### THE SCRANTON TRIBUNE-WEDNESDAY MORNING, JULY 7, 1897.

# Pennsylvania news.

# MINE STRIKE ON IN PITTSBURG REGION

Employes in a Number of Bituminous Mines Abandon Work.

MARK HANNA'S MINES ARE GOING

The Chief Center of Disaffection Appears to Be Among the River Miners, but Reports as to the Progress of the Strike Are Conflicting and a Day or Two Will Be Required to Straighten Them Out.

The strike order of the national executive board of the United Mine Workers of America was obeyed by from 10,000 to 15,000 of the 21,000 miners in the Pittsburg district today. The great struggle is now on in earnest and the developments of the next few days will determine the success or failure of the fight for a uniform mining rate. Pittsburg is the pivotal point in the five states engaged in the contest and the success of the local officials in their efforts to secure a general suspension in this district will have an important bearing on the outcome of the movement.

While it is estimated that at least two-thirds of the miners have thrown down their picks, enough men are still at work, however, to seriously impair the chances unless they can ultimately be brought out. This, President Dolan confidently claims can be done. The operators on the other hand are in no wise disconcerted and assert that the strike cannot succeed.

The first break in the operators' ranks was made this afternoon by J W. Steen, of the O. I. C. mine, at Rossville. The diggers refused to work and the mine was closed down, but a notice was posted that after today the 69 cent rate would be paid. It is not likely that the officials will allow the men to work until a majority of the operators have agreed to the miners' demands.

Fittsburg, July 6 .- The strike of coal miners is on in the Pittsburg district, but reports as to its extent are so conflicting and meagre that it is diffcult to tell how many responded to the strike order. The miners' officials express themselves as confident that order had been generally obeyed and that all the diggers would be out in a few days. The reports received say that all the mines on the Wheeling division of the Pakimore and Ohio railroad are idle. Among the mines shut down are those of the Pittsburg and Chicago Gas Coal company, whose men it was said would not quit work as they had individual contracts. The Osceola mines are also idle, as are

also those at Shaners. In the Pan Handle district, the Champion mine is idle. The only report received of mines that are working in that district are from the Pan Handle mine of M. A. Hanna & Co., and Beadling Brothers. All the Bankesville mines are idle and but sixty men are at work in the Jumbo

Connolly & Wallace From Miss Sachner, of Columbus, O., to Ailing Women.

To all women who are ill:-It affords me great pleasure to tell you of the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for the boon given to suffering women in that ex-cellent remedy. Before taking the

Compound I was thin, sallow, and nervous. was troubled with rhoen, and

my menstrual periods were very irregular. I tried three physicians and gradually grew worse. About a year ago I was advised by a friend to try Mrs. Pinkham's Sanative Wash and Vegetable Compound, which I did. After using three bottles of the Vegetable Compound and one pack-

age of Sanative Wash, I am now enjoy ing better health than I ever did, and attribute the same to your wonderful remedies. I cannot find words to express what a Godsend they have been to me.

Whenever I begin to feel nervous and ill, I know I have a never-failing physician at hand. It would afford me pleasure to know that my words had directed some suffering sister to health and strength through those most excellent remedies .- MISS MAY SACHNER, 148% E. Rich St., Columbus, O.

condition. It is believed his spinal column is seriously injured.

### HELD FOR CHILD MURDER.

### A Mother Charged with a Serious Crime at Towanda.

Towanda, July 6 .- Judge Peck admitted to ball in the sum of \$1,500 Miss Johanna O'Connell, of Asylum town-ship, charged with killing her child. The babe was born on June 19 and a physician found it soon afterward in an upper room with its throat cut. After dressing the wound he questioned the mother and she declared that the wound was the result of an accident. The child died after three days and was buried here. Sunday afternoor Coroner Pratt caused the body to be exhumed and held an inquest, bring-ing out the above facts.

### AN ITALIAN NEARLY LYNCHED.

Assaulted the Daughter of a Country man at Ellwood City.

Ellwood City, Pa., July 6.-Domic Merrico, an Italian ice cream peddler, s charged with assault on a 2-year-old child of Victor Ven Atzi. The little one told its mother of Merrico's assault, and the latter was arrested and sent to Beaver jail.

Italians are greatly excited and tried o lynch Merrico.

### Baby Died from Burns.

Butler, July 6 .- While a 12-year-old daughter of George Reott, of Herman station, was lighting a fire with oll, the flames flashed out of the grate and ignited the clothing of an 18-months-old

few mines are in operation and the in-dications are that by Thursday every with guns and instituted a search without result. will be shut down, as the minera are determined in their demands.

