### TURMOIL AT PITTSBURG.

A Fight, a Rotten-Egging and Two Good Games of Ball.

Pittsburg, July 22.-The 5,200 people at the ball park today saw a prize fight, an umpire rotten egged and two good games all for one price of admission. In the third inning of the first game, Sheridan gave a betsman his base on balls and when he went out behind the pitchers' box to watch second, Hawley said some tiling to him and Sheridan struck "Pink" a blow on the cfleck. Hawley retallated and with two well almed blows knocked Sheridan down and out. Hawley was put out of the game and Hastings substituted. In the second game Hawley was put in to pitch and Jennings, the third man up, was given first on what Sheridan called an illegal delivery. This set the crowd wild and in a few minutes a shower of ill-smelling eggs fell around the umpire and he had to stop the game until Captain Donovan could come in from the field and restore order. Both games were well

good as ever.—Buffalo Express.

"Pitcher Johnson has been released by the Phillies. He will no doubt go back to Scranton," says yesterday's Philadelphia Record. Johnson will be received back on the Scranton pitching staff if he will return for the salary he received last season and if he can demonstrate that his injured knee will not interfere with his work. As appropriet in this column his injured knee will not interfere with his work. As announced in this column two weeks ago Manager Stallings wrote Manager Griffin offering to release Johnson but he was not wanted at that time. He would be signed now if the salary question can be agreed upon, and providing, as stated, he has recovered from his injury. If he is the Johnson of old his appearance on the Scranton diamond would do much toward increasing the attendance and would help null the Minore. tendance and would help pull the Miners up in the race.

# BILL SCHRIVER WAS GREEN.

His First Trip to St. Louis Was an Eye-Opener.

Bill Schriver, the Cincinnati catcher, was a trifle green when he first signed with the Brooklyn club a dozen years ago, says the Sun. Bill was a typical countryman, but was such a promising ball player that the Brooklyn club decided to take him on a western trip. "Where are we going?" Bill asked the manager as they boarded a train

at Jersey City, "Out west," was the laconic reply. Then Bill sat beside a window and gazed at the country, passing rapidly by. When the train reached Newark, Schriver looked around at the other players and then sank back in his seat. was apparently nervous about something and kept fidgeting until the train rolled into Trenton, Then he grabbed his valise and batbag and moved rapidly towards the door, "Hey, there, Bill!" yelled the play-

ers, "where are you going?" "Why, ain't this the end of our route?" asked the catcher. "How much further have we got to travel, anyhow?" When Bill finally reached St. Louis he was in a sort of trance,

# DAD CLARK AND THE MENU.

Wasn't Up on French, but Gave the Order Just the Same.

Ball players thrive on good food when they are traveling. Some of them go through the bill of fare at the big hotels like hungry tramps at a cottage door. Several years ago the New Yorks were in Louisville. Dad Clarke and Eddie Burke were sitting at the table together, and Eddie said to Dad: "You give the order!"

Dad picked up the "programme" and

was confronted with a long list of French dishes, which Dad wouldn't have attempted to pronounce for big

"Come here!" yelled Dad to the waiter, "and don't be swelling up in that dress suit!" Then Dad put his forefinger on the bill of fare and let it slide slowly down past the various

"Lug along a dish o' this! "Gimme a pile o' that stuff, and have "Wee! Wee! !" said the waiter, who turned inquiringly to Burke. Eddle waved him off with the imperious re-

quest: Bring me the same!"

### BIG PRIZE MONEY.

\$2,500 for the Winners at the Big L. A. W. National Meet.

