Miners Show a Change in Form, and Do Great Things with the Ponies,

Special to the Scranton Tribune.

Springfield, Mass., July 1 .- Scranton had a merry pienic with the Ponies today and ran away with the first of the series with no effort whatever, Griffin's men landed on Willie Mains curves so hard that he was retired in the seventh in favor of Whitehill, but the visitors batted the ex-Star still

Harper nitched a great game, barring Cincinnati his wildness, and the Ponies should Philadelphi have scored but two runs. In five in-Chicago nings he struck out five batters with Pontes on bases ready to score. Then plainly let up on his delivery, and let his fielders do the rest.

EAGAN'S GREAT CATCH.

In the eighth inning with the bases full and two out, Eagan pulled down a line driver from Scheffler's bat close the foul line, cutting off at least three runs, but a seemingly impossible catch. That is only one Stellar sample of the fast fielding done by the Miners all three of their double plays nipping scores at the plate.

L'ineen was in great form and was given good support. Souders was easy for To-ranto and two home runs were made off him. Buffalo did not get a man as far as third base. They played ball carnestly and well, even better than in the preceding game. Their chief handleap was the pitching done by Hodson and the grand support given the Providence pitcher in the field. The Scrantons labored hard to hammer the ball out of reach, but Hodson sent it to them in such style that it seemed to go straight up in the air. Twenty-two of the 27 put-outs were made on fly catches. The Miners were hitting the ball hard enough to send it to the outfield 22 times.
