A partial rally in Chicago Gas stiffened the market, and the closing final results mixed between gains and losses. Most of the prominent active shares showed losses extending to 1/4 in Sugar and 2 1/2 in Standard Oil. The coals resisted the general heaviness on the increase in the circular rates for anthracite coal. Among the most prominent stocks to show gains were the Grangers, Tobacco, which was strong and very active during the greater part of the day, New Jersey Central, Omaha, Tennessee Coal and Iron, and Southwest. The volume of transactions was almost as large as yesterday, but over three-fifths of the dealings were concentrated in Chicago Gas, Sugar, the Grangers, Tobacco and Atchison, preferred. The total sales of stocks today were 422,168 shares.
