THEY WERE GOOD FRIENDS.

Until Morgan Bought a Carriage and Harness from Evans.

dramatic scene was enacted in Alderman Moses' office last evening at the continued hearing of Evans vs. Morgan, George Evans and John S. Morgan are both residents of Back street and were until recently good friends. Now they are somewhat estranged. The cause of the present indifference is directly traceable to the sale of a carriage and harness by Evans to Morgans some time during Apel ril. Being such good friends the bargain was made that the new owner should get the goods for \$8 and pay a few dollars on each pay day. But it seems that Mr. Morgan was so wrapped up in the enjoyment of his newly aequired property that pay-

became a minor issue. Mr. Evans, after repeated requests, appealed to the alderman as a last resort and succeeded in getting judgment for the full amount. The wives of the two men appeared in behalf of their respective husbands and proved to be veritable modern Portias. At least the many witnesses who received a scathing cross-examination at their tinnes are willing to testify.

SOCIAL HAPPENINGS.

The young people of the Tabernacle Congregational church tendered their friends an entertainment and fan social at the church parlors last evening. Cake, coffee and ice cream were served and the evening was enjoyed by a large number present. The exercises, over which the pastor, Rev. D. P. Jones, presided, were opened with a selection by the Village Bell quartette. This was heartily encored and then came a solo and chorus rendered by Miss Ida Jones and friends. Miss L. Cullen recited and H. A. Jones rendered a solo. Miss Griffiths recited, followed with a duet by Edith and Eddie Davis. The Misses Maggie Thomas, Lizzie Jenkins, Ida Jones and Ellen Griffiths gave a humorous dialogue and the exercises vere concluded with a duet by the Misses Ethel and Edith Morgan.

'The Ladies' Ald society of the First Weish Congregational church gathered at the residence of Mrs. Mary T. Jen-kins last evening and tendered her a surprise. Mrs. Jenkins is a member of the aid. She proved herself an entertaining heatess and all present thoroughly enjoyed themselves. At a seasonable hour tea, with accompanying delicacies, were served. The ladies present were: Mrs. Mary T. Jenkins, Mrs. James Harris, Mrs. Maddoc, Mrs. Lawrence, Mrs. Anthony, Mrs. Moses, Mrs. Abrams, Mrs. Enoch Harris, Mrs. John Long, Mrs. Raymond, Mrs. Jenkin Edwards, Mrs. John Edwards, Mrs. Argust, Mrs. M. HAVE THE GOLD FEVER. The reputed millions of gold to be had for the picking up in the Klondike region in Alaska has excited many West Siders. From Alaska to the West Side is a far cry, but good news goes anywhere and there promises to be an exodus to the gold fields upon the borders of the Yukon river. Here and there you will notice a group of men, ome young and others middle-aged, and their conversation is all upon the gold find. If some man who had been to Alaska and had returned with any gold or news of a reliable sort, should arrive in Hyde Park he would be a much-sought after individual. The rigors of the climate, the necessary \$1,000 and a few minor details will, however, soon cool the general enthusiasm,

THE AMERICAN MACHINIST.

His Work Esteemed the World Over Wherever Machines Are Used.

says the Sun, extends everywhere; his ingenuity in planning and his skill in execution are known wherever man uses machines and tools. If there is any one branch of work in which he excels more than in another it is in the building of special machinery, by which is meant machines not kept in stock or regularly manufactured, but specially devised and made for special uses. For instance, man designs some ar-

ticle of use which he works up by hand, or by the aid of machinery. To produce this article in quantities, at such a cost that it can be sold at a profit, special machinery is required. The designer or inventor takes the article to the builder of machines and says: "Can you make a machine that will make these things, and will you guarantee it to work?" It is altogether probable that the machine builder answers yes to both questions, because there is practically nothing that he cannot do. Special machinery is built for a wide

variety of uses. As the knowledge of American skill in this direction, now long familiar, has spread, orders have ome from all over the world and special machinery is sent from here also for use in enterprises installed or conducted by Americans in foreign coun-

shipped from this country almost everywhere. One big machine shop in this city that is largely engaged in the production of special machinery sends probably a third of its work out of the ountry. It has sent machines to every

DR. WILLIAM A. TAFT.

Potsdam, N. Y., about three years ago and for some time was located in of-fices with Dr. Fordham, on Washington avenue. Later he occupied offices at 325, on the same avenue, and had an excel-lent dental practice. A peculiarly sad feature connected with his death is the fact that he leaves a young wife, whom he brought here a bride less than a year ago. Dr. Taft was an active and progressive member of the Lackawanna and Luzerne Dental society, was a graduate of Philadelphia Dental college, and had made for himself an important place in Elm Park church, where his earnest and successful work, both as a Sunday school teacher and leader in the Epworth league made him a valuable member. The re-mains were taken to Hammond, St. Lawrence county, N. Y., at 2 o'clock this morning, where the funeral services will be held. Accompanying them were a number of personal and professional friends of this city and a brother of the deceased from his former home.

Mrs. Budget Donnelly died late Tuesday evening at her home on Yard street, after an illness of one week's duration. Mrs. Donnelly had been a resident of the North End for a great many years and during that time has made many friends, all of whom will deeply regret her de-mise. She is survived by two sons and one daughter, namely, John and Thomas, of the North End, and Mrs. Ann McDer-mott, of Wilkes-Barre.