Philadelphia, July 22.—The worriment manifested in some quarters lest the money prizes hung up at the coming national meet should not prove sufficlently alluring to attract the crackajacks is entirely unnecessary. The sum of \$2500 was voted to the race meet committee for prizes—surely a hand-some amount for a two days' race meet. In fact the average value of the purses hung up each day has never been ex ceeded at any previous national race

As to the professional championships, there's not a man on the circuit who isn't aware that there is considerably more in the winning of a national championship race than the golden medal indicative thereof. If any one has any doubts as to the correctness of the statement, let him come to Philadelphia next August and witness the bitter struggles that will characterize the decision of these most important events. With no race meets scheduled between the 4th and 9th of August, and with the majority of the crackajacks within easy distance of this city, it is hardly possible that any of them will fall to take a flyer at the good things which will be hung up at Willow Grove on the 6th and 7th. Besides, not a few of the circuit chasers represent prominent manufacturers, who will hardly allow their employes to absent themselves from the banner meeting (and incidentally the greatest advertising opportunity) of the

The race meet committee has decided that the score card shall contain but one advertisement, the space for which is to be sold to the hightest bidder. Bids are to be in by July 21. This will be positively the only thing in the nature of advertising that will be in evidence at the races. A preliminary handbook purporting to be the offi-cial publication of the league meet is now being circulated throughout the country( with view to securing advertisements therefor) by the Cyclists Publishing company, 1813 North Sixteenth street, Philadelphia. The executive committee has not authorized this publication, its own handbook (now ready for distribution) being the only

Splendid Run of the Reading's Flyer to Atlantic City -- Averaged Seventy Miles an Hour.

The fastest regular train in the world was yesterday (July 2) put into service on the Reading's Atlantic City line, and for the opening day the company scored a rare triumph in a phenomenal run, making the entire distance from Camden to the shore in 48 minutes, or at an average speed of 70 miles an hour. The run was made in 4 minutes less than the regular schedule, but so evenly and smoothly did the train glide over the solid road-bed that nobody on board, except professional railroad men, knew what a record-breaking run was being made.

The new train is scheduled to carry passengers from this city to the shore in 60 minutes. Of that time eight minutes are allowed for the ferry to Camden and transfer to the cars there, leaving 52 minutes for the run of 551% miles to Atlantic City. The boats leave Chestnut and South streets, in this city, at 3.40 p. m., and the train is scheduled to leave Camden at 3.48, ar-

riving at Atlantic City at 4.40. RECORD-BREAKING RUN BEGAN. A slight delay at the ferry made the train 2½ minutes late in leaving Cam-den, and it was just 3.50½ when Engineer Charles Fahl pulled the throttle valve of the big Baldwin compound engine No. 1027, and began the recordbreaking run. There were five cars in the train, a Pullman, a combination and three ordinary passenger cars. All five cars were filled with passengers.

The run through the outskirts of Camden, over the West Jersey tracks, and through near-by villages, was necessarily made at a slightly reduced rate of speed; but by the time Stratford, 10 miles out, was reached, the train was literally flying. There was no perceptible let up until the meadows on the other side of Pleasantville were reached, and a few minutes later the train glided into the Atlantic City depot at 4.38%, one and a half minutes ahead of the schedule time, and 48 minutes after leaving Camden, having made the run at an average speed of 70 miles an

NEARLY 90 MILES AN HOUR, While the 4 minutes were made up all along the route there were sections when a speed of nearly 90 miles an hour was reached. According to the regular schedule the seven miles from Brigantine Junction to Pleasantville are made in five minutes, or at a speed of 84 miles an hour. The 26 miles from Winslow Junction to Pleasantville are scheduled for 21 minutes, or 74.28 miles an hour, and in this run it is safe to say that the speed was nearly, if not quite, at the rate of 80 miles an hour for that distance, as it covers the section of the road best adapted for fast running.-Phila. Record, July 3, 1897.

Samuel Heber Gets \$200 for Being Put Off a Railroad Train.

Mamaroneck, N. Y., July 22.—Samuel Heber got a verdict of \$200 damages to-day for inconsiderate irreatment at the hands of employes of the New Haven rail-road. A short time ago he bought a ticket at Mamaroneck for Mount Vernon. He says he gave the ticket to John Snags, the conductor, shortly after the train left Mamaroneck. After leaving New Rochello the conductor came around again and de-manded another ticket. Heber said he had paid his fare, but the conductor stoped the train and, with the aid of a brakeman, put him off. At the trial Mr. Heber produced witnesses to
