GOVERNOR HASTINGS FAVORS MERCHANTS

Refuses to Sign the Mercantile Tax Measure.

THE "BIRD DAY" BILL ALSO SNARED

The Governor Sees No Reason Why Additional Burdens Should Be Placed Upon Merchants at This Time -- Items of the Appropriation Bill That Are Disapproved.

Harrisburg, July 30.-Governor Hastings cleared his desk this afternoon of the remaining six bills left with him by the legislature and then started on an overland trip to Bellefonte. The mercantile tax measure, several items in the general appropriation bill and the Simon electric light and "bird day" bills were disapproved and the appropriation of \$100,000 to Jefferson Medical college, Philadelphia, and the liquor Heense bill were signed. In approving the latter the executive states he does so not withstanding section 3 centains a provision as to advertising applications for liquor licenses, which in a separate bill was disapproved by him.

Governor Hastings says in his veto of the mercantile tax bill that it would receive his approval were it not for the fact that the constitutionality of the proposed enactment is more than doubtful; that if permitted to become a law it would be unjust and unfair to a large class of merchants and that ultimately it would prove detrimental to the best interests in the state. "For several years the business depression has been so great that almost every industry has struggled to exist," he concludes, "and I am unwilling to impose further burdens upon these interests for the reason that I have stated. I therefore withhold my approvel from

In disapproving the Simon bill the executive says he "cannot agree to impose upon the municipalities of this commonwealth the burden of paying by taxation for all the electric light plants that may be in operation in the municipalities respectively as a condition precedent to the exercise of the function of municipal lighting." He also states that he is not convinced by the arguments made in favor of the measure, looking to the interests of all the people in all the cities and boroughs of the state that it should receive execu-tive approval and that he can see no reason for departing from the position taken upon the bill of similar import which falled to receive his approval at the session of 1895.

ITEMS DISAPPROVED.

The following items in the general appropriation bills are disapproved: \$1.of for a night watchman in the state department; \$1,200 for the attorneygeneral as a member of the board of public accounts at the request of Attorney-General McCormick, the item having been inserted without his knowledge; \$4,000 for the superintendent of the bureau of railways; \$1,800 for an elevatorman in the capitol: \$25,-000 for the construction of a new quarantine boat for the health officer of Philadelphia; \$3,000 in favor of William K. Cassin, Philadelphia, and \$625.50 for the funeral expenses of the late ex-Repesentative D. D. Phillips, of Schuylkill; \$3,234.80 for clerical assistance and stenographic work for the state treasury investigating committee; \$450.80 to Charles Ettla and a like amount to George Baker for car fare and services as secretary and doorkeeper for the penitentiary investigating committee: \$60 for Jacob Kerler, of Centre county, or state taxes, alleged to have been improperly paid; \$1,000 to pay ex-penses of delegates of the coast deense congress, which met in Tampa, Fla., last January; regarding the appropriations for the state normal schools the governor signs the appropriations, the thirteen schools sharing in the appropriation having filed with he state treasurer an abatement of \$5,600 each.

OFFICERS PAY REDUCED.

The governor knocks \$9,450 off the em of \$45,526 for the pay of the officers and employes of the senate, and \$15,434 off the item of \$75,404 for salaries of employes of the house. The executive says:

"The amounts approved represent the enate and salaries of the officers and imployes of the house of representaives authorized by law, and the mount disapproved represents the salaries, of such officers and employes as ire not provided by any act of as-

An Emergency Corps for Service in Case

of Bicycle Accidents.

SUNDAY RUN TO ATLANTIC CITY

Ladies Will Be as Welcome as Men at the Big Meet--Races at Willow Grove Track Will Contain all the Crack Professionals of the Country. Programme for the All-Night Smoker.

