There are six direct heirs to the estate, all in America, and the two families mentioned will come in for \$7,000,000. For sixteen years these heirs have been working on the case, and only recently came across the missing link in the shape of the log of a ship in which members of the family crossed the ocean years ago.

This log was found at Brownsville, a Bible giving a complete history of the family, has also been found in Fayette county. Besides the millions in cash there are eighty acres in the heart of one of the English cities which will come to these heirs. The heirs will endeavor to get Judge Mestrezat, of Uniontown, to conduct their case.

NEW RAILROAD RECORD.

Transportation of Christiana Endeavorers Believed to Establish It. Salt Lake City, July 9.—The Christiana Endeavor west-bound movement is practically over. During the period from July 1 to 7 the Rio Grande Western road handled seventy-one trains carrying 17,232 passengers from Grand Junction to Ogden. The greater percentage of these passengers stopped over in Salt Lake City, thus requiring three days and five trains, thus requiring a second movement or the handling of a total of nearly 35,000 passengers. This was accomplished without accident or serious delay.

The bulk of this immense traffic having been carried on July 3, 4 and 5, establishes, it is claimed, the world's single track passenger record.

SHOT GRANDPA FOR A THIEF.

A Young Man's Serious Mistake While on Watch. Cape May Court House, N. J., July 9.—Nobson Swain, an aged and respected farmer living at Swanton, lies in a very critical condition at his home, with about twenty-eight No. 4 shot embedded in his groin and abdomen, and the chicken thief for whom the charge of lead was prepared is still at large and in good health. So serious have been the recent deprivations of poultry thieves that many Middle township farmers have made arrangements to protect their breeds by heretic measures.

While a young grandson of Mr. Swain and a farm hand were holding midnight vigil Thursday night they saw a stranger creeping along toward the hen roost and young Swain fired missing his man. As the smoke cleared away they saw what they supposed to be the same man standing near the roost. The next shot was answered by a groan, and the boys were horrified to find that it was Mr. Swain, who had come out unknown to them to see if they were awake.

HAWAIIANS DISAPPOINTED.

Held a Steamer at Honolulu, Hoping for Annexation News. San Francisco, July 9.—The steamer City of Peking, just arrived, was a day behind her regular time. Captain Smith explained the delay by saying the vessel was detained at Honolulu on a request from the officers of the Hawaiian government, who asked that the vessel remain in the harbor until the Mariposa from San Francisco should arrive, by which the Hawaiians hoped to hear that the annexation treaty had been ratified by the United States senate, and that they could call themselves Americans.

The leaders of the annexation party had purchased all the firecrackers on the islands and were preparing for a big celebration, but the news to fully subvert them did not come, and the celebration was declared off. The Hawaiians hoped by holding the steamer to send congratulatory messages to this country.

TRADE OUTLOOK BRIGHTER.

Bradstreet's, Formerly Pessimistic, Is Converted to Prosperity's Side. New York, July 9.—Bradstreet's tomorrow will say: The prospect of an early settlement of the tariff has strengthened the widespread feeling of hopefulness that the autumn will bring a revival of commerce by the United States senate, and that they could call themselves Americans.

The leaders of the annexation party had purchased all the firecrackers on the islands and were preparing for a big celebration, but the news to fully subvert them did not come, and the celebration was declared off. The Hawaiians hoped by holding the steamer to send congratulatory messages to this country.

Very Unusual!! The flattering response experienced in the past fortnight, occasioned in a great measure by the sale of the stock purchased of Mr. Christian, has unbalanced the assortment and sizes of our stock, so that on Monday next we shall inaugurate a sale of the balance of our Men's Spring and Summer Suits in fancy checks, plaids and mixtures. This will be the greatest innovation ever attempted here. It must be startlingly surprising--or else we would not say so, nor would we be satisfied. We are not now ready for particulars--being too busy, but watch the Sunday papers and dailies of Monday, July 12, and you will find that this remarkable reading will be put in actual practice word for word.
