SELECT COUNCIL MEETS.

Business Transacted at the Session Held Monday Evening.

The select council met on Monday evening when Messrs. Sargent, McNulty, Gilhoel and Dilts attended to various items of business. The mayor's re-appointment of P. F. Moffit as fire chief, was presented and referred to the proper committee. A committee reported favorably as to an ordinance authorizing the city to acquire some land, between River street and the Lackawanna river. A resolution authorizing a warrant for the sum of \$200, payable to Mayor Neil, to be applied for this purpose, was adopted. A communication was received from J. F. Wheeler, the city controller, regarding the furnishing of rooms for city officials by the city.

Some time ago a warrant was issued in favor of H. O. Watrous for office rent, the amount being \$20 per month. The controller returned it unsigned, on the ground that this regular expenditure requires an appropriation from the council. The office for which the rental was to be paid was not regularly leased, or otherwise arranged for by authority of council. The communication was received and ordered placed on file. The question of an office for the solicitor is still perplexing.

Swimming Match at Crystal Lake.

A large crowd were at Crystal lake on Monday and witnessed a swimming match between John Harrington and Michael Jordan of this city. The distance for the swimmers was from the boat house across the lake, in a turn around the boat anchored near the shore and return. The men started in good form, and with steady strokes made rapid progress. Harrington, however, after reaching the middle of the lake began to gain, and was about twenty feet ahead when the boat reached the shore. On the return he continued to gain, until at the finish he was about one hundred feet in advance of Jordan. F. A. Ellis, of this city, was referee, and he announced that Harrington's time was thirty eight minutes and thirty seconds, half a minute behind. The entire distance was about one mile and the contest was for a purse of twenty dollars. Harrington gave an exhibition of his ability in diving and fancy swimming. In fancy swimming.

NEGLECT IS SUICIDE.

Plain Words From Mrs. Pinkham, Corroborated by Mrs. Charles Dunmore, That Ought to Bring Suffering Women to Their Senses.

If you were drowning and friendly hands showed a plank to you, and you refused it, you would be committing suicide! Yet that is precisely what women are doing if they go about their homes almost dead with misery, yet refuse to grasp the kindly hand held out to them!

It is suicidal to go day after day with that dull, constant pain in the region of the womb and that bloating heat and tenderness of the abdomen, which make the weight of your clothes an almost intolerable burden to you. It is not natural to suffer so in merely emptying the bladder. Does not that special form of suffering tell you that there is inflammation somewhere?

Shall I tell you what it is? It is inflammation of the womb! If it goes on, polypus, or tumor, or cancer will set in. Commence the use of Lydia E. Pinkham's Vegetable Compound. Thousands of women in this condition have been cured by it. Keep your bowels open with Mrs. Pinkham's Liver Pills, and if you want further advice, write to Mrs. Pinkham at Lynn, Mass., stating freely all your symptoms—she stands ready and willing to give you the very best advice. She has given the helping hand to thousands suffering just like yourself, many of whom lived miles away from a physician. Her marvelous Vegetable Compound has cured many thousands of women. It can be found at any respectable drug store.

Mrs. CHARLES DUNMORE, 102 Fremont St., Winter Hill, Somerville, Mass., says: "I was in pain day and night; my doctor did not seem to help me. I could not seem to find any relief until I took Lydia E. Pinkham's Vegetable Compound. I had inflammation of the womb, a bearing-down pain, and the whites very badly. The pain was so intense that I could not sleep at night. I took Lydia E. Pinkham's Vegetable Compound for eight months, and am now all right. Before that I took morphine pills for my pain; that was a great mistake, for the relief was only momentary and the effect vile. I am so thankful to be relieved of my sufferings, for the pains I had were something terrible. I am, indeed, very grateful for the good Mrs. Pinkham's remedies have done me."

His work as a soldier, hunter, guide, and scout, which gave him his real fame, once ended, he was by no means devoid of some of his admirers to show his wonderful personality to the public that already had read so much about it. His success was instantaneous. For a time he confined himself to the stage, but his narrow career was too small for him, and then came his Wild West.

A visit to this exhibition means something more than a diversion for an afternoon or evening. It means a glimpse into American history. Your children's children must see this exhibition, they may never know about it out of books. Better let them learn it at the knees of your children.

THIS PAY IS A CENT A YEAR. Sawyer of Freedom, N. H., Closes a Mail Contract with the Government. A question which may give the post-office authorities at Washington considerable trouble, says the Sun, is how they are going to arrange the quarterly payments of mail contractor Sawyer. Sawyer began on July 1 his contract of carrying the mail between Freedom, N. H., and Centre Ossipee, the nearest railroad station, for one cent a year. As the mail contractors are paid quarterly, the question has arisen at Washington how Sawyer is to be paid, but the department is understood to have passed it over for the time being, as the officials say they are not crossing a bridge until they come to it.

Another interesting phase of this novel mail contract is being discussed by the patrons of the office. The question is being asked how the department is going to retain any of the contract money in the event of Sawyer missing a trip. Uncle Sam is very particular in these matters. The mail contract is an ironclad agreement and excuses don't go for not collecting or delivering mail. For each trip that is missed Uncle Sam reserves a portion of the contract money. The probabilities are that payment for the first three-quarters in Sawyer's case will be omitted, and for the year ending on June 30, 1898, the whole cent will be forfeited.

There is an interesting story connected with this mail contract. For six years Charles B. Danforth carried the mail between Freedom and Centre Ossipee. Danforth runs the stage coach and local express between this town and Rochester, N. H. He received \$160 a year from the postoffice department for the work. Freedom is about nine miles from Centre Ossipee. Carrying the mail means that the carrier must go up with the birds and drive over the rough country roads, meeting the first east-bound train at Centre Ossipee at 7 a. m. The mail from Boston arrives at 1 p. m. and by the time it is delivered at Freedom it is nearly 3 p. m. This has to be done every day in the year except Sunday. There were several bids for the place this year. Danforth has a mortal enemy, named Sawyer, who is also his neighbor. He heard Sawyer was after his job. So he was sure of beating Sawyer he put his figure at \$5 a year. When the bids were opened later he was chagrined to learn that Sawyer's bid was one cent a year. Sawyer got the contract and on July 1 entered upon the performance of his new duties. Sawyer has no business that calls him to the railroad centre daily, so this is one of the cases in which a man is willing to work for nothing to spite a neighbor.
