day's work contribute to the one day's work. It is not the most profitable the shop may nevertheless become a valuable place of study. The apostle might learn this and the other things from the movements against each other. Paul had good reasons for apprehension of trouble. But the Lord spoke to him in a night vision...

RESIDENCE.—This vision must have exercised a most salutary influence upon the mind of Paul. No one could desire stronger incentive to labor than he thus received—personal safety, heavenly protection, abundant success. He therefore returned to Corinth with a confidence that the people had heard of Jesus during his life-time, and that they knew not only of his death but of the substance of his teaching...

A CASE OF INTEREST TO EVERY WOMAN.

Mrs. Henry Younghans Tells a Story of Suffering and How She Was Cured.

From the Evening News, Detroit, Mich. Mrs. Henry Younghans, of Detroit, Mich., who resides at 1008 Grand River Avenue, said: "Ever since our last little one came I was an invalid. For years I have had the most painful experience and would have laid down most of the time. After the last baby was born I was unable to attend to my household. I could hardly stand up and had dizzy spells. I wanted to sleep all the time and was treated by several of the best physicians. I would have the most fearful cramp, for which hot applications were used. I used these hot applications until I blistered myself severely. Before our child was born I had been a strong, healthy woman and was scarcely ever sick. After he was born I grew weak and thin, and received scarcely any help from the medicine left by the doctors. They said I was not properly cared for and that the baby was too strong for me. My back seemed to be breaking and I was scarcely ever without a severe headache. Could not tell you how many different prescriptions I have taken, but every doctor had a different plan of treating my case. I wore supports and laid for weeks with my limbs elevated, but without avail. One day my husband suggested that I try Dr. Williams' Pink Pills for Pale People, as he had read several articles in the paper about women who had been helped by them. I was discouraged and thought I must always be an invalid, but said I would try them after I had taken the bottle of medicine I was then using. A few days after he brought me in a box and asked me to give them a trial. I started taking Dr. Williams' Pink Pills for Pale People that day and put the other medicine away, thinking it would please him if I tried the pills. Before I had taken one box I felt better. My husband noticed the improvement and bought two more boxes. I kept on using them until I had taken four boxes, and I was entirely cured. I keep them in the house now and use them occasionally, as they are a great help to all women. You would not have known me two years ago. What I am to-day is owing to Dr. Williams' Pink Pills for Pale People." (Signed) MRS. H. YOUNGHANS. Mrs. H. Younghans, being duly sworn, states that she has read the above and that it is true in every particular. ROBERT E. HELL, Jr., Notary Public. Wayne County, Michigan.
