FOREST CITY.

Reuben E. Lowrie, of Olyphant, visited elatives here on Wednesday. Notices are up warning owners of dogs muzzle them. A borough ordinance rovides that during July, August and eptember no canine shats be allowed to un at large without a muzzle, unless

the owner wants it to be shot,

the owner wants it to be shot. Vandling Hose company will hold a pic-nic on Saturday, July 17, in the grove at that place. Among other things adver-tized the company offers a prize to the most handsome baby on the grounds un-der one and one-half years of age. Enterprise Hose company will hold its regular semi-monthly meeting this eve-ning at the bose rooms. Wednesday the Wayne county commis-sioners received bids for the construction of abutments for the bridge which it was proposed to erect across the Laokawan-

proposed to crect across the Lackawan-na, south of Forest City. None of the bids was favorably considered, for the reason that the supervisors of Clinton township vigorously objected to the lo-cation and reminded the commissioners that they had no order from court for their action. The people of Western Wayne, who are the ones that will use the bridge, if it is ever crected, want it where it will be most convenient for them, and that is at a point connecting the Wayne county turnplke with Center street and Grand avenue, Forest City Several days ago The Tribune suggested that the commissioners might hear from their constituents and they have heard. Now let the two counties arrange to appropriate a certain amount each and build a county bridge at this point, where there is so great a need for it. For-est City and the people living near it demand some consideration from Sus-quehanna county, and the people of Pleasant Mount and Clinton townships in Wayne are of the oplicant that the lack Wayne are of the opinion that the lack of a bridge should not be allowed to keep them from their best market, and that when the most available site is deter-mined upon they should be consulted. Patrick White, who has been working on a farm a short distance above Forest City, came to town Wednesday and im-bibed quite freely of various exhilarating

liquids. Finally he so far lost his judg-ment that he stood in front of Prokopo-vits' hotel, on Main street, singing at the highest pitch of his voice. The proprietor warned him to leave and he did. Later White was found by George Brain, near the latter's residence, making an indecent exposure of his person. When expostulated with and ordered away he used violent language and threatened Mr. Brain. He then the Brain. He then tried several doors on lower Main street, and finally effected an entrance into the house of Samuel May. When asked to leave he used the vilest and most insulting language. An officer was sent for and White was taken to the office of the Beace W J to the office of Justice of the Peace W. J. Wilkes-Barre, Maxel. There he was very violent and was committed to jail until he sobered up. Considerable force had to be used by Constable Walsh in taking him to the lock-up. Wednesday evening he was givn a hearing and said that his name was William Goldsmith, and that his home was in Albany, N. Y. There were those present who recognized the man, September those present who recognized the man, however, and knew that his right name was White. He pleaded not guilty and was sent back to jail, and the hearing was adjourned until 8 o'clock yesterday morning. Yesterday the only charge brought against him was disorderly conorought against him was disorderly con-duct, and he was sentenced to pay a fine of \$18, and in default to be committed to be committed to the county fail for thirty days. As he could not pay the fine Constable Walsh took him to Montlights. parents here.

Wall Street Review.

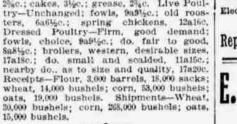

New York, July 8 .- There was an crease of activity in the dealings in the stock market today over both yesterday and the day before, but quite one-haif the dealings was absorbed by St. Paul, Sugar and Burlington. The Chicago, Great Western, Des Moines and Fort Dodge and Minneapolis and St. Louis Hood were quite conspicuous and strong as group. The first gained 1½ net and the second 2 points. East River Gas made an apparently sensational jump in the clos-ing dealing to 79%, a net gain of 3% points. Laclede Gas gained 1%.