The operators admit that the mine on the Wheeling division are idle, but say it is due to the fact that this was a Slav holiday and that the men will

be at work tomorrow. A strong effort was made to bring out the men at the New York and Cleveland Gas Coal company's mines 4 Turtle Creek, Plum Creek and San-Handle railroad and a number in Ohio.

Creck, but it was not successful, as the men went to work as usual and bitration of Illinois, and has advocated that all disputes among miners and gay they will not join in the movement.

says that the men at the Schick mines on the Baltimore and Ohio railroad in Ohio are now at work at the advance. The three thousand miners on the Cleveland, Loraine and Wheeling railroad voted 2 to 1 against a strike and are at work as usual.

According to estimates of the miners officials, sixty-two railroad mines are idle and twenty-six are still in operation. The miners' officials say the operators will claim a mine to be in operation as long as there are but two nen at work. A fair estimate shows that there are about 10,000 of the 12,006 railroad miners now out.

### FRIGHTENED TO DEATH.

### Boys Who Broke Into a Church Threw

Firecrackers at the Sexton. Pittsburg, July 6 .- Fielding Ranks the venerable sexton of the First Presbyterian church, New Brighton, Beaver county, had his death knell thoughtlessly rung by a growd of merrymakers who sought to usher in July 4 in a noisy style.

The boys, sons of the wealthiest citisens of the town, broke into the church at 1 o'clock in the morning, climbed into the belfry and swung the clapper to and fro with alarming clangor.

The sexton left his bed and ascended the sanctuary steps to see what was wrong. The boys heard him coming

by. The child was so badly burned that it died.

Monongahela River Improvement. Weshington, July 6 .- Assistant Secretary Vanderlip today issued a warhe had time to get away. The can rant in favor of the Monongahela Navigation company for \$3,601,615, being the amount of a final judgment of condemnation. The property was condemned for the purpose of improving the Monongahela river.

### BICYCLE CHAT.

Bicycle jewelry is becoming popular ilmost everywhere, and many pretty designs are shown. One piece that attracts a good deal of interest is the bicycle watch chatelaine. The watch is suspended from a clasp by a couple of

dainty enameled handle bars, and the watch itself frequently has the shape and appearance of a fairy bicycle. Bicycle clocks are frequently seen on the dressing tables of enthusiastic wheelwomen, and the bicycle paper weights are found on the business desks of not a few wheelwomen. Ivory sollet sets are made nowadays with silver bicycle wheels on the back

of each piece, in place of customary monograms. Young ladies frequently

have their stationery stamped now with their cycling club colors. The most fetching thing of all, though, is the bicycle wheel link engagement bracelet. This is made of a series of tiny bicycle wheels, linked together with precious stones and clasped with a miniature lantern, of which the light is a glistening gem. Wheels in bright color enamel are used for link cuff buttons, while entire bicycles in miniature are used as "stick" pins and for the decoration of neckwear,

The blcycle has probably done more to develop the mechanical genius of the people of today than any other agency. With the old wheel, the ordinary, while a repair kit was carried, it was seldom eeded, for the whole machine was built for wear, weighing two and three times as much as the modern safety, and having tires almost unbreakable. The only danger was from a loosened tire. Later on the narrow tire and then the cushion tire came in, each requi-

ing more care, and with them cr ae the sprockets, chains and adjustable saddles and handle bars that required some skill to manipulate. But it was with the advent of the eighteen to twenty-one pound pneumatic that skill was really called for, and to-day it is

hard to find an owner of a wheel who is unable to take his machine apart, or who does not thoroughly understand its make-up. Good evidence of this is to be had at any of the cycle shows, or even in the regular sales rooms. At the former it is a common sight to see a crowd around some new model, every one-man or woman, young or oldseemingly possessed of accurate knowledge and capable of weighing care-fully the advantage offered by each

particular make. A Pittsburg inventor has just se cured a natent on a strip of light, tough composition material which he claims does away with all danger of punctur-ing tires. The strip is introduced in the double tires, and with the single tire it is put on the outside. The material itself is so light that it adds but

little weight so the tires. Several prominent Pittsburg wheelmen have tried the new device and pronounced

Provided the bill is paid on or be-fore the 20th day of the month in which the bill is presented.

By Order of the Board. By Order of the Board. G. B. HAND. Secretary. Scranton, Pa., June 21st., 1897.

on account of her flirtations with other negroes he had become insanely jeal-ous. After one of the quickest trials in the history of law in Georgia, he was sentenced to be hanged on July 2, but an appeal was taken to the Supreme court and execution of sentence post-

poned. The murdered woman, Annie Johnson, was Mrs. Atkinson's maid. It is understood that Mrs. Atkinson has been closeted with her husband all the afternoon urging him not to interfere with the course of the law, and there

is every reason to believe that her
