FREIGHT TRAINS IN COLLISION

Ten Thousand Dollars Worth of Property Is Destroyed.

ROBERT REGAN, FIREMAN, IS KILLED

Fast Freight and Coal Train on the Pennsylvania Collide in Philadelphia—Both Engines Are Completely Wrecked—The Freight Engineer Disregarded the Red Signal.

Philadelphia, July 2.—A fast freight and a coal train on the Pennsylvania railroad collided this morning at Thirtieth and Spring Garden streets, and one man, Robert Regan, a fireman, was instantly killed. Both engines were completely wrecked, involving a loss of \$10,000.

The freight was the regular berry train from Delaware to Jersey City, which makes passenger schedule time from this city to New York. The dead man lived at 12 Front street, Jersey City. The accident is said to be due to the freight engineer's disregarding the red signal.

FIRE IN A MINE.

The Red Ash Vein of the Pettebone Again on Fire.

Wilkes-Barre, July 2.—Fire broke out in one of the chambers of the Red Ash vein of the Pettebone mine at an early hour this morning. The fire started from a blower and communicated to some rubbish. The alarm was given and all the hose at the colliery was taken into the mine. After an hour or so of hard work the fire was extinguished. Men are working in all veins today and the breaker is also running.

MINER INSTANTLY KILLED.

John Clumman, of Pittston, Meets Death Under a Fall of Rock.

Pittston, July 2.—John Clumman, a miner in the Phoenix mine of the New York coal company, was instantly killed at 10.30 o'clock this morning by a fall of rock. His back was broken. He was 45 years of age and is survived by a wife and several children.

WEDDED LIFE WEARIES HIM.

Says His Wife Won't Mend His Clothes and Seeks Divorce.

West Chester, July 2.—Samuel E. Hannum, one of the best-known farmers in Southern Chester county, and residing in New Garden township, has grown tired of conjugal unhappiness and seeks divorce from his wife, although she has borne him eight chil-

dren. In seeking a legal separation from his better half Hannum alleges unpleasant relations with her, setting forth in his affidavit that she neglects to mend his clothing, interferes with the workmen about the farm and makes things unbearable to him generally.

The couple still reside under the same roof and are likely to continue doing so until judicial proceedings render a sundering of the marriage vows.

STATE TEACHERS ADJOURN.

Final Sessions Held in Cascade Park. Ideas Expressed in Resolutions.

New Castle, Pa., July 2.—The State Teachers' association concluded the meeting here yesterday by a visit to Cascade park, where the closing session was held in the large pavilion. Resolutions were passed thanking Governor D. H. Hastings for having again appointed Dr. N. C. Shaeffer superintendent of public instruction, and regretting that the legislature had failed to pass the seven months' school bill. School directors were urged to make a tax levy equal to the state appropriation in their respective districts, and to encourage township high schools. Closing remarks were made by Dr. Crawford, of Allegheny college; Dr. I. A. Thayer, of this city, and Deputy State Superintendent Henry Houck.

Tot's Fatal Climb on a Wheel.

Bellefonte, July 2.—On the farm of John Seibert, five miles from here, while the men were engaged elsewhere this evening, Charles Dale, the 5-year-old son of Samuel Dale, of Warriors Mark, Huntingdon county, climbed on the wheel of a large hay wagon.

The team started, the boy was thrown to the ground, run over and instantly killed.

Girl Kills a Rattlesnake.

Sharon, July 2.—Clara Dindinger, aged 15 years, of French Creek township, this county, was attacked by a rattlesnake while watering flowers in her father's yard yesterday. She thought it was a piece of common oil cloth, but when she caught hold of it saw her mistake. She killed it. The snake was three feet long and had nine rattles.

Preparing to Celebrate a Massacre.

West Chester, July 2.—The one hundredth and twentieth anniversary of the massacre of Continental soldiers at Paoli under General "Mad" Anthony Wayne occurs in September next, and already preparations are being made to celebrate the event in a proper manner.

NEWS OF OUR INDUSTRIES.

