RACES AT THE PARK.

A Big Crowd Enjoy a Good Day's Sport.

A large crowd witnessed and enjoyed the races at Anthracite park yesterday despite the burning rays of old Sol. The races were close and exciting, and although the events were rather slow in being run off the crowd waited with enthusiasm into the sports and there were no kicks.

The team race proved one of the best of the day. C. H. Schadt, of Scranton, J. J. Patterson, of this city, and L. A. Simpson of this city had teams entered. Patterson's team proved the fastest and won the first three heats. Following is the order and time:

Time, 1:30 1/2, 1:30, 1:18. The free-for-all was a good one and was won by Maud L. owned by R. E. Westlake of Scranton, who captured the purse of \$200 in the first three heats.

Bertha C. owned by H. F. Kidwell, Scranton, and Elma, owned by G. B. Pierce, Pittston, were second and third respectively.

Maud L. owned by R. E. Westlake, Scranton, was second and third respectively. The two mile bicycle race did not prove so exciting as was expected, as it was but a poor exhibition of riding in all but the last half-mile. Dietrick then pulled from fourth to first place and won by a magnificent sport. Time: 8:16.

In the boy's bicycle race Rutherford easily won first place, with Burke and Shepherd second and third respectively.

H. S. Pierce's Pike's Peak won the running race, which closed the day's sports.

Officers Installed.

At their regular session the Junior Order United American Mechanics, installed the officers which were elected one week ago, as follows: Past Councilor, W. H. Griffiths; councilor, Charles Alexander; recording secretary, A. E. Myers; assistant recording secretary, W. H. Stephens; vice councilor, George Berry; financial secretary, M. L. Oliver; treasurer, John Finch; warden, E. Rice; conductor, O. W. Gardner; inside sentinel, James Ricketts; outside sentinel, William Whitelock; chaplain, Thomas Town; representative to state council at Altoona in September, V. J. Finch; alternate, M. L. Oliver; trustees, Frank Colwell, Frank Smith, W. H. Stephens. The order is in a prosperous condition. They have a fine hall in the Leader building.

An Old Firm Dissolves.

The firm of Joslin & Carpenter, job printers, are closing the business, as Mr. Joslin, the senior member, retires on account of his increasing age. He has long been known as a pioneer in printing, the oldest printer in this region, being over 80 years old. He was an apprentice of the late Amzi Wilson, who published the Northern Pennsylvania at Dundaff. Mr. Joslin worked with the renowned Smith-Cameron in a printing office at Harrisburg more than 60 years ago. He lived at Dundaff before this city was settled, and is now one of the oldest citizens of Carbondale.

Business College Will Reopen.

Professor W. P. Gregory has assigned all his interest in Wood's Business college to Professor F. E. Wood. Some suitable instructor will be put at the head of the college, so that the term will begin the latter part of August. There is an excellent field in this city for a school of this kind, and the efforts have been successful financially, when prudently conducted.

MILLIONS IN IT.

What Victoria and Relatives Get for Being of Royal Blood.

The salary paid by the British people to Victoria is \$1,925,000 a year. Her homes—Windsor, Buckingham and Balmoral—are kept up for her. Graze is maintained for her, and the Villa Farnicotti, in Italy, is hired for her annually. Besides this her eldest son, the Prince of Wales, gets \$200,000 a year, out of which he maintains himself only, for Sandringham is granted to him for a home. The Princess of Wales gets \$500,000 a year with which to clothe herself.

Of the queen's other children the Dowager Empress Frederick of Germany gets \$400,000 a year. The Duke of Edinburgh, now practically the king of Exchequer-Gotha, gets \$400,000 a year, for work in the royal art galleries, where he is "Lord of the Hangings." The Duke of Connaught gets \$250,000 a year, certain military services being required of him; and the Princess Beatrice, the queen's "baby," is paid \$300,000. Beatrice has a court duty to perform, her task being to breakfast with her mother every morning and read the papers to her during the day.

Then there are ever so many other expenditures which must be borne by the British people for the support of the royal family. The children of the Prince of Wales, four in number, each receive \$180,000 a year, with the exception of the Duchess of Fife, whose husband, the rich Duke of Fife, will not allow his wife to take a cent of British money. Then there are ever so many others that are pensioned. The Duke of Cambridge, the queen's cousin, gets \$60,000 a year; the Duchess of Teck (mother of the Duchess of York) gets \$25,000 a year, and the Duchess of Albany, widow of one of the queen's sons, receives \$50,000 annually.

When one of the queen's children marries, Parliament grants a dowry of

\$150,000, and when a grandchild marries the sum of \$50,000.

In addition to these trifles, the queen gets \$250,000 per annum from the Duchy of Lancaster, and an immense grant from India. She also receives large money gifts, as nothing pleases her as well as money. At the Jubilee celebration 10 years ago the queen was given \$250,000 by "the women of England," and on her birthday every spring she gets a big lump from her counties.