Dr. S. Leon Gans, chairman of the L. A. W. Emergency Corps during the coming National Meet, has perfected arrangements for handling all cases of accident to wheelmen during that time. One member of the corps will accompany each run that leaves headquarters at the Arena, at Broad and Cherry streets. St. Joseph's hospital, at Seventeenth street and Girard avenue, be ing centrally located, will receive all accident cases. During the meet a physician will be in readiness at any hour of the day or night to answer any house or hotel call. Hotel clerks will be instructed to call up Telephone 6823 and a physician will be dispatched at once. The races and runs will be attended by a sufficient number of the corps to take care of any ordinary emergency which may arise. The corps will include, among others, Drs. Dare, Kusel, Savidge, McCombs and Gans, all well-known local physicians, who are, in addition, greatly interested in the work of the lengue.

The sub-committee of the entertainment committee, which has charge of the supplementary excursion and run to Atlantic City on Sunday, Aug. 8, has sent to each local club the following self-explanatory letter:

"On Sunday, Aug. 8, 1897, the entertainment committee has decided to give an excursion to Atlantic City and have appointed this committee to have charge of the same, and we would appeal to your honorable body to assist us in this matter. We have made arrangements with the Philadelphia and Reading railroad to carry us on special trains from Chestnut or South street wharves. They give us all the accommodation for wheels we want, and render whatever other assistance they can to make this excursion the largest that ever left Philadelphia to that popular resort. The tickets are to be \$1 for the round trip, or will be may return by train, or vice versa, We would ask that you see that the tickets sent you are disposed of, and selection; use your best efforts to make it a big success. Hoping for your co-operation in this matter and that you appoint a committee from your club to assist us, we remain. Yours respectfully, "Excursion Committee,"

THE LADIES.

Just a word for the ladies. Mr. H. V. Casey, president of the Centaur Cycle club of Baltimore, who was in this city last week, speaks as follows in the Baltimere Sun: "I would particularly urge the lady riders of Baltimore to attend the meet to see the difference in cycling between Baltimore and Philadelphia. I would caution all going to the meet to carry lamp and bell, as city ordinance requires this, and beware of scorehing, as the 'cops' will politely but promptly 'call you down,' and don't forget your League of Ameri-

can Wheelmen card. 6th and 7th at Willow Grove, the committee announced last night that almost all of the local riders will be seen at the National meet this year, thus ensuring a big representation for Philadelphia. There will be as many prizes in the amateur events as the racing rules will allow, and the heats will be so run as to give every rider the best possible "show" to win. This will be quite feasible, as the trials will be run

off in the morning. Among the out-of-town professional riders who have entered the big events of the National meet is Major Taylor. the colored rider who has been cutting such a wide swath in and around Boston. He will probably be the first colored man seen in a national champion-

ship event. The committee on the all-night smoker are working hard to secure a programme that will have a lasting effect on the minds of our visitors. At the last meeting of this committee a rough was shown to include five six-round boxing bouts, several wrestling bouts including one between W. Irvine and W. Coupe with the probability of an-

other between George Hoskins and Dr. J. Shell; fencing and foil exhibitions by Paul Wendler and Captain William Friedgen, sabre contests by Friedgen and Heintze, club swinging by the amateur champion. W. G. Trocisch, and general athletics by a picked team from the gymnastic club champions of the Philadelphia Turngemeinds

TEN BEST SHORT POEMS. The List Which Has the Approval of

Charles A. Dana.

To a correspondent who had asked it to name the best ten short poems in the English Language the New York Sun replies: Before the choice is attempted, we must agree what poem is short. Compared with the great epics, Comus and Soharb and Rustum are short. Compared with the latter, Lycidas and the Pied Piper are short. If these four were eligible they would have to be among the ten. L'Allegro and Blenheim are shorter still. But in-terpreting our correspondent's wishes by his words, we will choose from the truly short only. In so doing, it will be well to say that, to prevent the list from being swamped by Shakespeare or Milton, we will take but one poem accepted either going or returning, so from each. Again, that one will be that our friends desiring to ride down chosen somewhat artitrarily, without prejudice to its rivals. With these preliminary explanations we venture upon

And what marvelous lot they are!