Says the Railway Age: Coupled with a further sharp advance in the price of Lehigh Valley stock came a revival of rumors of an early change in the management of the company. This time the gossips have it that President Winter, who recently sent in his resignation to the Northern Pacific directors, will be President Wilbur's successor. We would pay no attention to this re-

port were it not for the fact that we happen to know that J. P. Morgan has not, up to this time, offered the Lehigh Valley Presidency to Mr. Winter or any one else. Also that Mr. Wilbur can continue in office should he desire to do so. It is probable, however, that Mr. Wilbur will retire shortly. Just when cannot now be stated. It will not be, however, until the matters in hand, including the financial deal with the Drexel-Morgan syndicate shall have been fully adjusted. Mr. Wilbur can then retire with credit to himself. For the Lehigh Valley will then be in better shape, financially and physically, than it has been in recent years, and he can turn over to his successor a bigger and better property than when he assumed executive control.

The new breaker of the Dusky Diamond coal company at Beaver Brook was dedicated Thursday. The building is 52 feet in height and 126 feet in length. The approach to the breaker is on a slope 200 feet long and 40 feet high. It is fitted throughout with the most modern machinery, among this being a friction engine, so constructed that the breaker machinery can be operated and the cars hoisted at one and the same time, thereby insuring an abundance of coal of all sizes continually. The veins that are being worked and which underlie this area are the Wharton, Buck Mountain and Skidmore. They range in thickness from 8 to 19 feet, and contain a sufficient quantity of coal to keep the operators busy for the next ten years to come.

Another cave-in occurred in the old workings of the Dodson mine at Plymouth Thursday afternoon, affecting the surface on Hallett's Hill, near the residence of Squire Honeywell. The surface sank so suddenly that a large sized porker which happened to be leisurely strolling along went down with it and had a narrow escape from being buried alive. The hole is about twenty feet deep and about eight feet in diameter.

An order for steel rails for an Indian railway has been received by the Maryland Steel company, which is owned by the Pennsylvania Steel company. The works of the company are at Baltimore, and there, it is understood, the order will be filled. The contract is for 7,500 tons. While this is by no means a large order, yet it is significant as marking the introduction of American rails into India.

July, if doing no other good until it expires, has arrived with welcome news to a number of miners in the Treeseok No. 16 slope because of the fact that ganaway work in the Lykens and Back Mountain veins is to be resumed immediately. These openings have been suspended for over a year and their resumption at this time will give employment to a number of men.

The Lehigh & Wilkes-Barre Coal company are having all their old cars burned up. It is understood, the iron that is in them. This is the most valuable part of the old car and the owners will not allow it to be put to waste. New cars are being constructed instead.

Gerald McKernan, a Hazleton miner, has invented an improvised jigger pan of which much is expected.

The Hazard Mfg Co. of Wilkes-Barre has declared a semi-annual dividend of 3 per cent.

LAST RACE DAY AT DRIVING PARK

[Concluded from page 2.]

a skip and won the race without being urged. Billy H. and Bellman were even chances for second until Bellman broke near the wire and finished third, Billy H. two lengths behind Annie J. Time, 37 1/2, 1:14, 1:49, 2:20 1/2.

Summary: 2:29 trot or pace, purse \$300. Annie J. b. m. .... 1 1 1 Billy H. b. g. .... 2 2 2 Bellman, b. g. .... 3 3 2 Mark Anthony, b. g. .... 4 4 4 Myrtle S. b. m. .... 5 5 6 Clay Cross, b. g. .... 6 6 5 W. C. Norton, Aldenville. Time, 2:29 1/2, 2:25 1/2, 2:20 1/2.

The running race, three-quarters of a mile, brought Red Rose, Young Troubadour, Loan Oak and Lambert to the post. They started at the quarter post and finished at the wire. Red Rose and Troubadour were the most fancied. They got off well in the first heat and when going past the stand Red Rose and Troubadour were the most fancied. They got off well in the first heat and when going past the stand Red Rose and Troubadour were the most fancied. They got off well in the first heat and when going past the stand Red Rose and Troubadour were the most fancied.

