### FOR HOME INDUSTRY.

Councilmen Object to Purchase o Supplies from Scranton Merchants.

The select council held their regular meeting on Monday evening. There were present Messrs. McNulty, Delts, Nealon, Swigert, Gilhool and Eaton. A large number of bills were ordered paid; also several that have been approved by the common council. Nealon earnestly protested against the bill for furniture for the police which was purchased at Scranton, since it was not desirable to go out of the city for suplies for the municipal building. It appeared, however, that the local dealers were not able to supthe required articles, and therefore the city clerk had given an order for their purchase elsewhere. The bill was ordered paid. Several reports from the street com mittee were favorably reported, and the recommendations adopted.

The fire committee recommended that the nomination of P. F. Moffit for fire chief be confirmed. The resolution was referred to the city solicitor for an opinion as to its legality, since the ordinance provided for an election by the councils in joint session. Several matters of interest were considered and some valuable suggestions were made.

#### From the Evening News, Detroit, Mich.

From the Evening News, Detroit, Mich. Udney Y. Wilson, contractor and builder, living in Detroit, Mich., at 87 High Street, West, said regarding Dr. Williams' Pink Pills for Pale People: "For years I have been out of doors in all kinds of bad weather looking after my building contracts. I have worked many days in the rain and cold to complete some building. About two years ago I noticed I could not get around as I should, and commenced to have a severe pain in my back. I tried the usual remedies with-out getting any relief, and for nearly a year I suffered intensely. I kept up as long as I stored intensely. I kept up as long as I should and commenced to have a severe pain for my back a severe pain for my neighborhood, where I formerly made sport of all proprietary remedies."

In my back. I tried the usual remedies with-out getting any relief, and for nearly a year I suffered intensely. I kept up as long as I could, as I had several contracts for buildings that had to be completed.
"At night I could not sleep. My physi-cian said it was my kidneys, and every day I went out doors they would keep me awake nearly all the following night. Instead of getting better I became worse, and worried a great deal about my work. The doctor stid I must quit work and go to bed, or he would not be responsible for my life.
"All the medicines I took only helped better and go out a day only to be again con-fined to my bed for weeks at a time. One day my wife suggested that I try Dr. Wil-liams? Pink Pils for Pale People, and I haughed at the idea.
"Finally when I get into such a condition that I would take almost anything in the hope of relief, I tried the pills. They helped me from the start, but I would not acknowl-edge it and said it was the other medicines that had just commenced to work. I disliked

### IMPROVEMENTS AT WILSON CREEK.

A large number of men have been a work widening the gangway and laying a switch at the Wilson Creek mine. It is now so arranged that the air motor can pass the cars. On Saturday evening the work was completed so that the motor pulled a trip of twentyseven loaded cars from the farther end of the mine. It is said that extensive improvements are contemplated in the Coalbrook breaker. There is need of enlargement so that more coal can be handled. It is thought that an opening into the Coalbrook mine may be made from No. 3, so that the coal will go through the Coalbrook breaker. The No. 3 mine now extends nearly to Mountain lake, so that the arrangement will save much labor as the coal would have to be handled but once and not be carried to No. 3 breaker on the gravity, to be screened. Several of the officera have been looking over the ground to find the best place for the proposed opening.
