Schnylkill Lawyers Ask the Court to Make Rules for Naturalization, So as to Debar the Undesirable Class of Aliens.

Pottsville, July 18 .- The annual meeting of the Schuylkill Bar association was held here yesterday at the court house. Resolutions were unanimously adopted asking the court to adopt certain rules relative to considering petitions for naturalization. These provide that every applicant shall be required to state that he can read and write and that he has read, and understands the constitution of the United States, and the constitution of Pennsylvania. No public officer of the county, or candidate for office, or member of any campaign, or political committee, shall be accepted as a voucher in any naturalization petition.

If it shall appear by record or otherwise that within the period of five years preceding the filing of the petition the applicant has been engaged in any unlawful assembly, riot or affray or other breach of the peace, or that he has been convicted of any criminal offense in this, or any other county, or has participated in any combination or conspiracy intended to obstruct the due execution of the law or has attempted to unlawfully interfere with or control any person in the full and free enjoyment of his lawful rights, such conduct, notwithstanding the oath of the applicant, shall be deemed evidence that the petitioner is not attached to the principles of the constitution of the United States, and is not well disposed to the good order and happiness of the community.

It was decided to hold the annual outing this year at Reading, on September 1. The following officers were elected for the ensuing year: President, George J. Wadlinger, of Pottsville; secretary, Charles E. Breckons, St. Clair, and treasurer, A. W. Schalok, Pottsville.

Zacharias Fish, of East Stroudsburg. Mrs. Fish went out to the Edward Poole place to pick cherries. The wornan is past middle age but showed considerable agility in picking the fruit, going to the height of twenty-five feet from the ground. While standing on a limb of the tree placing the cherries in a can carried for the purpose, the branch suddenly snapped, causing the woman to shoot SUSQUEHANNA COUNTY

straight down to the ground. In falling she turned sideways and landed on her hip and back. The left hip was badly hurt. Her back is also severely contused and owing to the woman's age it is feared that serious results will be felt.

## THE MARKETS.

### Wall Street Review.

New York, July 13.-In the stock mar-set today the coalers easily responded with a rise extending to 2 per cent, to the Lehigh Valley's election of officers and di-rectors known to be acceptable to the controlling interests in other anthracite properties and to the harmony in opera-tion expected to result. The judicial interruption of the proposed inquiry into the anthracite trade under the anti-trust law enacted by the last New York egislature not only had a good effect on the coalers, but strengthened the whole industrial group. Today's Washington rumors continued favorable to the refining interests and to the effect that a compromise sugar schedule pleasing to the company would likely be agreed upon by the conference. The result was that sugar scored another high record price touching 137%. or nearly 2 points above yesteday's close and over 3 points above the loftlest price previously which was 1344. The announce-ment of the failure of a broker house which was on the wrong side of the sugar market caused a reaction in the market which carried prices generally a fraction below last night's close. The fluctuations in Sugar were most erratic and widely attended by heavy covering of shorts. Hesitation ensued and then there

was increased activity and strength. The transactions in the stock comprised a fourth of the total transactions in all stocks, over 79,000 shares being sold. Af-ter a momentary decline at the opening the stock sold up 2% above yesterday's close, reacted 2% and then partly re-covered, closing at a point advance over covered, closing at a point advance over yesterday. Chicago dispatches. The clos-ing was strong and generally at best prices which were a fraction above yes-terday's close. The total sales of stocks today were 302,558 shares. ### SECOND BIBLE CONFERENCE.

#### It Is Being Held This Week in Bloomsburg.

Bloomsburg, July 13 .- In accordance with the instructions of the state con vention held in Reading in February last, the executive committee of the State Young Men's Christian association has perfected all necessary arrangements for the opening of the second annual bible conference of Pennsylvania. Last year the first bible conference, under the direction of Y. C. A's of Pennsylvania, was held at Shikellimy Heights, opposite Sunbury.

No more delightful spot could anywhere be found for such meeting than that afforded in the buildings and grounds of Bloomsburg state normal school. The following well-known bible teachers are definitely secured, and some are already here: Rev. R. A. Towey, superintendent Moody's Bible Institute, Chicago; Dr. J. Wilbur Chapman, pastor Bethany Presbyterian church, Philadelphia; J. W. Dean, "Quaker Evangelist." Philadelphia; Philadelphia; James H. McConkey, Wrightsville; Rev. Charles E. In the Brazilian hotels men are em- ployed to do the chamber work, and they are prone to rush into the bedrooms of the guests when occasion requires with- out knocking. A prim little Yankee "schoolmarm" visiting Rio de Janeiro was much annoyed at this custom, and, after mildly protesting several times without effect, she said severely to the boy who did the work in her room: "Juan, be good enough to understand that I will not allow you to open the door of my room without knocking. If you do it again I shall certainly report you at the office. Why, I might be dress- ing."	WILLIAM H. PECK, Cashler. Peaches, Cherries, Pineapples, Plums. Also fancy home-grown Strawberries. W. H.