In the second heat, won by Young Troubadour, that horse and Loan Oak got the best of the start with Lambert and Red Rose off last in the order named. Troubadour's lead was a long one and he had a gap of 15 lengths between himself and Loan Oak on the lower turn. Here Red Rose went second. Troubadour won hands down.

LOAN OAK'S ACCIDENT. At the head of the homestead Loan Oak stumbled and broke a bone in his right forward ankle. It was feared that he would have to be destroyed, but he hobbled off the track and was presented to Michael Duffy by the owner, W. R. Edwards. Time, 35, 55 1/2, 1:27 1/2. In the second heat, won by Young Troubadour, that horse and Loan Oak got the best of the start with Lambert and Red Rose off last in the order named. Troubadour's lead was a long one and he had a gap of 15 lengths between himself and Loan Oak on the lower turn. Here Red Rose went second. Troubadour won hands down.

Red Rose came to the wire pulled up in 1:29. Summary: Three-quarter mile running race and repeat, purse \$100. Red Rose, b. m. .... 1 2 1 Young Troubadour, b. g. .... 2 2 2 Lambert, b. g. .... 4 3 — Frank Holgate, Scranton. Young Troubadour, b. g. .... 2 1 — L. E. Hart, Wilkes-Barre. Loan Oak, g. g. .... 3 dr. — W. R. Edwards, Scranton. Time, 1:24, 1:24 1/2, 1:29.

During the waits Rowdy Joe (2:68), one of the fastest but most unreliable performers that ever appeared on the track, paced against Raven's 2:15 track, match, pacing record. He was driven by H. F. Kidwell and was paced by a running mate, Little Friend. He made two attempts, acted badly in each and failed.

It was the fifth score on the first trial before Kidwell nodded for the word when the horse was on a gait far below his usual pace. The first quarter was in 46, the next in 25, the half in 1:17, the third quarter 36 1/2 and 1:33. The quarter in 25 and the mile in the slow time of 2:27 1/2.

Later in the second trial he got off well after two bad failures and reached the quarter post in 25 1/2, but broke on the upper turn. Kidwell nodded for a start when he reached the wire, but Rowdy broke again on the first turn and abandoned the attempt.

NEW TRACK BICYCLE RECORD. Bicycle record breaking was more successfully attempted. Keller and Gregory, of the Green Ridge Wheelmen, rode a Spalding tandem unpaced and broke the track half-mile record of 1:00 flat. The latter was made at the Green Ridge meet last August by John B. Corser, of Allentown, on a specially prepared track paced by the Harvans tandem.

The Seranton pair yesterday warmed for a mile and then nodded. Three watches in the judges' stand timed them 55 1/2 seconds, or 3/4 seconds below the record. They made the first furlong in 13 1/2 seconds, and the quarter in 27.

AMATEUR BALL NOTES.

Information for Mr. Gillespie. Sir: In yesterday morning's Tribune, William Gillespie, manager of the so-called Olyphant Browns, modestly stated that the Olyphant Browns would not play at Farview next Monday. THE LAST CALL.

Only one more telling of the story—one more invitation—a day or two more selling, and the stock of F. P. Christian now on sale here will be a thing of the past, only to be remembered by those fortunate persons who secured bargains—and by those who bewail the fact that they were not prepared to partake of the feast.

In addition to Mr. Christian's stock, the greater part of which is now sold out, we have added to the special sale the whole of our Men's Summer Suit stock. In filling up sizes in the cheaper lots, of which the assortment was somewhat broken, we drew from our higher grade suits to keep the lines well balanced.

Old suits, when only one or two of a kind remain, the reduction is severe—some a quarter off, some a third, some half. Choose anywhere, you can't go astray.

The coming week we have laid out a programme of prices that will be very interesting, of which the following will tell you what to expect:

- Men's Imported Cheviot Suits, Former price, \$20.00. Samter's Sale Price..... \$12.00
Men's Fine Cheviot and Worsteds Suits, Sold by Mr. Christian at \$15.00. Samter's Sale Price..... \$10.00
