A petition was presented to Judge Archbald yesterday by Commisioners R. H. Holgate and D. J. Reedy, who are conducting the Dunmore election contests, asking that an order be made allowing the ballot boxes used at the election held in Dunmore last February to be opened. Select Council Has a Long, Busy Session.

TEN ORDINANCES ARE DEALT WITH

Only One New Measure Was Introduced -- Mr. Manley, Who Was in the Wasn't Anything That Even Approached a Speech -- An Instance of Justice Versus Law.

Select council had a long, dry featureess meeting last night. Only fourteen members attended and they acted at times as if they were sorry they were there. The first half hour was taken up with the reading of the minutes of all the meetings since the middle of June. During this tedious order the members practiced hooks and jabs and solar plexus swings, all the while keeping an eye on the door connecting with the common council chamber. Mr. Robinson was in the midst of a dissertation on how unsportmanlike it is to pull hair in a friendly go when City Clerk La-velle ceased reading and further diver-Popular Punch sion along this line was interrupted by Temporary Chairman Manley's vicious manipulation of the gavel.

Mr. Durr was the first to obey. Representing the joint fire department committee, he presented the recom-mendations agreed upon regarding the purchase of a chemical engine and \$2,000 worth of hose. The recommendations which were adopted, were as follows: That the contract for the combination chemical and hose wagon be awarded to Charles T. Holloway, of Baltimore, the price to be \$1,500; that the Gutta Percha Rubber company and Columbia Rubber company be each given a contract for \$750 worth of hose at \$1 per foot; that the Revere Rubber company be awarded the contract for furnishing \$400 worth at 95 cents per foot; that 950 fet of garden hose be purchased from the Columbia for \$72.50, and that 100 feet of chemical hose be purchased from the Revere company

building to city hall was approved without comment and unanimously. A resolution introduced by Mr. Williams, directing the street commissioner to repair the broken sewer on Garfield avenue, between Washburn and Jackson streets, was the only new neasure introduced. It was approved. The following ordinances passed first and second readings: Providing for a lateral sewer on Prescott avenue between Pine street and the land line of the Lackamanna Iron and Coal com-pany and A. B. The ordinance providing for the repairing of the Excelsior Hose wagon was amended, in committee of the whole, so as to include the Niagara's wagon, and was then referred for printing. Mr. Kearney made the

amendment. On motion of Mr. Thomas council reconsidered its action of last meeting and passed on third and final reading the ordinance providing for the remodelling of the Center street station

Other ordinances passed on third reading were as follows: Providing for a lateral sewer on Farber court, between Olive and Ash streets: providing for the annual levying of taxes at a twelve and eight-tenths mills rate; providing for sidewalks and curbing on the southerly side of Bank street; providing for gates at the Erie and Wyoming Valley Railroad company's Beech street crossing; providing for a lateral sewer on Monsey avenue and Green place.

As the meeting was drawing to a close Mrs. Mary Muldoon, of the Eleventh ward, came into the chamber and seeking out Mr. Coyne handed him a petition with the request that he present it. When the proper time came he had it read by rk Lavelle. It recited that the partioner, Mary Muldoon, was 68 years of age; that she had no income except the rent from a part of her modest home; that she had an imbecile daughter to care for and even if her strength would permit it, she would not on this account, be able to go out to work. Then there will be pages of sporting news, news for women, all the social gossip of this town, and a splendid historical picture, "The Sailing of the Pilgrims" free to every You had better order next Sunday's "Press" to-day.

TO CONSULT THE WHEELMEN.

Conference Over Bicycle Ordinance Will Be Held Tonight.

The Anthracite Wheelmen will be represented by C. H. Derby; the Green Ridge Wheelmen by William Carr; the Scranton Bicycle club by A. B. Dunning, jr., and the Electric City Wheelmen by F. E.

There are four ordinances in the com mittee's hands. From these and suggestions that the wheelmen will offer the committee expects to be able to draft a measure that will be satisfactory to both the general public and the wheelmen.

SECURITY WAS NOT GOOD.
